ORDERING IN A RESTAURANT

Dear Mrs. Beckman: This is the first time I have joined the ranks of your "questioners," but I have been helped many times by reading your column. I think that it is of more practical use than any number of etiquette books because in it you not only answer questions but give logical reasons for your answers, which makes it easier for one to remember the correct thing to do.

(1) When a lady is with a gentleman in a cafe or a confectionery store should she give her order to the gentleman, who in turn gives it to the waiter, or should she speak directly to the waiter? I thought the former was correct, but the waiters often ask first the

lady then the gentleman for their orders.

(2) Should the gentleman give the same order as the lady, or do many of them do so because it takes less effort than choosing for themselves? HELLEN.

It is supposed that all of us in our work have one thing that we most want to do, one chord that we most want to sound, one hope that we most want fulfilled. You have put mine into words, and I am going to share your articulate appreciation with other readers, because I want them to feel that I want to share with them all kinds of questions of good manners and good form—not only those that are iron-clad, definite, unchangeable, crystallized by time and tradition, but also the ones that need illumination by common sense, logic, reasonableness, judgment. I like to feel that we are talking over together all these human questions that form the melting pot of culture and civilization and the high adventure of kindness and graciousness.

(1) You are correct; the lady should give her order to the host, and he gives it to the waiter. And your comment that the waiter often addresses the lady for her order hits the reason why this is the correct order to make to the waiter. Well trained waiters do not ask the lady for her order. If the gentleman knows what's what, he will be embarrassed by the fact that his hospitality has been temporarily disregarded.

(2) They do not need to give the order, but often gentlemen are so gallant that they duplicate the lady's order, maintaining that this is a gracious addition to the party spirit. It is really a delightful and courtly point of view. I think—don't you?

Willie Hoppe Defeats Schaefer in Billiards

LOS ANGELES, Nov. 28.—Willie Hoppe, 18.2 ball line billiards champion, neatly defeated Jake Schaefer, former title holder, in the final and deciding block of their special \$100-point match last night. Roadside Farmers Breed Hens Wise to Motorcars

BLOOMSBURG, Pa., Nov. 29.—(AP)—Although the reason chicken crosses the road has been settled to the satisfaction of everyone, the fact that most fowls attempt to get on the other side of the highway is responsible for thousands of dollars loss to farmers in this part of the state, and many other sections.

"Automobile mortality" is one of the chief sources of loss to poultrymen. It is declared, and two protective steps are being taken. One is the removal of the chicken pens to points far distant from the road, and the other the breeding of birds that have shown, under observation, a readiness to stay on their own side of the road when a automobile comes along.

Tests made with nearly 100 locks of a certain breed revealed that a half dozen chickens which roosted there were less than a half dozen of similar flock on the road which did not try to cross. Some of the farmers are not slow to realize the difference and are turning to those breeds which "stay put" and avoid the losses.

On farms along main highways the loss of eggs from motorcars has been as high as 25 per cent. In some cases a single passing automobile has killed four chickens.

Boy's Body Is Found In Vacant Building

PORTLAND, Or., Nov. 28.—The body of an unidentified boy about 15 years old, was found late today in a vacant building in the downtown section of the city. His neck had been broken, apparently by a fall down an elevator shaft. The body was found by two boys who entered the building to play, they said. The youth had been dead about an hour when found, the coroner stated.

QUART OF WATER CLEANS KIDNEYS

Take a Little Salts to Your Back, Hairs, or Bladder Is Troubling You

No man or woman can make a mistake by flushing the kidneys occasionally, says a well-known authority. Eating too much rich food creates acids, which excite the kidneys. They become overworked from the strain, get sluggish and fail to filter the waste and poisons from the blood. Then we get sick. Rheumatism, headaches, liver trouble, nervousness, dizziness, sleeplessness and urinary disorders often come from sluggish kidneys.

The moment you feel a dull ache in the kidneys, or your back hurts, or if the urine is cloudy, offensive, full of sediment, irregular passage or attended by a sensation of scalding begin drinking a quart of water each day. Also get about four ounces of Jad Salts from any pharmacy; take a tablespoonful in a glass of water before or after the meals for a few days your kidneys may be freed.

This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for years to flush and stimulate the kidneys; also to help neutralize the acids in the system, so they no longer cause irritation, thus often relieving bladder weakness.

Jad Salts is inexpensive; makes a delightful effervescent lithia-water drink which everyone should take now and then to help keep the kidneys clean and active and the blood pure, thereby often avoiding serious kidney complications. By all means have your physician examine your kidneys at least twice a year.
