MOTHER!

Watch Child's Tongue

"California Fig Syrup" is Children's Harmless Laxative

When your child is constipated, bilious, has colic, feverish-breath, coated-tongue, or diarrhea, a teaspoonful of genuine "California Fig Syrup" sweetens the stomach and promptly cleans the bowels of poisons, gases, bile, souring food and waste. Never cramps or overacts. Contains no narcotics or soothing drugs. Children love its delicious taste. Ask your druggist for genuine "California Fig Syrup" which has full directions for babies and children of all ages, plainly printed on bottle. Mother! You must say "California" or you may get an imitation fig syrup.—Adv.

that have been brought home from every fair or exhibition on the coast attest to this. But there is one breeder who has quietly worked along and not worked for ribbons who is also making a pronounced success, and that's Geo. Belts with his full blood Shrop sheep.

George introduced this breed into Linn county 25 years ago and has sold to several other breeders in the valley their first start and among them, he admits, are breeders who outstrip him for popularity and for large flocks, but he won't admit they have any better sheep. At present Mr. Belts has 300 registered Shropshires. He is also letting out about 850 grades on share. This is considerably more than he usually carries but none too many for the favorable season. To look after the full bloods and keep the registration papers up to date and keep the books is no small job, he says, but it goes in the game and the game is a reasonably good one. Judging from the general standing of all Willamette valley sheep men.—Harrison Bulletin.

CHRISTMAS IN INDEPENDENCE

Arrangements for the Christmas program and community tree near the postoffice are progressing rapidly. Pastors of the Independence churches are heartily in accord with the plan, and are going to ask their churches to cooperate with other organizations of the city in putting across a program that will be remembered for years. Hundreds of copies of Christmas

songs, with which most of the group are familiar, will be passed among the people who gather to observe the day, and community singing will be led by a song leader. A group of six songs is being prepared by the Rev. Charles A. Nethery for this printed sheet, and other familiar Christmas carols will be sung at request from the congregation.—Independence Enterprise.

MT. ANGEL MEN CELEBRATE

In Mt. Angel a group of men celebrated St. Nicholas' birthday, December 6. They visited homes where there were children. Those who composed the group were E. G. Ungen as St. Nicholas; William Worley as the Sandman; and Joe Miller as the chauffeur. They made the rounds of homes and delighted the children with their antics and make-ups.

While the youngsters were safe, grown-ups took their chances in meeting with the sainted trio. Not that Edward Unger is a saint, for whoever heard of a gasoline vendor having the makings of a saint in him. Joe Miller also be-

ing in the gas business, qualified as an able assistant. "Bill" Worley, although a dispenser of patent medicines, is also not yet qualified to have his photo painted with a halo around his head. However, the kids enjoyed the novelty, and were afforded not only amusement, but good things to eat were also forthcoming. Happy indeed are the kids who can enjoy life, especially by so little a thing as the visit of a couple of gas merchants and a pill mixer.

C. W. Barrick of Tillamook was an overnight visitor in the city. Mr. Barrick is district attorney for his county and was on the way home from Portland.

Mrs. C. M. Smith was a visitor in Salem from Jefferson Saturday.

Miss Ida Swarts visited in Salem from Gervais yesterday.

Rena Alphin, modiste of Salem, is visiting in Woodburn during the week-end. Leta Reed Selridge and Pearl Taylor, members of the faculty of Stayton public schools, were in Salem yesterday.

HIGH OFFICIALS EULOGIZE GOMPERS

Late President of American Federation of Labor Is Praised as American

WASHINGTON, Dec. 13.—High officials in government and leaders in the business world joined today in expressing their sorrow at the death of Samuel Gompers, president of the American Federation of Labor. Secretary Hoover in a brief eulogy tonight declared "there is no parallel in history to his career, elected and re-elected to his high office by the franchise of millions year after year, for more than 40 years."

Governor Alfred E. Smith of New York, now in Washington, said: "A great American passed when Samuel Gompers died. His Amer-

icanism was made finer through his having been born outside the country."

"It does not require a full support of all his views to believe in Mr. Gompers' ideals," said Bernard M. Baruch, in a message of condolence to Mrs. Gompers. "He served his fellow men truly and in such a way as to entitle him to the gratitude of his country."

HALL'S FERRY

Mrs. Mather who has been seriously ill for several weeks is reported much improved.

Mrs. W. H. Sharpe and son Roy were Salem visitors Thursday.

August Hanson who is spending the winter with his sister, Mrs. Oscar Purcell, has been quite successful in trapping wild animals of late and has secured a number of valuable pelts.

Miss Bernice Colby who has been in Ashland since July last will spend the holidays with her parents, Mr. and Mrs. Geo. Colby of Orville.

E. T. Coroshaw lost two valuable dogs, last week, indications are that they were poisoned.

A party consisting of three men visited the locality last week with a view of establishing a saw mill here. After inspecting the timber on the J. B. Cummings and C. D. Query tracts they expressed themselves as well pleased with the outlook and it is probable that a saw mill will be added to our industries here. The two tracts of timber mentioned will raise over two million feet.

On his first appearance in the prize ring in California, Monte Colby a product of the old Hall's Ferry athletic club, won the bout in the second round via the knockout route.

Under the management of Kermit Sharpe the athletic club was reopened last week and will hold meetings throughout the winter. Some interesting smokers are planned for the near future.

The dance held at the hall last Saturday evening was well attended.

A large number of Hall's Ferry people attended the road meeting at Livesley a week ago Saturday. With the additional tax voted considerable improvements should be made on our roads next year. Mrs. W. H. South, our efficient

school teacher reports a number of new pupils enrolled this season. Mr. Lyland who conducts the Pheasant farm here is reported seriously ill with diabetes and was taken to Brown Springs in Tillamook last week.

PERSONALS

Mrs. Hallie Lynch is leaving for Dayton, Ohio, this morning over the lines of the Southern Pacific company.

Miss Alma Halvorsen, former Willamette university student, was a visitor from Silverton yesterday.

W. T. Miller of Grants Pass, district attorney for Josephine county, stopped in Salem Saturday on his way home from the state gathering of district attorneys in Portland. Mr. Miller was elected first vice president of the association.

Mr. and Mrs. Dan W. Bass of Seattle stopped at the Marion hotel last night on their way south. They had been attending the meeting of hotel men in Portland. Mr. Bass is manager of the Frye hotel in Seattle.
