The home of Mr. and Mrs. E. T.

Barnes was the scene on Monday evening of one of the most enjoyable of the meetings held by the senior Standard Bearers of the First Methodist church. It is especially interesting that every single member was present for the occasion, while Mrs. Claudia Lewis and Miss Dorothy Taylor were guests in addition. Miss El Rae Maxwell and Miss Doris Phenicio assisted Mrs. Barnes, as hostesses for the Standard Bearers. The rooms were beautifully decorated in New Year's greens.

Seven tables of five-hundred were in play for the meeting of the Happy Corner Card club at the home of Mr. and Mrs. C. H. Peterson. Mrs. E. J. Tucker and Mrs. P. E. Ackerman were winners of high score while the consolation awards went to Robert Victor and Mrs. J. F. Van Osdal. Refreshments took the form of an oyster supper.

Those playing included Mr. and Mrs. P. E. Ackerman, Mr. and Mrs. J. F. Van Osdal, Mr. and Mrs. J. M. Hunt, Mr. and Mrs. W. C. Johnson, Mr. and Mrs. F. J. A. Boehringer, Mr. and Mrs. E. J. Hal Hibbard, auxiliary of the Spanish War Veterans held the ceremonies of installation early this week in conjunction with Hal Hibbard camp No. 5.

A delightful program followed the installation. Frank Allen gave a number of saxophone solos, and Mr. and Mrs. Matsen piano duets.

Mr. Raymond gave a violin solo, and little Miss Sammons a reading. Interesting talks by the state officers present were given in addition.

The list of auxiliary officers installed included Mrs. Fred A. Thompson, president; senior vice president, Mrs. Carrie Chase; junior vice president, Miss Lulu Humphrey; chaplain, Mrs. Ruth Prang; conductor, Mrs. Percy Pugh; assistant, Mrs. Ida May Seymour; guard, Mrs. May Sammons; assistant guard, Mrs. Mary Raymond; patriotic instructor, Mrs. Marie Baker; historian, Mrs. Mary Miller; musician, Mrs. Walcher; reporter, Mrs. Carle Abrams.

Members of the interior decorating section of the Salem Arts league will meet at 7:30 o'clock this evening in the educational room of the public library. "Furniture arrangement," with Mrs. Monroe Gilbert the leader, will be the lesson theme.

Mrs. William Brown and Mrs. Frank Spencer are guests today in Portland.

Mrs. Frank Power entertained the members of the Kensington club on Wednesday afternoon, the afternoon being spent with sewing and chatting. The rooms were attractive with pink carnations, while the pink and white color scheme prevailed in the refreshments. Incidentally, the occasion was also Mrs. Power's birthday.

In two weeks the club will be entertained at the home of Mrs. Albert C. Smith.

A charming musical program was that which took form on Tuesday with the meeting of the music section of the Salem Arts league at the home of Mrs. J. F. Lau. Beethoven's compositions gave the keynote of the evening, with an early resume of Bach.

Mrs. Gustav Ebsen's reading of biographies of both Bach and Beethoven gave the listeners many interesting glimpses into the lives of these two composers.

Dr. John R. Sites at the viola, and Miss Ruth Bedford at the piano, with Mrs. Martin Fereshtian singing, made the opening number, the Ave Maria, (by Bach-Gounod) a trio of much charm. Delightful renditions were those of "Adelaide," (Beethoven) by Mrs. Fereshtian, singing in Eng-

lish, and Dr. Sites singing in German. The impromptu duet rendition of the intriguing Beethoven First Symphony in C Major was a feature by Dr. Sites and Mrs. Bedford. Mrs. Monroe Gilbert played the adagio movement of the Pathetic sonata, and Dr. Sites followed with the second movement. Miss Bedford played from the Moonlight sonata.

The next meeting of the section will be held at the home of Mrs. Lau when the class will study Schubert's life and compositions. A special guest at the meeting this week was Mrs. F. D. Eason of McKinville.

The members of the Jolly Sixteen club were entertained Wednesday evening by Mrs. Louis Bechtel and Mrs. Charles Kinzer at the Bechtel home. Beautiful potted plants were attractive in the rooms. The evening's high scores went to Mrs. T. W. Davies and to Mr. Ed Keene. In two weeks Mrs. Keene and Mrs. Coursey will entertain the club at the Coursey home.

Special guests for the evening were Mrs. G. H. Taylor, Miss Margaret Aubert and Will Bechtel. The club members include Mr. and Mrs. John Spong, Mr. and Mrs.

Charles Bussey, Mr. and Mrs. Ed Keene, Mr. and Mrs. Louis Bechtel, Mr. and Mrs. C. E. Barber, Mr. and Mrs. T. W. Davies, Mr. and Mrs. T. W. Davies, Mr. and Mrs. Charles Kinzer and Mr. and Mrs. H. C. Coursey.

The story telling section of the Salem Arts league met with Mrs. M. Fereshtian at her home on Chemakela street. Stories were told by Mrs. Botaford, Mrs. Van Trump, Mrs. Endicott, Mrs. Burton and Mrs. Fereshtian. Mrs. Van Trump also contributed to the evening's entertainment. Two charming little story tellers who added to the pleasure of the 12 members present were the Misses Louise Fereshtian and Grace Lawrence. The meetings are informal in character. The members gather about the fireplace and practice the art which is almost lost. Mothers are especially invited to come and bring their little ones to listen to the stories and to develop the art. The meetings of this section will take place always with Mrs. Fereshtian, who is the head of this group, at the Unitarian parsonage, 657 Chemakela street.

New Vim From Fresh Water

and here is the only way to have fresh water always in the home—

You are drinking stale water. It is not the water that Nature intended you to drink. For fresh water, just as it comes from a natural spring, possesses a vitally important element. But this freshness is soon lost when water is stored in bottles, reservoirs or pipes. Even hermetically sealed, this one element which science says is so important to health, as vitamins in the diet, cannot be retained.

Medical Authority

Each year thousands go upon medical advice to the famous springs at Hot Springs, Arkansas, owned and operated by the United States Government for the benefit of all citizens.

In Europe there are similar springs at Vichy, France, Bath, England and elsewhere. Both the sick and the well go frequently to these health resorts to drink the fresh water which helps them to regain and to maintain health. They benefit in a high percentage of cases.

But when they leave, they must again drink stale water. So the benefits are apt to be temporary.

Niton, The Vital Element

Scientists assert that much of the health value of the water from these famous springs—in fact water from any spring contains it to some extent—is due to an element called Niton—radio-activity.

It becomes a part of the waters as they flow through the underground regions of the earth before coming to the surface. They sweep against the subterranean rocks which contain millions of tiny radium deposits.

Thus the water comes to the mouth of the spring fresh, healthful, as Nature intends it to be.

A Great Discovery

These facts have been recognized for years. It has also been known that this radio-activity—Niton—could not be retained in stored water.

But only a few years ago was it discovered how artificially to return this vital element to water. Since its discovery the invention has been subjected to the severest tests. It has been proved. And now the process has been developed which makes it possible for every home to enjoy fresh water—radio-active—in the home. Like all inventions the principle is simple. A water jar is lined with especially selected radium ore. The ore is fused to the inner walls of the jar by a heat process requiring 2000 degrees Fahrenheit and 20 days of burning.

But the Revigator—Radium Jar—never wears out.

Fresh Water Always

Just fill the Revigator every night. The water remains in contact with the radium ore for twelve hours.

By morning it has returned to the state in which Nature intended it. It is flavorless and is in no way a medicine or drug.

People suffering from a great list of diseases have found relief and even complete recovery by drinking this water. Nature wisely provides natural cures which are most effective except where drastic remedies are required.

But fresh water is so essential to the proper maintenance of health as it is to correcting disorders. For it thoroughly cleanses the bowels, liver, kidneys and other internal organs.

Act To-day

You will note results within two to three weeks. You will find greater resistance against minor ailments. You will find less tendency toward constipation.

You will feel better, be better and enjoy added vigor and energy. For Nature will be eliminating bodily poisons which too often remain to lower vitality and resistance.

Telephone or send the coupon now. We'll give you free information about an important way to better health. Don't delay where health is concerned.
