Freight From Portland Needed to Secure Rate

In order to get the differential rate on freight shipped by water, Salem merchants must patronize the boat service on the Willamette river, was the point brought out by speakers at the meeting of the Salem Chamber of Commerce yesterday.

At the present time the boat company is able to get enough tonnage for the down stream haul, but is unable to get sufficient freight to make it possible for the boat to pass the government regulations at the Oregon City locks.

It is necessary that enough tonnage be brought upstream to give the local shippers here a terminal rate, which will effect the saving of thousands of dollars on freight rates.

It was also brought out that the government will keep the river open for traffic if a sufficient tonnage is carried on the river and through the locks. Unless this amount is secured the merchants of Salem will lose the terminal and the differential rates, which they have the opportunity of now securing.

REALTORS BANQUET ON FRIDAY NIGHT

Prof. I. E. Vining, of Ashland, to Be Principal Speaker at Meeting

The Marion-Polk County Realtors association have secured Prof. Irving E. Vining, of Ashland, president of the State Chamber of Commerce, for their speaker at the annual banquet at the Marion hotel Friday night.

According to the announcement of Judge J. H. Scott, president, Salem is standing on the eve of an era of prosperity never before known in the history of the state.

"Salem is the most talked of city west of the Mississippi river," declared the speaker. "This is because of the remarkable growth that the Pacific northwest has undergone. During the past 80 years the present city of Salem has developed from a few hovels and scattered buildings to one of the present magnificence. Not only will the present Salem be eclipsed, but many changes are to take place.

The realtors are planning the most outstanding banquet of the year and from all indications are not to be disappointed.

WILL NAME HEAD OF SALEM YWCA

At the regular board of director's meeting of the Salem YWCA this morning at 10:30 in their clubrooms on Liberty street, the officers for the ensuing year will be elected. A new president succeeding Mrs. W. I. Staley will be elected.

Well equipped rest rooms, reading rooms, lunch rooms and rooms for travelers are conducted in a very limited space; in addition the secretary's quarters and reception room are crowded into a very narrow room. Nevertheless the YWCA is able to carry on a cafeteria service at a nominal charge, to maintain a place for women and girls who are strangers in the city, besides conducting a free employment service. With a small group of Willamette women, the Girl Reserves are organized and clubs are conducted in the various schools of the city.

Board members are Mrs. George G. Brown, Mrs. James H. Fairchild, Miss Nina McNary, Mrs. Frank Zinn, Mrs. Max O. Buren, Mrs. J. Ray Pemberton, Mrs. Marion Bishop, Mrs. W. I. Staley, Mrs. Eric Butler, Mrs. L. C. Kennedy, Mrs. John Albert, Mrs. John J. Roberts, Mrs. W. W. Rosebraugh, Mrs. L. H. McMahon, Mrs. William Hertzog, Mrs. P. E. Graber, Mrs. Alice H. Dodd, Mrs. W. E. Kirk, Mrs. Harry Hawkins, Mrs. J. C. Perry and Miss Mary Findley.

PNEUMONIA USUALLY STARTS FROM COLDS

Physicians warn against neglecting coughs and colds and list of the serious complications that may result. Leading physicians now prescribe BALSAMEA for all bronchial affections. BALSAMEA is a pure vegetable preparation made from a rarely discovered plant. Dr. Paul F. Crabtree, Anderson, Mo., writes: "I use it exclusively for my practice and my family. It is quick, sure and safe in its action like nothing else."

Toward the end of the influenza epidemic a government physician noticed that a tribe of Indians in Nevada, by the use of oils from a native plant were immune from the ravages of influenza. He used these oils among his white patients and then in a hospital overflowing with "death" cases. News of the results swept the world and for some time it was not possible to supply the demand.

BALSAMEA has now been standardized and gives uniformly miraculous results in four ways: 1. It soothes the inflamed membrane and relieves irritation. 2. It increases secretion of mucus and permits easy expectoration. 3. It stimulates pores of the skin in throwing off body poisons and aches. It strikes at the cause, checking germ action immediately. Do not confuse it with ordinary balsam cough syrups that are only soothing syrups and do not go to the cause of the trouble. Unlike other cough remedies BALSAMEA is free from alcohol, tar and other harmful ingredients. Pleasant to take and absolutely safe to give to children.

Be sure you get BAL-SA-ME-A with the picture of the Indian on the package. Guaranteed to relieve any cough, no matter from what cause, or your money back. All druggists sell BALSAMEA. In Salem buy it from J. C. Perry, the druggist.—Ad.
