TEN DIE WHEN FLOOD SWEEPS SOUTH STATES

bany, Ga., still were missing tonight.

The Ocmulgee river at Macon already had broken previous depth records tonight and was expected to reach 28.5 feet before morning. Several houses in East Macon floated downstream during the afternoon and it was necessary to dynamite one of them in order to save a bridge under which it passed.

Newton, the county seat of Baker county, Georgia, still was isolated as the Flint river continued to rise. At Columbus, Ga., reports early in the night were to the effect the Chattahoochee river was receding after reaching a mark of 45 1/2 feet.

sumption, our population is increasing at the rate of 15,000,000 mouths for every decade.

"Moreover," he said, "per capita consumption can be still increased by sound economic policies. There are vast numbers of our people who, with a larger buying power, could consume more animal products, both dairy and meat, more fruit and vegetables.

"The one sure way to increase the living standards is to increase the efficiency and eliminate the waste out of our whole production distribution system and I mean the whole system, not the distribution of farm products alone. If we conduct the nation wisely, our increased consumption of agricultural products in ten years should be much larger than is ever indicated by the 15,000,000 increase in population."

U. OF O. COACH IS NOT YET SELECTED

No Announcement Will Be Made Until Wednesday, Director States

EUGENE, Or., Jan. 19.—After an athletic committee meeting held on the University of Oregon campus this afternoon for considering the successor of Joe Madlock as chief football coach, Virgil Earl, athletic director, stated that he would not make his official recommendation until Wednesday. Earl already has his selection in mind, but no announcement will be made until Wednesday, as it is on Wednesday afternoon that the executive committee, representing students, alumni and faculty, meets. This group makes the final selection.

Earl, Jack Benefiel, graduate manager, and Randall Jones, student body president, will attend a meeting in Portland Tuesday evening of the alumni association there. Alumni sentiment is wanted. Portland alumni are strong for "Slip" Madigan, present grid coach at St. Mary's college, California, as Maddock's successor.

Eugene alumni and business men favor Richard Shore (Dick) Smith of this city, star backfield man for Oregon 2 1/2 years ago and one of Walter Camp's earliest All-American fullbacks. It is unofficially reported that the university is also for Smith, and that he will get the job.

NICK CULLOP, FIRST BASEMAN SENT BY YANKEES TO OMAHA WHERE HE BATTED .318, TO JOIN N. Y. TEAM

Cullopp was brought this year by the New York American League club but farmed out for the season to Omaha, 1924 champions of the Western League. Omaha played him at first base and he was very active with his bat, knocking out 42 home runs and piling up an average of .318. Cullopp, who will join the Yanks in the spring, is spending the winter in Omaha, playing soccer football with the famous Vikings.

WARTIME GERMAN STAMPS FILL COLLECTORS ALBUM

BERLIN, Jan. 17.—Every variety of postage stamp that was ever issued by German states or the German federal government was on view at a postage stamp fair held here this month in commemoration of the seventy-fifth anniversary of the issuance of German stamps and the fiftieth anniversary of the founding of the Universal Postal Union.

The fair was devoted exclusively to occupied areas, and the surcharges to German philately. The vicissitudes of the World War found expression in the numerous surcharges of Belgian, French, Polish, Rumanian, Russian and other issues by German post offices in lieu of British, French, and Belgian post offices on stamps of the German colonies.

There was eloquent testimony of the hectic conditions of the inflation period by the infinite variety of new issues and surcharged old issues that succeeded each other almost before the ink was dry.

Some exhibitors made a specialty of collecting the temporary stamps of military internment camps, such as Rohlleben, during the World war. Others collected nothing but the registration stamps of German cities. One collector seems to have spent a lifetime discovering the delicate differences of color in certain stamps, such as the 1 1/2 shilling violet of Hamburg, issue of 1864.

BUSINESS SEEKS BELGRADE UNDER TERMS OF NEW TREATY

SKOPLJE, Serbia, Jan. 17.—It is hardly a year since the treaty between Yugoslavia and Italy settling the Fiume, or Rijeka, issue was signed, yet its operations have completely changed the commercial map of Yugoslavia. The visible result of the workings of the agreement is the elimination of this city of southern Serbia, or Macedonia, as the entrepot of Yugoslavia, and the substitution of Belgrade as the commercial center of the tripartite kingdom.

A year ago Skopje was the center of export and import, through Salonica, and great business concerns were set up here. But under the treaty Yugoslavia obtained railroad and port privileges near Fiume. This put an end to the prosperity of Skopje and marked the beginning of the commercial rise of Belgrade, the capital.

Skopje has fallen back to its old standing as a fifth rate city.

KING'S EQUERRY PLANS TRIP OF PRINCE TO ARGENTINA

LONDON, Jan. 17.—An announcement that Sir Charles Cust King George's equerry, is leaving for South America early in 1925, creates the belief that he will have the making of arrangements for the Prince of Wales' visit to Argentina later in the year.

Sir Charles joined the navy in the 70's and retired with rank of captain in 1918. He has been an equerry to the King since 1892 and is a close and trusted personal friend of the royal family.

THE THOUGHTFUL SIGNORA OF GIACOMO PUCCINI

VIENNA, Jan. 17.—The late Giacomo Puccini was forever looking for his eyeglasses, intimate friends here recall. His wife, who did everything within her power to remove all sources of irritation from her husband, so that he might give free rein to his genius, therefore invested in a supply of glasses.

In his study alone his friends regularly noted not less than five sets of glasses, one on the piano, another on his desk, a third on a little table next to the fireplace, a fourth on his bookcase and a fifth on a music rack.

GREB BEATS PAPKE

ZANESVILLE, Ohio, Jan. 19.—Harry Greb of Pittsburgh, middleweight champion of the world, won a technical knockout over Johnny Papke of Cleveland, in the seventh round of a scheduled 12 round bout here tonight. Greb weighed 162 1/2; Papke 168.

U. S. DOMINATES MARKET FOR AUTOS IN ARGENTINA

BUENOS AIRES, Jan. 14.—The United States practically absorbed the importation of automobiles and motor trucks to Argentina in 1923, according to a report just issued by the Motorcar Importers association. The report, which is based on official records, shows that out of a total of 30,024 motorcars that entered Argentina during the last year, 29,294 were of North American manufacture. The value of the cars amounted to 13,201,114 gold pesos, and to this sum must be added a further 3,750,779 gold pesos, which is the value of motorcar accessories imported during the same period.

The report dwells on the considerable development of the automobile trade in Argentina during the last year, saying that the increase of the importation was 53.2 per cent over 1922, when the figure reached its highest level. In the city of Buenos Aires there are at present 19,222 motor cars, compared with 5,824 in 1915.

PROHIBITION PROBE LACKS FIREWORKS

(Continued from page 1)

Senator S. M. Garland, of Lebanon, chairman of the joint committee, said it was in the nature of a grand jury investigation of the law and its enforcement in the last two years in order to determine the weak places, if any. An invitation was extended to the state sheriffs' association to state their position and appear before the committee between January 22 and 24, when the annual meeting is held in Portland.

Prohibition Commissioner Cleaver submitted his biennial report as the basis of his opening session.

"Is the report true in all respects?" inquired Senator Harbo.

"Well—approximately so as it is based upon the reports of agents," Mr. Cleaver replied.

Commissioner Cleaver expressed his willingness to exhibit his records but not to disclose the names of important witnesses and operators without consent of the governor. This was characterized as an attempt to pass the buck, which was followed with the usual debate.

"It is not a question of willingness," Chairman Garland said. "If we want them we will get them. It is not necessary to argue with Mr. Cleaver. Any suggestion he can make to get at the bottom of rumors will be received."

"I will furnish you with a list of witnesses tomorrow," Mr. Cleaver answered. The names, it is understood, will be written and submitted to Senator Garland. "I have been severely criticized and I want the public to know if the charge are true or not true," Mr. Cleaver remarked.

Mr. Cleaver was unable to tell how much of the governor's special and private fund or of county funds were spent in 1924 because no record was kept as to how long

HART LOSES COURT FIGHT

Two-Gun Man Fails to Shoot Way Through Trial; Wife Gets Decision

LOS ANGELES, Jan. 19.—William S. (Bill) Hart, two-gun film hero, who has shot his way into numerous "happy endings" on the silver screen, today failed to register success in the superior court here when his wife, Winifred Westover Hart, from whom he is separated took the decision in their legal battle over her right to return to work before the camera.

The court broke the separation allowance agreement which barred Mrs. Hart from appearing in pictures and, at the same time, permitted her to retain the trust fund settled on her by Hart and to use her married name.

The trust fund of \$100,000 established for his wife by Hart yields her an income, according to testimony in the case, of \$375 monthly, while a slightly larger trust fund for their baby boy gives him \$387 monthly.

Mrs. Hart contended that her income from the fund was not sufficient to keep her.

Newberg High Girls are Defeated By Silverton Five

SILVERTON, Jan. 19.—(Special.)—Silverton girls won their first game of the season when defeating the Newberg High School girls at Newberg Friday. Bertina Alm scored 18 points for Silverton. The Silverton girls had a championship team last year and hope to put the same record for their school again this season.

Other games the Silverton girls have scheduled for the season are: Chemawa, McMinnville, Woodburn, Estacada, and Newberg.
