BETTER THAN SILVER AND GOLD—Goldness with contentment is great gain. For we brought nothing into this world, and it is certain we can carry nothing out.

WHY PEOPLE SHOULD PAY THEIR BILLS PROMPTLY

"Thrift Week" generally brings suggestions of how a person may improve his financial condition and general welfare. Attention is especially called to propositions of life insurance, savings accounts, postal savings, and many other schemes of getting ahead financially.

The success of the "credit system" depends upon the integrity of each individual, his promptness in meeting his obligations. Today, the tendency is more than ever to sell commodities on deferred payments.

"Good credit" is a big asset and one well worth striving for. Start the habit today by paying up all due accounts, and by making an effort to be prompt.

The above was intended for The Statesman of last Saturday; but the person to whom the copy was entrusted for delivery did not deliver it through a mistake or misunderstanding.

GRESHAM FARMERS he has his ear to the ground and knows what the people want. In addition to that, Mr. McAllister has a well defined sympathy for the children and he wants to help them.

It is a great pity that a county like Marion should have only one member of the legislature who is for this square deal for the children, but she appreciates having such an one as Mr. McAllister.

A PITY It is a great pity to see Idaho and even portions of eastern Oregon stand in the light of their own markets by endorsing the Gooding bill.

Asks For Divorce—Hilda Tice desires a divorce from Ernest F. Tice, because he makes life burdensome to her by leaving her home for long periods of time.

Desire To Be Citizens—Herman Nicola Holm, native of Norway and Gottfried Pauls, native of Russia have filed declarations of intentions of becoming citizens of the United States.

Report Of Library—The public school librarian reports that a balance of \$58.65 on hand January 3, 1925. The total receipts of the year were \$2,337.75.

Meeting Postponed—The meeting of the Capitol City Cooperative Creamery association was postponed yesterday on account of conflicting business.

State Forestry Board—The state board of forestry is to meet in Salem next week to consider the forestry code and get it into shape in respect to the legislature.

Self-preservation is the first law; self preservation the first law; self preservation the first law.

Children At The Fair The state fair is an institution of interest to every citizen of Oregon. One department has been growing out of all bounds and that is the boys' and girls' club department.

Valuable Member It is mighty fine to see the way Mark D. McAllister is performing in the legislature. While he is a new member, he has had the advantage of previous association with legislatures and went in like an old hand.

Best argument for gentleness is a good description of trench life. It seems incredible that people ever were slow enough to be run over by a horse and buggy.

The poor foreigner learning American can't tell whether "dirt" refers to soil, politics or literature.

Our friends are those who know

we are wearing the old suit just because we like it. About the only caste system in America is that indicated by the price paid for beads.
