

# OREGON QUINTET DEFEATS BEARCATS BY SCORE OF 51 TO 17

## OKERBERG IS STAR OF GAME

### Former Salem Boy Registers 31 Points For Visiting Basketball Team

The Lemon-Yellow basketball players of the University of Oregon downed the Bearcats last night at the Willamette gymnasium but if the points which Okerberg, former Salem high school star, accounted for were deleted from the score, the game would look about even. This young man, playing his first year for the Oregon varsity, darted here and there, evaded the Willamette defense time after time, finding the basket for a total of 31 points. The final score was 51 to 17.

When the game started, the Bearcats displayed a surprising attack and a spirit which portended a close game. Neither side scored for the first few minutes, both teams checking closely. Then Fasnacht opened up with a nice basket. Okerberg retaliated on the next jump, and then the fight was on. Playing a wonderful defensive game, the Willamette men actually outscored Oregon during the first few minutes. The state university men soon rallied around the Okerberg pivot, however, and the score stood 20 to 10 for Oregon at the end of the half.

It was in the second period that Okerberg commenced his real work. Stalking close around the Oregon goal, with his cohorts feeding him the ball at every opportunity, he tossed it through the hoop 10 times throughout the period. He seemed to be the only man who could evade the Willamette defense which checked every other man closely. The Oregon guard was tight, and Willamette could get but 7 points in this half. Inability to convert free throws was a decided weakness for the Bearcats. Out of 17 attempts only five were registered. Oregon got 9 out of 14.

Besides Okerberg, there was no other outstanding Oregon player in the game, and their other centers were fairly well distributed.

Fasnacht was high man for Willamette with 11 points. Robertson played a consistent game, despite an injured ankle which had to be bandaged in the second half. Emmel at guard covered the floor in splendid fashion, and Erickson hit his usual good form.

Gillenwater, Oregon guard, was removed from the game in the last few minutes of play on personal fouls.

The game was the first intercollegiate northwest conference contest on the local floor and was witnessed by a crowd that packed the gymnasium. Next Wednesday night, the Bearcats play Whitman college, and Thursday night meet

## HELP KIDNEYS BY DRINKING MORE WATER

### Use Jad Salts to Flush Kidneys and Help Neutralize Irritating Acids.

Kidney and bladder irritations often result from acidity, says a noted authority. The kidneys help filter this acid from the blood and pass it on to the bladder, where it may remain to irritate and inflame, causing a burning, scalding sensation, or setting up an irritation at the neck of the bladder, obliging you to seek relief two or three times during the night. The sufferer is in constant dread; the water passes sometimes with a scalding sensation and is very profuse; again there is difficulty in voiding it.

Bladder weakness, most folks call it, because they can't control urination. While it is extremely annoying and sometimes very painful, this is often one of the most simple ailments to overcome. Begin drinking lots of soft water. Also get about four ounces of Jad Salts from your pharmacist and take a tablespoonful in a glass of water before breakfast. Continue this for two or three days. This will help neutralize the acids in the system so they no longer are a source of irritation to the bladder and urinary organs, which then act normal again.

Jad Salts is inexpensive, and is made from the acid of grapes and lemon juice, combined with lithia, and is used by thousands of folks who are subject to urinary disorders caused by acid irritation. Jad Salts causes no bad effects whatever.

Here you have a pleasant, effervescent, lithia-water drink which may quickly relieve your bladder irritation. By all means have your physician examine your kidneys at least twice a year.—Adv.

the University of Washington. The score follows:  
Oregon (51) Willamette (17)  
Hobson (7) F Fasnacht (11)  
Gowans (5) F Robertson (3)  
Okerberg (31) G Erickson (2)  
Westerg'n (4) G Emmel (2)  
Reinhart (2) S Pollig (1)  
Childs (2) S  
Ralph Coleman, O.A.C. referee.

## Stanford Track Team Will Meet U. O. and O.A.C. Squad

STANFORD, Cal., Jan. 24.—The Stanford track team will engage in three dual meets this spring on its home field, according to the schedule announced today.

The Nebraska University team will meet coach "Dink" Templeton's men here April 4; the University of Oregon team will compete here April 11, and the dual meet with University of California will be held in Stanford stadium April 18.

Stanford will send a team to the Pacific coast conference track meet at Corvallis May 30.

## Silverton High Wins Two Games From Estacada

SILVERTON, Or., Jan. 23.—(Special to The Statesman.)—The Silverton high school basketball quintet defeated the Estacada team here last night by a score of 15 to 8. The game was slow during the first half, but gathered speed and snap as it progressed. Silverton outplayed their opponents, but at times were in danger of defeat.

The Silverton high girls' team won from an aggregation of girls from Estacada by a 43 to 15 score. Bertha Alm, of the local team was the star of the floor, with a total of 39 points. It was declared to be the fastest game ever played in Silverton by a girls' team.

## DAIRYMEN STILL FIGHTING OLEO

## Hear Not Lost Declares Former President Mulkey in Annual Message

By E. A. RHOTEN.  
At the annual meeting of the Oregon State Dairymen's association, held at McMinnville January 20 and 21, the following officers were elected for the ensuing year: President, C. W. Laughlin, Astoria; first vice president, H. W. Cooley, Jefferson; second vice president, J. F. Bonebrake, Roseburg; secretary and treasurer, P. M. Brandt, and assistant secretary, Horace Addis.

The general practice has been for the meeting of each year to be held at the home town of the president. If this were followed out it would mean that the meetings would be held at Astoria, Jefferson and Roseburg, in the order named, during the next coming three years. A resolution was passed referring the matter of the selection of the next meeting place to the board of directors, but recommended that the traditional order be followed.

Among the interesting addresses was one given by C. C. Brown, Sheff, Or., of the firm of J. C. Brown & Sons. Mr. Brown spoke on "Raising Our Own Dairy Feed." He divided the problem into four parts: Hay, grain, pasture, succulents. He gave practical instruction on the use of each. Dr. C. Ulysses Moore of Portland addressed the meeting on "Butterfat and Its Relation to the Health of the Child." Dr. Moore made very plain the fact that "man cannot live by bread alone."

"Thirty-two Years of Dairying and the Future," was the subject of "Uncle Bill" Schulmerich's address. Mr. Schulmerich, whose home is at Hillsboro, has been a member of the association 32 years. W. B. Barney of Chicago, the specialist who came to attend the meeting, was very helpful through out the convention. Others appearing on the program, and the subjects of their talks, were: Mrs. Jessamine D. Williams, on the many uses of milk in the home; Dr. Harvey C. Miller, on the minerals necessary to dairy cattle; Mrs. Ethel B. Jones, on the work of the farmers' union in the state; R. H. Kipp, on cooperative marketing; C. W. Laughlin, on some of his experiences; George R. Hyslop, on what to plant where the grain is frozen out; H. W. Cooley, on his success with alfalfa in the Willamette valley.

The president, Chester L. Mulkey, in his annual address, called attention to the work that had been accomplished by the association during the year, and commented on the defeat of the oleomargarine bill. He stated that while the dairymen were defeated they had not lost heart, and would keep fighting until full justice was given them.

Columbus Dispatch—What the Congressional Record needs to brighten it up is a good comic strip and a cross-word puzzle.

## EX-SERVICE MEN WANT JOBS NOW

### Employment Office Operated By Veterans Has Many Applications for Work

The ex-service men's employment bureau in the United States National bank building has several applications on hand of men desiring employment but have no jobs to give them. The question is to get places to put the former soldiers to work. They are not "gold-bricking," but want a place to work so that they can earn an honest living.

Applications of former soldiers versed in the handicraft of carpentry, blacksmith work, plumbing and other crafts are on file. Common laborers, gardeners, and skilled workers are included in the list. Phone 852 or call the employment office, Dr. George E. Lewis, 311 United States Bank building who will send a man your way.

## MAN USES AXE IN SUICIDE ATTEMPT

### Arm Nearly Severed And Neck Slashed; Ill Health Causes Despondency

THE DALLES, Or., Jan. 24.—Alfred Dillinger, retired land owner of this city, today locked himself in the basement of his home, placed his arm on a chopping block and nearly severed it at the wrist with a blow from an ax, then he slashed the jugular vein in his neck with the ax. This done, he seated himself on a box and awaited death from loss of blood. He was observed by his wife, who chanced to glance in at a basement window. Aid was summoned, the door broken and the injured man rushed to a hospital where it was said that his recovery was doubtful.

Despondency, due to prolonged ill health, was given as the reason for the act.

## LOGAN STINSON IS DEAD IN 'FRISCO

### The Body Is To Be Brought To Salem For Burial, Leaving There Today

Logan Stinson died at 12:30 yesterday in the Southern Pacific hospital in San Francisco, of a valvular disease of the heart. He was 34 years of age; was born in Salem and lived here most of his life. He was employed by the Southern Pacific at various stations, in office work.

His wife will leave with the body this (Sunday) morning for Salem, where the burial will take place. Mrs. L. R. Stinson, the mother, left Portland Saturday evening, to be present at the bedside of her son; also Mrs. C. F. Williams, his sister. They will arrive only in time this morning to accompany the body to Salem.

## A Memorial Tribute To Albert I. Brown

Albert L. Brown, who departed this life January 16, 1925, will long be remembered in Salem. His life was a typical example of good citizenship. He entered the service of the Salem Water company August 1, 1887, as engineer, and passed out of its service as superintendent. For over 37 years he faithfully served the people of this community. About five years ago his health began to fail and he had to retire from active service.

Mr. Brown was known by practically every one in Salem, and it is doubtful if he had an enemy. Truly an enviable record.

He never sought publicity or to intrude himself into high places. He merely sought to be a good, clean, capable, honorable citizen, and in this he succeeded. He was always cheerful and patient through all his suffering, never complaining of his lot; and although lame and unable to walk

### Labor Report For Past Week Shows Increase of Employment in Industry

An optimistic report on the labor situation in Salem was made for the week ending January 24, by Slim Phillips, who is representing the United States employment service in cooperation with the YMCA.

Of the 125 applications for employment 51 of them were filled during the past week. Common labor taking the lead by 39 applications and 23 of them being used. Woods laborers numbering 16 were placed on jobs, while eight agricultural workers were placed in employment. Other occupations which absorbed the extra laborer here was restaurant and hotel, metal workers, and miscellaneous, each taking one worker.

## PARRISHERS GET ANOTHER VICTORY

### Independence Team Defeated By Score of 26 to 12 Here Last Night

Another victory was annexed by the J. L. Parrish junior high school basketball team last night when the Independence quintet was defeated here 26 to 12. Blaco was high point man for Parrish, with 10 points while Ecker came second with eight. Colbreath, of Independence, was high point man for the visitors, with six points. No fouls were called on either team. The Parrish five meets Stayton here Thursday.

Line-up of the team was: Parrish—Sheppard and Ecker, forwards; Blaco, center; Kelley and Phillips, guards; Nash and Caffoury, subs. Independence—Colbreath and Kilbey, forwards; Weddle, center; McGown and Wunder, guards. Shrum, of Independence, referee.

## JUDGE TO SUPREME COURT NOT NAMED

### Senate Discusses Nomination Of Attorney General Stone; Question Open

WASHINGTON, Jan. 24.—Discussion of the nomination of Attorney General Stone to become a supreme court judge broke out in the senate both in open and executive session, but decision as to the next step with respect to P was deferred until Monday.

After a rule had been invoked to close the doors of the senate there was brought back into the debate the action of the department of justice in moving to seek an indictment against Senator Wheeler, democrat, Montana, in the District of Columbia in connection with the case in which he has been indicted in his home state.

Leaders said that during the hour of more or less formal discussion of this matter these two propositions were put forward:

To defer action pending an inquiry into the new effort to indict Senator Wheeler.

To send the nomination back to the judiciary committee with a view to calling on Mr. Stone for a statement regarding the action of the justice department.

New York Herald-Tribune—Gen. Bullard found one German soldier equal to three Allied soldiers. Germany didn't.

Woods laborers numbering 16 were placed on jobs, while eight agricultural workers were placed in employment. Other occupations which absorbed the extra laborer here was restaurant and hotel, metal workers, and miscellaneous, each taking one worker.

Female workers were not in demand during the past week as shown by the record of 16 applications with only one person placed in employment.

The continued good weather of the past week has made it possible for industry to open up and a greater number of jobs have been placed with the Federal employment agent here. With the opening of the lumber camps employment has been given to several men.

From all indications it is expected that the increase in employment will continue, and consequently the unemployment situation will be relieved.
