

WASHINGTON WINS FROM WU; 41-18

Visitors Trample Over Willamette Quintet; Fasnacht Is High Man

The basketball experts from the University of Washington were unable last night to duplicate their performance of two weeks ago against the Bearcats, when they rang up an unprecedented score, but did some good work, notwithstanding, and defeated the Bearcats 41 to 18.

The Willamette men slipped a scare into the Husky camp in the second half when they outpointed the Washington men 15 to 10, but the long lead of 31 to 3 registered in the first half could not be overcome.

Washington played a tight defense during the first period which Willamette could break for only three counters, a field goal by Robertson, and a free throw by Emmel. It was in this half that Hesketh, star Husky forward, got in his best work, getting nine points before he was replaced. The visitors were going well and totalled 31 points before the gong ended the period.

Fasnacht found himself in the second period and with good play by his teammates opened up an offense which began to pile up the points for Willamette. He was high man for Willamette with eight points. Emmel played a splendid game at guard, fighting and breaking up the Washington forwards time after time. Free throws again proved a failing for the Willamette men. They were able to convert but five out of 14 attempts.

The Huskies are strong contenders for the conference championship this year, having already defeated the Aggies and Montant by sizable margins. Tonight they meet OAC at Corvallis, and Saturday night, Oregon at Eugene, the series which will determine

the leadership of the conference. The lineup: Willamette 18 Washington 41 Fasnacht 8 Jewell 8 Robertson 6 Hesketh 11 Hartley 3 Anderson 4 Emmel 1 St. John Erickson G Hale 6 Poling S Shus 8 S Browning 4 S Cobley S Referee—Glen Gregg.

CLEAVER DRY AGENTS TRAIL HOUSE CHIEF

Investigation that his usefulness had been hampered by the agitation. Under careful questioning by Senator Hare, Mr. Herwig again placed his full stamp of approval upon the character of Abe Winberg and Victor Hugo, two of his special agents. All expenses were submitted a day later, he said.

Affidavit Reputed

Senator Hare then read an unsigned affidavit, a copy of which was found in Cleaver's files, telling of a visitation to a bawdy house by the two men in question, in which Winberg related in detail of an hour spent there, of liquor purchased and drank and that Hugo went upstairs with one of the inmates, returning in about 15 minutes and receiving change for a bill. Mr. Herwig denied that he had ever seen this affidavit.

E. A. Baker, when he returned to Washington, was asked to see the federal prohibition director about complaints received against J. A. Linville, state federal prohibition director. If the reports were true he should be removed, Herwig told the committee.

Linville Makes Denial

Mr. Linville, accompanied by Frank Mitchell, legal advisor, denied all charges made by Mrs. Virginia B. Washburn, who he said, came to his office representing herself to be a writer and seeking something sensational. Mrs. Washburn, he said, never discussed the extent of her probe or findings in the underworld; never mentioned Chicago George or Mississippi Lou; never made any complaints; never offered assistance; never made the claim that federal officials were lax or were crooks, and never mentioned Abe Winberg, which she had claimed. No one has ever had nor sought protection.

"I never have or will take a crooked nickle," declared Mr. Mitchell, in refuting allegations based upon heresy made by Mrs. Washburn.

Governor Pierce sent him to Cleaver to give legal advice and to obtain fuller cooperation between the prohibition enforcement agencies. LaRonda Pierce, former state agent, testified. Criticism of the report and the activities of the department were made.

"Governor Pierce and Cleaver are the tools of Herwig," he said. Positive denial to the statements made by Mrs. Washburn were made by LaRonda Pierce who said that the woman had continually suggested that they "get something" on Linville, McFarland, Mitchell and Senator McNary. There was no attempt made to blackmail Mr. Cleaver or anyone else upon his part, Pierce said.

Two sessions were held yesterday, one in the afternoon and the other lasting until midnight.

During the afternoon hearing L. G. Lewelling, district attorney of Linn county, told of the activities of one J. F. Roy, who had "framed" a man and obtained a conviction. The Albany man was criticized by Senator Eddy for letting the victim stay in jail for several days before being released after it was found he was innocent. The district attorney said that he was afraid to make the matter public as it would injure his campaign, but he had the man examined by a physician and

OREGON DEFEATS MONTANA; 33-24

Game Is Fast and Rough; First Half Is Close, With U. of O. in Lead

EUGENE, Or., Jan. 29.—The University of Oregon basketball team defeated the University of Montana on the Armory floor here tonight, 33 to 24. The game was either team's until the last of the second half, when the Lemon-Yell low piled up its lead. Play was rough and fast.

Okerberg, Oregon center, started the Oregon scoring combination when he swished the basket with two field goals in rapid succession.

Oregon never was more than five points in the lead at any time, however, until the last few minutes. The score at the end of the half was 21 to 17 in favor of Oregon.

Lineup and summary:
Oregon (33) Montana (24)
Gowans F. G. Dahlberg
Gunter F. Carney
Okerberg C. Illman
Gillentaters G. Sweet
Westergren G. O. Dahlberg
Oregon scoring—Field goals: Okerberg 4; Gowans 3; Westergren 2; Stoddard (substitute for Gunter) 2. Free throws: Okerberg 3; Gowans 3.
Montana scoring—Field goals: G. Dahlberg 3; Illman 3; Sweet 2; Carney 1; Beany (substitute for Carney) 1. Free throws: Illman 2; G. Dahlberg 1; Beany (substitute for Carney) 1.
Referee—Ralph Coleman, Corvallis.

Parrish-McKinley Junior High Teams Are to Clash

The flashy basketball team of the J. L. Parrish junior high school will play the McKinley junior high team tonight at the Parrish school. Both schools have good teams, and it is expected that a close contest will result. The Parrish team has won some victories that had a topsided score showing that they waded through much trouble. The best team will be determined tonight, however, and every fan is invited to be present.

ASHLAND CHURCH IS SPLIT BY ROW

Two Factions Enter Legal Controversy Over Rights to Church Property

ASHLAND, Or., Jan. 29.—The Baptist church of this city today became the center of a religious and legal controversy when it openly split into two factions and one sued the other and obtained an injunction against disposal of any of the church property. The petition was heard by Circuit Judge Thomas today at Jacksonville.

Rev. B. C. Miller, pastor of the church since 1921, preached the true doctrine of the Baptist church until September, 1922, according to the petitioners for the injunction, when he was accused of having embraced the Aimee McPherson four-square gospel.

The petitioners further alleged that Rev. Mr. Miller had persuaded members of the church to desert the Baptist faith and to embrace the new creed.

Final action in the church was said to have come when the new members of the church and the minister were alleged to have combined and expelled more than 60 of the original members who clung to the Baptist doctrines.

Prowler Carries Gun and Keys; Police Take Charge

A man giving his name as John Stanford, of Spokane, Wash., was arrested in the rear of the Daue Grocery company, 1003 South Commercial, by Officers Smart and James, after a call had been sent in from that district.

An Iver-Johnson 32 caliber pistol and cartridges, and a number of pass keys on a ring were found in his possession. In the justice court Stanford pled guilty to a charge of carrying concealed weapons.

While being "shook down" at the county jail, a black stocking cap, with holes cut in it, evidently used as a mask, was discovered in his possession. It will be used as evidence against him when he is arraigned.

Another thing the lives of great men oft remind us of is "blab."

ZONING EXPLAINED BY PORTLAND MAN

(Continued from page 1)

was not accepted by the people. At the present time the Portland ordinance is in jeopardy because of the protests of residents, who are endeavoring to set aside the regulations specified in the newly made law. It is expected, however, that some form of conciliation will be reached by the city council and the residents of the protesting districts and the fruits of the ordinance will be reap.

According to German, the first steps that Salem should take towards forming a zoning ordinance is to secure the appointment of a city planning commission by Mayor Giesy. Not until then, he declared, would progress be made. He also admonished the Realtors that no loopholes should be left open so that the city council could tear down the ordinance that would be created by the sacrifices and work of the Realtors.

The speaker also called attention to the bill now before the house of representatives concerning real estate men. The bill was so stringent that it tightened up the lines too much. The educational tests alone were sufficient to disbar many members of the realty profession. It was easier to amend the present law, he said, than to create a new one with the resultant hardships and class legislation.

Tax to Build County Fair Buildings to Be Voted on

Counties having less than 75,000 population would be required to levy a tax of 1.20 of a mill for the erection of buildings upon agricultural county fair grounds upon which fairs have been held for three years prior to Jan. 1, 1925, according to the provisions of HB No. 218, introduced yesterday by Representative Coffey of Multnomah county.

ROOSEVELT HOTEL

A select hotel offering unexcelled service at reasonable rates. Every room with bath. Centrally located and easily reached without driving through congested district. Our own cafe offers delightful food tastily served.

Blood is Poisoned By a Torpid Liver

Deadly toxins cause diseases of heart, kidneys and create premature old age.

All the blood in our bodies passes through the liver every 15 minutes. The liver is the blood's purifier.

Our blood is constantly poisoned by body toxins formed in food waste and when the liver becomes weak, or torpid, our systems are at once tainted by impure blood. These are the poisons that, if not destroyed by the liver, cause diseases of the heart, kidneys, blood vessels and create premature old age.

Nature gives quick warning of a torpid liver. You have sudden sick headaches, dizzy spells; your stomach is acid from sour bile, your skin turns sallow, blotchy.

Doctors know the liver cannot be regulated by drugs, but a safe nature substance has been discovered which will act directly on the liver. The discovery is purified ox gall.

Get from your druggist a package of Dioxol. Each tablet contains ten drops of purified ox gall. In 24 hours the poison toxins will be removed. Your liver will be regulated. Blood purification will begin. Sallow skin will clear. You will feel so much better you will know you have found the cause of your ill health.

These genuine ox gall tablets are prepared only under the name "Dioxol." If any tablet is offered you under another name, refuse it. Accept only Dioxol in the original, genuine package.—Adv.

PIRATE PLAYERS ARE PINCHED HERE

Famous Baseball Kings are Stopped While on Their Way to Spring Camp

Members of the famous Pittsburgh Pirates baseball team were arrested by State Officer Nichols and fined by Justice of the Peace Small for speeding at the rate of 40 miles per hour on the highway.

Fitcher Yde, the leading south-paw of the Pirates; Traylor, famous third baseman, and Carson Bigbee, former University of Oregon athlete, but now outfielder for the famous team, were on their way to spring training camp in California.

It was because the two first-mentioned men were suffering from injuries received during the earlier part of last season that they were stopped by the justice.

Justice Brazier Small, a former Bearcat football star has played against Bigbee on several occasions, when the later was at Eugene.

15¢ per Quart For Pure Prejudice

That's what you're paying—and so needlessly—you who prefer eastern to western motor oil.

Actually, the only difference between the two is one of price. The western product costs less for two reasons: Volume production and low freight rates.

All motor oils, in time, have a carbon deposit. One is hard and gritty. The other, soft and fluffy. One is harmful. One is not.

The hard gritty carbon tends to cling to metal. It clutters valves and pistons, causing power losses. If left too long it scratches and scores cylinders. It must be removed every few thousand miles.

Not so with Aristo Motor Oil—a product from the finest western crude.

The soft, fluffy residue from Aristo Motor Oil does not tend to cling. Most of it blows out with the exhaust. It cannot scratch or score a metal surface.

10,000—20,000—50,000 miles without a sign of carbon are records that Aristo users frequently report to us.

Aristo in addition, is a perfect lubricant—the product of one of the largest and best equipped refineries in the world. That is quality insurance.

So use Aristo regularly if you want protection and less carbon trouble at a minimum of cost. You can pay twice as much for "Eastern," and not get as good an oil.
