

GROUND IS BROKEN FOR NEW BUILDING

Simple Ceremony Marks Beginning of Construction Future YMCA

With simple ceremony the ground for the new \$175,000 YMCA building was broken Monday afternoon at 2 o'clock by T. A. Livesley, who donated the lot upon which the new building will be constructed.

Paul Wallace, who has been instrumental in securing the funds for the erection of the new building, introduced Col. Carl Abrams, who represented the board of trustees. He described the "man building project" as one of the greatest steps that the people of Salem have ever taken. The need has been felt for many years, declared the speaker, and is not a project born of the minute.

With the completion of the modern YMCA building with its equipment the boys and young men of this city will be ready to construct and mold useful citizens. When the building is finished, it will be a monument to the better business interests of the city, it will bear no name, but will stand as a testimony to the activities of Tom Livesley, C. A. Kells, and Paul Wallace, whose untiring efforts have made the construction of the new building possible.

Rev. E. H. Shanks, representing the Ministerial association and the people of Salem, offered a short prayer service, in addition to a short address.

Tom Livesley, as he grasped the gaily decorated handle of the shovel, stated that the people must not forget the 2500 subscriptions that made it possible that the building could be erected. He explained briefly the sacrificial work done by Bob Boardman and C. A. Kells in order that the work

in this city might progress and grow. Following the ceremony and the breaking of the ground six teams and nearly a dozen workmen were ready to start the actual construction of the new building.

PRESBYTERIANS ARE CONFIDENT OF FUND

Building Committee Secured \$5700 Short of Required Amount

The building fund of the First Presbyterian Church has reached a point just \$5725 short of the required \$75,000 necessary to build the first unit of the building program outlined by the building committee.

The contributions to the Presbyterian building fund are very generous and much enthusiasm and confidence has been felt by the solicitors in their work. The many thousands of dollars that have been raised in Salem during the recent YMCA building fund campaign, and the Willamette university endowment drive has resulted in doubt being expressed as to advisability of securing the full amount. The action of the recent committee, however, has fully demonstrated the spirit of giving which has been manifested by the Salem people, declared Rev. W. W. Long, in commenting upon the Presbyterian building drive.

PROBLEMS FACED BY SOLONS CONSIDERED

Senator Tooze Discusses Vital Questions Before Chamber of Commerce

"It is an imposition upon the honest toilers of the state to support those that live in idleness, while confined in the penal institutions," was the declaration of Senator F. J. Tooze at the Monday luncheon of the Chamber of Commerce, in commenting upon the state institutions. "Society imposes upon a man when he is kept in idleness and the only way to reform him is to keep him busy. The introduction of non-competing industries in the prison to keep prisoners busy was of interest to the people, because it is one way that the institutions could be made less a burden and self-supporting. A man who is earning a few cents a day, while in prison, does not lose contact with society and his family, because he is helping support them while he is in the penal ward."

"It is impossible to reform a man while he is in idleness" was the repeated declaration of Senator Tooze. In order that the reformatory institutions could be better handled, Senator Tooze suggested that the state create two separate divisions, which would allow the older and more hardened characters to be segregated from the younger boys who are up for the first time. As a rule the reformatories are filled with the salvage from broken homes, a salvage that can be directed and re-created into good citizenship. It is necessary that he state take this step, because the church has lost its hold upon the people and it is absolutely necessary that the work be reformed.

In commenting upon the feeble minded institutions, Senator Tooze stated that the feeble minded outside the institution are a menace to civilization, and the state cannot afford to neglect this matter. Oregon is neglecting the normal school was the contention of the speaker. Farmers who are paying their share of the taxes are being neglected. Their children are not receiving training from a normal trained teacher. It is necessary to give them this protection that they might receive in turn that which is their share. The normal schools of Oregon should be given better support, he said.

The blind school is housed in a building that is a fire trap and in case of a fire many of the children would perish, Senator Tooze said. The sharp corners and uneven steps are not suited for the training of children. Demands that are made upon the state exceed some 10 or 15 times the money that can be used for such purposes, was another statement. Although the many demands are being made, the state legislators are using the best manner and effort to give the state the best tools in order to make the best citizens.

Mother used to borrow father's razor to rip out seams, but now she uses it for a neck shave.

Quick Starting SHELL GASOLINE

"Happy Days"

Just add this sparkle to your morning glass. Here is the way to happy days, to fitness and good cheer. It is saving millions of dull days, of lost days. The way is this: On rising drink a glass of water, hot or cold. That washes the stomach and fits it for food. Add to the water a little Jad Salts. That makes an effervescent drink. Jad Salts are made from the acids of grape and lemon, plus lithia, etc. Right after breakfast comes complete relief. The poisons and wastes are eliminated. That which depresses, that which makes you unfit is gone. It's a wonderful experience. At 7 o'clock one may be cross and dull, may hate to face the day. At 8 o'clock one is cheerful and fit, starting the day with joy. The way is easy, pleasant, prompt. It is harmless, and it aids the stomach, the kidneys and bowels. You will always use it when you try it once. Ask your druggist for Jad Salts today. Adv.

Talented Violinist Gives Formula for Successful Career in Music

Elizabeth Levy Says "Work" Must be in Lexicon of Every Aspirant to Honor in Musical Field; Appears in Concert

"Work, more work, and still more work," must be the motto of the aspiring young musician, according to Miss Elizabeth Levy who plays a splendidly arranged program tomorrow evening at the First Christian church. "I made my first public appearance when I was only six years old," she explained as just before the dinner hour last night we rode about the wet streets in her easel-faded silver sedan, while the rain made silver necklaces on the windshield, "and I had been playing ever since."

"I love a ride in the rain this way," she said. "I love to get a companion to whom one can say 'Oh, do you think so, too?' You know the kind. Then I almost forget to go in. But I am not like Ethel Leginska," she laughed, "and that is fortunate." But there is something else Miss Levy likes better than driving through the rain at the dusk hour and that is her violin. She shares the self-renunciation of all artists when she says, "It is a weak thing for me to say that I love my violin. My instrument is my whole life. Through it I can pour out to the world all the beauty and the harmony and the sweetness which the good God permits me to feel. Whatever I may possess is not mine. It is His. I owe to Him the cultivation of my talent."

Miss Levy's ideals are of the highest. She hopes to make the world happier through her music, to spread light and sunshine in dark places. To the young girl just beginning the study of music, she recommends patience, perseverance and unflinching determination. "There is a spirituality about music which the world does not always recognize. I want to express this through the strains of my violin. 'I feel this is my mission in life. 'This is the real success!'"

Williamette will uphold the affirmative. "This is the real success!"

VIRGINIA DEBATE TEAM DUE FRIDAY

Visitors Making Tour of 8413 Miles Before Returning to Home Campus

One of the most strenuous and spectacular projects ever attempted by any American college debating team, is the way the tour of the West Virginia debate team has been characterized in a letter received by the forensic council. This team will appear in the Waller Hall chapel Saturday evening, February 7th, in a debate with the Willamette university speakers on the supreme court question. Their entire tour which takes the debaters entirely around the United States covers a total of 8,413 miles. The personnel of the mountain team will consist of Hugo F. Blumenberg, 3 year debate letterman, and winner of debate contest last year in which 9 eastern schools were represented; Harry L. Snyder, graduate Beta Kappa student, 3 year debate letterman, and Robert T. Donney, graduate Phi Beta Kappa student, 1 year letterman. It will probably represent one of the strongest teams ever sent against the local debaters.

The debate will be staged under the single expert judge system and each side will be presented by two men. The question is: "Resolved that the congress be empowered by a two-thirds vote to reenact laws declared unconstitutional." The debate will be staged under the single expert judge system and each side will be presented by two men. The question is: "Resolved that the congress be empowered by a two-thirds vote to reenact laws declared unconstitutional."

Woman's Statement Will Help Salem

"I hated cooking because all I ate turned sour and formed gas. I drank hot water and olive oil for the gallon. Nothing helped until I took Adlerika." Unless due to deep-seated causes, Adlerika helps any case of gas on the stomach in a surprisingly QUICK time. It is a wonderful remedy to use for constipation—it often works in one hour and never grieves. J. C. Perry, Druggist, 115 S. Commercial St.—Adv.

MANY EAGLES ARE IN SALEM SUNDAY

Swift Will Head Local Aerie; Other Officers Also Elected

Installation of the Salem Aerie of the Eagles was brought to a successful close Sunday evening at the Oddfellows' hall, after the charter had been opened last Christmas day by Frank, E. Davis, official representative of the organization. A class of 235 members was installed.

A. W. Redick of Snokomish, Wash., as P. W. C. and O. E. Lee of Eugene, state president, assisted by the Eugene Eagles Drill Team, as well as caravans from Marshfield, Eugene, Roseburg and Portland installed the Salem Aerie.

Following the ceremonies officers were elected for the Salem Aerie L. E. Swift as J. W. P.; C. B. Shaw, P.W.P.; W. L. Means, W.P.; Lester Jones as W.V.P.; S. M. Willit, secretary; Wendell Fodden, treasurer; J. A. Hathaway, W.C.; Frank Butterfield, I.G. and William Johnson, to the office of O.G.

Trustees for the Salem Aerie were selected as follows: Pearce Wright, M. W. Merritt, W. C. Taylor, Aerie physician, Dr. Glen E. Prime. Address of the day was given by A. W. Redick on "Old Age Pensions and the Elimination of the Poor House." O. E. Lee stated the principles of Eageldom. Frank E. Davis, the state organizer told how the Salem organization could be increased to 1000 membership during 1926. About 320 people were present at the ceremony and addresses.

Dr. Howard Speaks Twice for Peace

Dr. Clinton N. Howard, the great apostle of peace, spoke three times in Salem Sunday to large and enthusiastic audiences. He occupied the pulpit of the First Congregational church at 11 o'clock in the morning and delivered a wonderfully uplifting sermon. In the afternoon he filled the First Methodist church and for almost two hours held his audience spellbound. In the evening despite a hard rain, it was estimated that over a thousand people heard him at the First Christian church.

Dr. Howard is a trained speaker, a man with ideas and ideals. He wants America to lead off for peace and he is making a tour for the purpose of inspiring sentiment throughout the country. The collections at all three of the meetings were very satisfactory. Dr. Howard was here 20 years ago, and 10 years ago and upon leaving he announced that he would be here again in 10 years more.

Automobile Company Host To More than 2500 Persons

SILVERTON, Ore., Feb. 2.—(Special to The Statesman).—It was estimated that 2500 people attended the opening reception given by the F. W. Pettijohn company at its new place of business Saturday afternoon and evening. Floral decorations consisting of artistically arranged bouquets of carnations greatly added to the festiveness of the occasion. The Herigstad five piece orchestra furnished music during the afternoon and evening. Saturday evening special features were added by dancing space and vocal solos by Berger Borrevik. A special automobile display was also held. For the occasion Mr. Pettijohn had a Rickenbacker straight eight and a special Olds chassis on hand besides the full

Rheumatism Stops pain at once

Any rheumatic pain calls for Red Pepper Rub. Not mustard, not plaster, not liniment. Not any old-time method. Men have found a better way, and everybody should use it. Nothing else supplies such concentrated, such penetrating heat. And heat that doesn't hurt you. You feel it instantly. In three minutes it seems to reach the depths. Circulation starts, congestion is relieved. Pain and the soreness go. Why suffer torture when such relief is at hand? Why cling to the old methods when a new one is better? You can prove in one hour that it is. This is the quickest relief men know. Get it now and keep it ever ready. Pain often starts at night. Red Pepper Rub is saving others millions of hours of pain. Learn for your own sake, what it can save you.

For pains of Rheumatism Backache Lumbago Sprains Swollen Joints Neuritis Constipation Chaps Colds. **RED PEPPER RUB** At all druggists. Never genuine without the other Reddies.

line of Chevrolet and Oldsmobiles. Regular business began in the new building Monday morning. The new location is in the Hubbs building just recently completed on South Water street across from the Pettyjohn building.

HEALTH PROGRAM WORK EXPLAINED

Faculty and Students Hear Dr. Brown Describe Marion County Health Fund

Dr. Walter H. Brown, head of the Marion county health demonstration, which is to be sponsored here by the commonwealth fund of New York city, addressed the students and faculty of the Oregon normal school at Monmouth yesterday.

The ideas and principles of the Marion county health program were outlined to the students and faculty and the part they were to play in raising the health standards of the communities were discussed.

One reason that Marion county was selected for the demonstration was the fact that the Oregon normal school was in close proximity to Salem. The teachers are to play an important part in spreading the proper standards of health, which will be demonstrated in this county.

Dr. Brown was very favorably impressed by the normal school, and spoke highly of the impressions received of the buildings and the student body and faculty.

PARK BOARD TELLS OF MANY TROUBLES

Explanation Made For Cut in Salary of City Employee At Council Meet

There has been no disposition to do away with the services of T. L. Hargrove," declared L. P. Aldrich in commenting upon the difficulty that had arisen with the park board and the city council following the filing of a communication from Hargrove at the last meeting. Following the action of the council at their last meeting the head of the park board was summoned to appear before the council to explain the situation which had come up. Homer Smith and Miss Edith

Children Cry for

Fletcher's CASTORIA. MOTHER: Fletcher's Castoria is especially prepared to relieve Infants in arms and Children all ages of Constipation, Flatulency, Wind Colic and Diarrhea; allaying Feverishness arising therefrom, and, by regulating the Stomach and Bowels, aids the assimilation of Food; giving natural sleep.

To avoid imitations, always look for the signature of Dr. J. C. Fletcher. Absolutely Harmless—No Opiates. Physicians everywhere recommend it.

Hazard, members of the park board were also present. They explained that the action of the board was necessary because of the lack of funds by which it could operate. Consequently, cuts were made in every department of the park board and no one escaped. When Hargrove came under the axe his salary was cut, but no explanation given to him. A peaceful settlement was reached, because Hargrove entered a communication to the city council asking that his letter of January 19th be withdrawn. He stated that a satisfactory settlement had been reached.

Exceeding the speed limit along the road to success is just as dangerous as along any other road.

PNEUMONIA USUALLY STARTS FROM COLDS

Physicians warn against neglecting coughs and colds and all of the serious lung complications that may result. Leading physicians now prescribe BALSAMEA for all bronchial affections. BALSAMEA is a pure, vegetable preparation made from a newly discovered plant. Dr. Benj. F. Graham, Anderson, Mo., writes: "I use it exclusively for my practice and my family. It is quick, sure and safe in its action. It is a government physician's notice that a tribe of Indians in Nevada, by the use of oils from a native plant were immune from the ravages of influenza. He used these oils among his white patients and then in a hospital overflowing with 'death' cases. News of the results spread the world and for some time it was not possible to supply the demand. BALSAMEA has now been standardized and gives uniformly satisfactory results in four ways: 1. It soothes the inflamed membrane and relieves irritation. 2. It increases secretion of mucus and permits easy expectoration. 3. It stimulates pores of the skin in throwing off body poisons and 4. It strikes at the cause, shaking germ action immediately. Do not confuse it with ordinary balsam cough syrups that are only soothing syrups and do not go to the base of the trouble. Unlike other cough remedies BALSAMEA is free from coal tar and other harmful narcotics. Pleasant to take and absolutely safe to give to children. Be sure you get BALSAMEA with the picture of the Indian on the package. BALSAMEA is now in the package guaranteed to relieve any cough, no matter from what cause, or your money back. All druggists sell BALSAMEA. In Salem buy it from J. C. Perry, the druggist—Adv.
