AUDRED BUNCH PHONE 106

THE COINCIDENCE of three birthdays, and one the birthday of the composer scheduled for study, made the meeting of the music section of the Salem Arts' League at the home of Mrs. J. F. Lau quite as unique as it is interesting. Aside from being the birthday of Felix Mendelssohn, the great German composer, February 3, is the birthday of Mrs. E. I. Doan and of Monroe Gilbert, the occasion being celebrated with delicious birthday cakes, and sandwiches and coffee. The program of the evening consisted entirely of Mendelssohn numbers.

The program opened with a vocal group by Dr. John R. Sites, Dr. Sites also playing his own accompaniments. This interesting group included: "On Wings of Song," "Witches' Song," "Traveler's Song," "Spring Song," and "New Love."

A trio number, "I Waited for the Lord" from the "Elijah" was rendered by Mrs. Harry Harms, Mrs. J. F. Lau, and Mrs. Martin Feresethet, this being Mrs. Harms' first appearance before the Arts' League. "Oh, Rest in the Lord," was a solo number by Mrs. Martin Feresethet, while the duet, "I Would That My Love" was sung by Mrs. Monroe Gilbert and Mrs. Lau. As piano numbers, Dr. Sites chose "Consolation" and "Spinning Song." Mrs. Harry Harms, who sang "Jerusalem" in nothing short of a magnificent manner, proved again the qualities of her soprano voice.

The women's Evangelistic Prayer league will meet at 9 o'clock this morning at the home of Mrs. H. F. Shanks, 195 South Cottage street. The leader will be Mrs. S. R. Stanton.

Mrs. W. C. Kantner is president of Missionary Federation.

With the wisdom of all true hosts, Mr. and Mrs. Robert Paulson made the personnel of their guests so interesting that the meeting of the Writers' club Tuesday evening couldn't but be a success. Anthony Euwer, Oregon poet and artist, was present, and it was his generous responses that made the evening one of unusual delight.

Professor M. E. Peck, Miss Renka Swart, and Charles J. Lisle gave the contributions of the evening of the members, Miss Swart reading an unnamed radio poem.

Accompanied by a soloist and director who will appear with Northwestern University Glee club at the First Methodist church on Thursday, February 12.

The Farmer Needs a Safety Deposit Box

Out in the country, once a house catches fire it is almost certain to burn to the ground. And fire will not respect your valuable papers, heirlooms or jewelry, Mr. Farmer. They with everything else will be totally destroyed.

Would you think about a cent a day too much as a cost of protecting your valuables? Of course not, and that is all it costs to keep them in a Safety Deposit box here at the United States National.

IF KIDNEYS ACT BAD TAKE SALTS

Says Backache Often Means You Have Not Been Drinking Enough Water.

When you wake up with backache and dull misery in the kidney region it may mean you have been eating foods which create acids, says a well known authority. An excess of such acids overworks the kidneys in their effort to filter it from the blood and they become sort of paralyzed and loggy. When your kidneys get sluggish and clog you must relieve them, like you relieve your bowels, removing all the body's urinous waste, else you have backache, sick headache, dizzy spells; your stomach sours, tongue is coated and when the weather is bad you have rheumatic twinges. The urine is cloudy, full of sediment, channels often get sore, water scalds and you are obliged to seek relief two or three times during the night.

Either consult a good, reliable physician at once or get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys may then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for years to help clean and stimulate kidneys, also to neutralize acids in the system, so they no longer irritate, thus often relieving bladder weakness.

Jad Salts is inexpensive, one not injure and makes a delightful effervescent lithia-water drink. Drink lots of soft water. By all means have your physician examine your kidneys at least twice a year.—Adv.

POULTRY INDUSTRY GIVEN ATTENTION

O. A. C. Authorities Recognize Importance of This Rapidly Growing Line

Oregon's rapidly developing poultry industry has created a demand for fuller knowledge along poultry lines. To meet this demand the Oregon Agricultural college is offering poultry short courses from February 2 to March 14. The courses aim to help those attending to meet the problems of the practical poultryman and to train the student in the methods and practices that make for successful poultry keeping.

Practical work on the college plant will be given. One day of each week will be devoted to visiting leading poultry farms of the state at Canby, Junction City, Lebanon and Corvallis. It is planned to organize the short course students into a club for discussion of live poultry problems. Members of the college staff will also take part in these discussions.

Courses offered include breeds and breeding in which the origin, history and utility value of the common poultry breeds is studied. Practical commercial methods will be seen and studied. Actual work on judging and culling the poultry flock will be given in a course on judging and culling. The student may hatch and brood his own chicks to take home with him in the course on incubation and brooding. Actual feeding of a flock as well as a study of the common poultry feeds and the mixing and balancing of rations will be given in the course in feeds and feeding.

Construction work on poultry buildings, the location of poultry buildings and the various types of poultry houses are treated under courses on location and housing. Practice work in killing and dressing fowls for market and in candling and grading market eggs is included in the course on marketing poultry products.

The man who is going to do things is too busy to talk about what he has already done.

Lenten season. The sales will be held at the Niemeyer Drug store, with the first being planned for February 28. It is announced that anyone having in mind a special dish they would like, may have it made for their dinner by calling the committee.

The Guild is also making plans for a silver tea to be held at the attractive new Curtis Cross home on Fairmount hill.

IF SKIN BREAKS OUT AND ITCHES APPLY SULPHUR

Just the moment you apply Mentho-Sulphur to an itching, burning or broken out skin, the itching stops and healing begins, says a noted skin specialist. This sulphur preparation, made into a pleasant cold cream, gives such a quick relief, even to fiery eczema, that nothing has ever been found to take its place.

Because of its germ-destroying properties it quickly subdues the itching, cools the irritation and heals the eczema right up, leaving a clear, smooth skin in place of ugly eruptions, rash, pimples or roughness.

You do not have to wait for improvement. It quickly shows. You can get a little jar of Mentho-Sulphur at any drug store.—Adv.

"Home Manager— Purchasing Agent— Art Director— Wife"

JUST a slim girl, maybe, or a motherly woman with sweet eyes and white hair—but what a responsibility is hers!

She is the active partner in the business of running a home. She buys most of the things which go to make home life happy, healthful and beautiful. Through her slim, safe fingers goes most of the family money.

And wisely and well it is usually spent too—far better than the average man could spend it himself. For women are better purchasing agents than men. They compare prices, weigh values and shop carefully.

They read advertisements regularly. Every day you'll find the wise little home manager searching the advertising columns for news that will add to the comfort, convenience and improvement of her home. You will find the same clever purchasing agent studying the advertisements to find where and when to buy, and what and how to buy most economically. The advertisements, too, tell this responsive art director how she can make her home more beautiful, more individual—the kind of home that a man appreciates but never knows how it is done!

Advertisements are the wise counsellors in the spending of money that the clever housewife heeds daily.

The business of running a home is made easier by reading the advertisements
