CITY NEWS IN BRIEF

AT THE THEATERS TODAY

OREGON—Rudolph Valentino and Nita Naldi in "A Sainted Devil."
LIBERTY—Monte Blue and Marie Prevost in "Daughters of Pleasure."
GRAND—Bebé Daniels and Ricardo Cortez in "Argentine Love."

Articles Are Filed—With Salem as the principal business center, the Kelp Ore Extracts & Produce company has filed articles of incorporation with the county clerk. The capital stock was given as \$1,000 and the incorporators are Mark S. Skiff, Ada V. Skiff and Jennie Calvert.

Masie During Dinner—This evening and Sunday evening at the Gray Belle. 114

Takes Lead in Drive—Besides volunteering their services in the Roll Call of the American Red Cross campaign, members of the Salem Lions club made private contributions yesterday at their regular meeting and went on record as 100 per cent plus for the coming drive. The members are backing the movement in cold

cash, plus the actuality of service. Monday morning they are to be out in full force to begin the Salem canvas of the Roll Call.

See the New
5-passenger Chevrolet coach at Newton Chevrolet Co. 18

Gets New Place—Miss Hazel Todhunter is now stenographer in the office of the attorney general after having served in the corporation department.

No More Cold Lunches—After having once eaten the tasty yet moderate priced meal served at the Coffee Shop, 331 State street. 17

Joins Military Staff—Harold Garver, a former student at Willamette university and senior vice commander of the Veterans of Foreign Wars here, has joined the office force of the Oregon national guard.

Gray Improvement Shoppe—For marcelas that please. Room 413 Oregon Bldg. Phone 87. 18

Helgerson Visits—Joseph N. Helgerson, district attorney of Dallas, is a Salem visitor during the meeting of the legislature. The district attorney is keeping close tab on the moves of the house and senate.

Willow Baskets 99c—Special today. H. L. Stiff Furniture Co. 17

Prepares to Move—Bayard Findley, who recently purchased the McArthur farm, is a former Salem resident and student at Willamette university. He is stopping over in Salem for a few days preparatory to moving on the Polk county property. With

him are his wife and three children, Eloise, Robert and Margaret Jane. During the past two years the Findleys have been located on a farm near Grant's Pass.

Switches Made at the—Mariello Beauty Parlors. 17

Microscopes Repaired—Microscopes of the natural science department of the Salem high school were repaired by an expert who visited the school yesterday.

Crews Wins Case—A demurrer sustained by Judge Kelly in the case of the National Thrift Association of Eugene against W. E. Crews, corporation commissioner, practically wins the case for the state man, according to the records filed yesterday. The association was not allowed to sell certificates.

Have You Tried—The Salem Restaurant. Merchants' lunch 45c. Sunday Dinner 75c. 18

Admitted to Federal Court—Rev. Martin Feresethian, pastor of the Unitarian church, who recently passed the Oregon state bar examination has been admitted to federal court. Miller McGillchrist, former Salem resident, who is United States assistant attorney, made the motion which admitted the local man. The action was performed in Judge Bean's court.

Operetta Staged—Friday evening's program at the McKinley junior high school was featured by an operetta, "In Arcady," under the direction of Gretchen Kramer. Students of the school participated in the event.

Police Court News—W. Spaulding and W. W. Robinson paid a fine of \$5 each on charges of speeding, while nearly a score of persons paid a fine of \$1 each for parking more than one hour on the downtown streets of Salem.

Building Permits—A. Kuppia is to build a dwelling at 151 West Luther, to cost \$3500, and G. H. McElroy at 151 West Luther, which will cost \$6,000, according to building permits issued.

Butcher Chases Rat—A rat which had taken refuge in a hole on South Commercial, near State, was routed out yesterday and headed straight for the butcher shop, across the street. It was followed by a butcher, who was endeavoring to render the rodent a service by killing it. Because of the traffic the rat escaped.

Local Union Meets—The Salem organization of the Culinary workers met last night for their regular meeting and entertainment at the Union hall, on Court street.

Mrs. A. L. Kamsay was in the city from Albany Friday.

HOUSE APPROVES 5 SENATE BILLS

Little Discussion Accompanies Passage at Session Friday Afternoon

Five senate bills were passed by the house Friday with little or no discussion attendant.

The bills were SB No. 36, permitting Multnomah county to be excluded from the provision placing bridge construction under the highway commission when the structure is in excess of \$35,000; SB No. 69, fixing the salaries of county treasurer and county judge of Wasco county; SB No. 67, providing the machinery to pay persons qualified to a cash bonus or loan under the law passed at the general election and pertaining to Spanish war veterans; SB No. 69, prohibiting stock to run at large in Wasco county and SB No. 101, exempting from taxation property of honorably discharged union soldiers or sailors who served in the Mexican, Civil, or Indian wars in addition to the property already exempted. The words "of the state of Oregon," are stricken from the present law in order to permit three or four Civil war veterans to come under the provisions of the law.

BITS FOR BREAKFAST

Flax news:

The state will soon have all the land contracted that it can use.

But the builders of the Vancouver linen mill, the machinery for which is now being loaded on cars for shipment, will want to contract for about 3,000 acres, here in the Willamette valley.

P. E. Thomason, the well-known flax grower of the Turner district, is to have charge of the field work for the Vancouver mill people; to get the flax grown and to find ways to get it threshed and scutched; turned into fiber for spinning.

These Vancouver people will want all the seed the state has to spare, for their growers, and all the rest of the seed that is on hand at Turner and Stayton—and then some.

They will also be bidders for all the fiber turned out by the state plant, and not already contracted to the Miles linen mill.

All this will result in the growing of perhaps 5,000 to 6,000 acres of flax in the Salem district this year.

And no telling how much next year. A. G. Riach, who is promoting the Vancouver mill, says there are at least three more linen mills in the offing for this section.

Most everybody's idea of safety first is for the other fellow to take all the precautions.

Some persons are so dense that the sun is the only thing that ever dawns on them.

Most of us look so natural while trying to be foolish.

HIGH SCHOOL BILL PASSED BY SENATORS

(Continued from page 1)

swer to Mr. Clark that he believed "that when we learn arithmetic, the adding machines will lose many of their operators." Answering the statement that a great deal of memorization work is required in the high school course in literature and English, Senator Miller said he knew of many students who applied for entrance into college, who could not decently read the selections that were required for memory work. "As far as knowing the sense of the article, they were in total ignorance. They could not even parse a sentence.

Much Good in Course

"There is much we cannot dispense with in the high school course," Senator Miller stated, "but there is a great deal of room for improvement. Students who cannot spell, read, or punctuate, should not be permitted to take other studies comprising what is known as 'higher education.' The fundamentals are what we want. Other things may come after, but we must have a ground work on which to build. The high school course must be shorn of many of

these mental calisthenics that become humorous when considered seriously. The difficulty is that physics and chemistry and higher mathematics is taught, and at the same time, the student does not understand the fundamentals of thought and expression. I am in favor of this bill. It should pass in order that we may go forward in fundamental principles."

Garland Speaks

Senator Garland, following Senator Miller on the floor, expressed himself along the same lines, stating that "the present system of education was made for the teacher who is a genius, and the child who is a prodigy."

In the final ballot on the bill, the only senators casting a negative vote were Clark, Corbett, Hall, Klepper, Strayer, and Upton. Senator Strayer explained his vote in a secret message handed to the president.

In introducing the bill for final passage, Senator Eddy made one of the most impressive speeches ever heard on the senate floor. "I have been called an ignoramus and a clodhopper by some of the school teachers and principals, but I defy those same people to sit down in my study with me, and read the Greek testament in the original. I have been termed old fashioned, and have been called a moss-back for righting to retain the old fundamental principles in our schools. I want to tell you, senators, the so-called 'intelligentsia' will bring about the downfall of our whole school system.

"If my boy or girl is to imbibe socialism, communism, or any other hellish 'ism' from the pit, they will have to get it from some other source than the high school. If I have the power to keep them out of the schools. We do not want the works of the socialist H. G. Wells, or Scott Nearing, nor the fatalistic Jack London taught to our children.

"What we want to do, is to scour out of the curriculum certain trash, which is not trash fundamentally, but is trash because it is taught so superficially that it only gives a smattering of knowledge, and in no way trains the mind."

In the nominating session, Senate Joint Resolution No. 13 by Senators Strayer, Stapleton, and Brown was introduced. This resolution would greatly simplify the work of preparing and engrossing bills and save the state considerable money.

The education committee reported favorably on SB 83 and HB 217. The committee on roads and highways reported favorably on SB 155 and the judiciary committee reported favorably on SB 148, 56, and 57. The committee on roads and highways recommended a substitute instead of SB 11.

Under the heading of "Messages from the Governor" was read Gov-

ernor Pierce's veto of SB 86, relating to the Port of Portland. This bill is given in full in another column.

The following bills were introduced today:

SB 176, Davis—Relating to abandoned school districts.

SB 177, Hall (substitute for SB 1)—Declaring certain highways to be primary highways and requiring motor vehicles approaching such highways to slow down to five miles an hour.

The two bills killed by the judiciary committee were Senator Corbett's child welfare bill which created a separate board of regents for the state school for the deaf and blind and to require the establishing of standards of qualifications for the superintendents and instructors of the industrial school for girls and the state training school.

Other bills passed by the senate yesterday were:

SB 118, by Senator Carsner pertaining to the county court of Gilliam county.

SB 151, by the committee on assessment and taxation, requiring treasurers, secretaries or financial officers of counties, to report the status of bonded indebtedness to the state treasurer.

SB 153, by the committee on revision of laws, a substitute for SB 90, relating to exemptions.

SB 145, by Senators Magliardi and Fisk, empowering the regents of the University of Oregon to convey the title to a portion of the campus of the University to the city of Eugene.

SB 8, by Senator Eddy, relating to high school studies.

SB 92, by Senator Ritner, permitting irrigation districts under contract with the United States to cancel assessments levied to pay charges.

SB 141, by Senator Clark, providing for disposition of cases in courts of justices of the peace when the circuit court has concurrent jurisdiction.

SB 28, by Senator Davis, relating to liens on crops for water for irrigation, and providing for notice and record of the liens.

SB 71, by Senator Davis, fixing the compensation of official reporters.

SB 49, by Senator Upton, creating a game refuge in Lake county.

SB 89, by Davis, relating to contracts by irrigation districts with the United States.

SB 59, by Senator Davis, was re-referred to the committee.

The governor has signed the following bills:

HB 53, Fisher—Relating to livestock running at large in Douglas county.

HB 71, Hammond—Authorizing the state land board to execute the trust created by the will of John T. Apperson.

HB 81, joint Washington county delegation—Providing for the

Mrs. DeLance Wallace, Seattle, Evangelist, who will conduct a two weeks' revival at the Nazarene church, 19th and Marion, February 8 to 22.

eradication of bovine tuberculosis and other diseases of live stock and creating the office of herd inspector for Washington county.
