

LIONS CLUB HAS ROUSING SESSION

Workers Volunteer to Help Finish Red Cross Roll Call; Varied Program Given

One of the peppiest meetings of the season was held by the Lions club yesterday at the Marion hotel. Entertainment and the main speech of the day were excellent.

Mr. Galloway spoke in lieu of Representative James Mott, who was detained at the capitol on important business.

Mrs. Martin Poreshottian entertained the Lions and their guests with a vocal solo and an encore. Miss Naomi Phelps, recently returned to Salem after extensive musical study in eastern circles, sang "Beautiful Home of the Rose," which has been dedicated to the interests of the Oregon blind, by Adelaide Dorothy Graham.

Cedric Chang, Chinese student at Willamette university who is planning on social service work in the Orient after his graduation, explained the merits of the Cosmopolitan club program, which is to be presented tonight at Waller hall chapel.

The Salem Lions came to the fore again in the Red Cross roll call when they volunteered to devote two additional half-days each to finish up the Salem districts. The Red Cross has been seriously handicapped by the lack of workers with which to cover the remaining districts.

PIERCE VETO IS NOT SUSTAINED

Consideration that they were getting. Senators Garland and Taylor, both democrats, took occasion to say they would over-ride the governor's veto and explained they were not democrats to the extent of following blind leadership. Senator Joseph made a strong speech to sustain the governor's veto but it was futile. Twenty-five senators voted to over-ride the veto and only five voted for it. Those who voted to sustain the veto were Senators Brown, Joseph, Kinney, Strayer and Zimmerman.

Senate joint resolution No. 5, thanking R. A. Booth for the monument of the Circuit Rider and officially accepting it, was passed by unanimous vote. The following bills were passed:

Thomas Rigdon started with three yokes of oxen and two cows, and he arrived in Oregon with only two oxen and the two cows.

The train arrived on French prairie October 23, 1850, and stopped a few days with Truman Bonney, who had come in a former emigration. They wintered near where Hubbard now stands. Then they went up the valley as far as where Eugene now is, but were not pleased and returned to the lower valley.

Jacob Baughman located on Pudding river two miles east of where Woodburn stands now, taking up a donation claim of 640 acres. His first wife died in the early 60's. Besides the boy lost on the plains, their children were John, Ann, Harding T. and Edward.

In 1870, Mr. Baughman married the widow of George M. Woodward, and their children were Winnie (McKay), no wof Vancouver, Wash.; Winter Baughman of North Howell, and Mattie (Vinton), of North Howell.

"Uncle Jake" Baughman was a great, good man. In whatever community he lived, he was a leader. He was a devout member of the Methodist church and helped always in singing. He was devoted to his children and grandchildren and they to him. He was a blacksmith and mechanic. He taught blacksmithing at the Chemawa United States Indian school.

The Statesman will take occasion to give a further record of this long and honorable life, within a short time.

The funeral will be held at the Methodist church at Woodburn at 2 o'clock tomorrow. Rev. Albert S. Mulligan will have charge. Interment at the Woodburn cemetery.

Special Joint Meeting Stated Monday Evening

The joint meeting of the Salem and Corvallis Rotary clubs at Corvallis Monday evening is to be a success from all angles, according to the committee in charge. Besides the splendid program that has been provided, the Salem members of the organization are invading Corvallis in a special car.

Over 80 people have made reservations to take the trip in the special car which is to leave Trade and Commercial on the Southern Pacific lines.

The Salem club is putting on most of the program and they have added their famous Junior Rotary quartet, which has made a reputation all over the Willamette valley for the splendid singing. Dan Langenberg is coach of the singers.

Much effort has been made to secure this joint meeting between Corvallis and Salem. On one of two previous occasions the joint meeting has been secured, but for some reason or other the trip had to be abandoned.

SALEM DEBATERS MEET FALLS CITY

Dual Contest and Third This Season Will Be Staged This Evening

Homer Richards and Thomas Childs, composing the affirmative debate team of the Salem high school, will meet the negative team of Falls City in the Salem high school auditorium tonight, while the negative team will journey to Falls City. Avery Thompson and Margaret Pro are Salem high representatives who will compose the team that will take part in the dual debate.

The two teams of the Salem high school are progressing in good form under the direction of Professor Horning, whose ability is clearly demonstrated by the work of the practically new team. According to the latest reports they are in fine shape and will prove their ability with the Falls City team.

The debate promises to be one of great interest, for the opposing teams have made a reputation for themselves in their district. They have won several of the debates that have been scheduled between their school and others in the district.

Salem has won two debates—one from Silverton and one from the Franklin high school of Portland.

The question being debated is: "Resolved, that a strong third political party would promote the interest of good government in the United States."

No admission charge is made to hear this debate and the public is invited to be present.

Vinyard Associated With Local PEP Co. in New Office

H. R. Vinyard, graduate engineer of Oregon Agricultural college, has been added to the staff of the Salem office of the Portland Electric Power company as irrigation engineer. Vinyard was selected as associate with the Salem office for the specific purpose of cooperating with farmers in helping them solve their irrigation and drainage problems, which involve the use of power.

In the rural electric power service there are many problems to be solved, in order that the excess electric current may be used. As a result the power companies of the United States are introducing highly trained men to assist the farmers in introducing power on their farms.

The specific problem of solving the matter of irrigation is the most difficult problem facing the farmers of this district. They are beginning to realize that they are losing money on their undrained dry land.

It is stated that one farmer near Salem was able to increase the earning on his 300 acres to something like \$6000 clear profit by the simple means of introducing electricity on his land to cope with the irrigation problem. Previous to this he had been using gasoline but found it too expensive. Other cases are being brought to the attention of the highly trained irrigation men here and the problem is being solved.

one of the best things that the local school can put over.

Plans are being made to get an estimate on the expense of the proposed trip, and efforts are to be made to secure backing from the different local organizations.

The Salem, Mass., team wants to defend their stand on the child labor amendment to the constitution of the United States. They ask the negative side of the question. The question of debate has not been settled, but it is expected that the question of general child labor regulation will be considered.

Committee Meets—The street repair committee met last night at the city hall for the consideration of devising means for the repairing of Salem streets. Many parts of the city have streets that need immediate attention, but because of the present financial conditions no action can be taken. Most of the discussion time last night was spent in considering North Summer street, which has been a bone of contention for several months. It was suggested that a friendly suit be instituted to determine whether the city was liable for the replacing of the pavement, or whether the cost should be placed against abutting property.

Applications for the Pringle school have begun to come in.

A number of Pringle folks practiced singing Sunday night at the schoolhouse.

John McDonald sold his east farm last week.

J. M. Coburn and family visited in Albany Sunday.

Mrs. T. J. Browning of Salem visited the Stewart family Sunday.

Boxers Are Now Ready For Big Card Monday

Phil Bayes and Sailor Manning are working out daily for their bouts at the army Monday night. Bayes will meet Joe Marcus, hard-hitting Portland boxer, while Manning will face Kid Carter, of Oregon City.

Matchmaker Harry Plant announced yesterday that the prices on ringside seats had been reduced. Preliminary fighters will be signed up today and everything is in readiness for one of the best cards in the history of the sport here.

Fans are waiting with much interest the return meeting of Charles Dawson of Eugene, and Billy Gardeau, of Portland. Dawson won a decision from Gardeau last time but the latter had fought a fight the night before and showed the effects of his battle.

BITS FOR BREAKFAST

Good morning! We have with us the legislature.

If the Bits for Breakfast man could ever get heads and tails of this fish and game row, he might get worked up about it.

But has been going on for 40 years, and it seems no nearer settlement than at first, and it looks like a continuous row.

Looks like there will be a fish row as long as there is a single fish left in the ocean.

The Portland Chamber of Commerce worked up an interest in flax growing at different points in the Willamette valley a few months ago. Now it is proposed to have 100 different small plots planted up and down the valley.

A very good scheme. You cannot get the flax idea spread too far or too fast in this district. It all leads towards the \$100,000,000 annual industry that is coming.

TAX MEASURES MAY GO TO VOTE

test against this vicious and unmanly attack on a fellow senator. And I want to say now that if all the members of this house were as sincere and whole-hearted in their convictions as Sen. Zimmerman is, they would have just cause to congratulate themselves. A number of other senators arose, presenting in strong terms the attack made by Senator Staples.

Senator Tooze made a plea for the rejection of the resolution and declared that the proposed measure would add more burdens to the farmers and small property owners that are already paying 30 per cent of the taxes of the state. "Nobody would ask for reasons as to Oregon's retarded progress, if we had a just and equal distribution of taxation," Senator Tooze stated. "In time, you will find that Senator Zimmerman, who has been derided and ridiculed, will be acknowledged as the one man in this assembly who has not betrayed the trust of the people."

Those voting for the bill to abolish income and inheritance taxes were Senators Banks, Carner, Clark, Corbett, Davis, Dennis, Hall, Hare, Joseph, Klepper, Maglary Miller Rittner, Staples, Upton, and Moser. Senator Joseph stated that although he was very much opposed to the bill, the people of his district, Multnomah county, were strongly in favor of its passage.

Those casting a negative vote were Senators Beala, Brown, Butler, Dunn, Eddy, Fisk, Garland, Johnson, Kinney, Latollet, Strayer, Taylor, Tooze and Zimmerman.
