If Mixed With Sulphur It Darkens So Naturally Nobody Can Tell.

The old-time mixture of Sage Tea and Sulphur for darkening gray, streaked and faded hair is grandmother's recipe, and folke are again using it to keep their hair a good, even color, which is quite sensible, as we are living in an age when a youthful appear-

ance is of the greatest advantage. Nowadays, though, we don't have the troublesome task of gathering the sage and the mussy mixing at home. Our many months have warned against such a move and tried to lessen its influence, and it had not reached large dimensions-just a comparative few were drawn into it. In our Salem church here of 275 members none have indorsed it. Such erratic moves have been made in the past, and this will not probably be the last.

I am pleased that the press has exonerated the church as condemning the movement. Yet it to a certain extent must be an odium in the minds of the unthinking. As to when our Lord will come we Mark 13. Other places could be cited. We know Jesus will come again, for He has said He would, but it will not be next Friday, nor next year, but when His work in heaven is done and ours here on earth.

SPEAKING OF LEGISLATURE Editor Statesman

Regarding the present legislature and its attitude regarding the salary raising business and appropriations for one thing and an-

at hand to stop increasing our 2.40 taxes and the only way to stop increasing them is to stop increasing salaries and increasing appropriations for every one that asks for it. If our present district attorneys, judges, etc., can't afford to donate their valuable time to the tune of \$4000 per year doubtless there are other talented lawyers who could be persuaded to accept the job.

I for one, am paying enough taxes now and there are lots of other land holders who feel the same about it.

Oregon now stands at the head of the list of states in the United States in per capita taxation and ditor allow a few lines respecting if the present legislature wants to matter that has been appearing do what is right it will cut our in the periodical press of the last tax levy by cutting salaries and few days, viz: the great event that appropriations so that most of the should have taken place last Fri- commissioners and district attorday at midnight, but which did neys will want to resign.
