

CITY TELEPHONES WILL BE IMPROVED

\$50,000 of New Money Will Be Spent for Additions and Improvements

In addition to expenditures made during the past year by the Pacific Telephone & Telegraph company in this vicinity, Manager W. H. Dancy announces that another \$50,000 of new money will be spent for additions and improvements to the company's plant and equipment in this territory during the current year.

The expenditure will cover, in addition to the money used for connecting new telephones, the installation of a new section of long distance switchboard. There will also be added in the central office a new section of subscribers' switchboard.

Many additions to the outside aerial cable plant will be made in the section of the city north of State, and the underground plant on Liberty, north of Chemeketa, will also be extended.

In addition to the work on the

Aspirin Gargle in Tonsillitis

Cut This Out and Save it Subject to Sore Throat

A harmless and effective gargle is to dissolve two Bayer Tablets of Aspirin in four tablespoons of water, and gargle throat thoroughly. Repeat in two hours if necessary.

Be sure you use only the genuine Bayer Tablets of Aspirin, marked with the Bayer Cross, which can be had in tin boxes of twelve tablets for few cents.—Ad.

exchange property in the city, there will be much reconstruction work on the long distance lines leading out of town. The extension to the long distance plant in the immediate vicinity of Salem will include the installation of a new talking circuit between Albany and Salem. Another project provides for a new circuit between this city and Silverton which, when completed, will eliminate the old Northwestern long distance pole line along the highway between these two cities.

This construction program is a part of the \$2,000,000 program for the state recently announced by Division Superintendent Hickman of Portland and shows the confidence which officers of the Pacific company have in the future growth of this community and Oregon.

KINDERGARTEN BILL CAUSES WARM DEBATE

(Continued from page 1) to the amendments. "They want this bill to pass the senate as it now reads, or they want it killed on the floor immediately," Senator Moser declared.

Meddling Resented Senator Butler rose and stated that he would never permit a small group of people, whether they were taxpayers or not, to dictate to the legislature. "I want to state now, that the proponents of this measure will not decide whether we shall have kindergarten schools in Wasco or Hood River counties. I am representing that country. The supporters of this bill have no right to come here and dictate in what shape a bill shall go out of the senate. They sent us here for that purpose."

The measure was finally referred to the committee on education. A standing vote was taken, with 17 senators voting for re-commitment.

Senate bill 100, introduced by Senator Corbett, and known as the civil service bill, was defeated by a vote of 19 to 11. The measure was reported back from the committee with amendments, but did not fully satisfy all members of the senate.

Senator Joseph objected to the measure on the grounds that it would place the county clerks, county officials, and even the deputy sheriffs under control of the civil service. Under that condition, Senator Joseph stated, the sheriff would have no authority to remove or discharge a man under his control, if that man behaved himself.

According to Senator Banks, the bill was drawn up by the district attorney of Multnomah county, in cooperation with the county officials. "If they feel that the bill is just," Senator Banks stated, "the Multnomah delegation must back it."

In the senate yesterday morning, taking part of Clackamas county and tacking it on to Mult-

nomah county aroused the bitterest debate of the session. The fight was led by Senator Staples, who said that the people wanted to come to Portland and be a part of the city. Senator Toose made an impassioned and bitter speech, charging misconduct on the part of the Multnomah delegation. Senator Clark spoke in favor of the division. Senators Corbett, Hare, Garland, Dunn and Eddy made talks against the division. In this discussion it was charged that Senator Toose is a nonpartisan league candidate for governor next year and Senator Staples a candidate for chairman of the senate in two years. This is a fair sample of the very mean things they said of each other in the debate. The bill was finally snowed under by an avalanche of votes.

Senator Toose's senate memorial resolution No. 2, asking that the battleship Oregon be placed in a harbor in Portland and kept there, was passed by a practically unanimous vote.

Senate joint resolution No. 17 was passed. The object of this resolution is for the senate to appoint one member, and for the house to appoint one member, and each of the bodies to elect one member of a commission to study indirect taxation for a period of two years and report to the next legislature.

House joint memorial No. 13, relating to monuments on the Lewis and Clark trail, was passed.

Under third reading of bills S. B. 210, taking the enforcement of the narcotic act from the prohibition director and placing it with the pharmacy board, was passed, although it drew heavy fire from Senator Klepper, who wanted the most drastic action he could get.

THE HUNT FUNERAL WILL BE HELD TODAY

William H. Hunt, whose demise came on Wednesday morning at the home of his son, Guy W. Hunt, 747 South Twelfth street, was born near Wenona, Ill., April 21, 1847. He was married to Julia A. Dixon at Hennepin, Ill. After living 12 years at Wenona, Ill., they removed to Republican City, Neb., where they resided for five years. They came to Salem in 1890, and he had since been associated with his son Guy in the butcher business.

After his wife's death five years ago Mr. Hunt retired from active business and visited his old home and scenes of his boyhood in Illinois. He practiced Christian charity and counted his friends by his acquaintances. He was affectionately known as "Dad" Hunt.

He was aged 77 years. He was father of Mrs. F. W. Allen of Salem, Mrs. L. C. Dooley of Beaverton, Mrs. W. H. Turpin of Vancouver, B. C., Guy W. Hunt and Warren J. Hunt of Salem, and Maurice L. Hunt of Eugene. The funeral services will be held at 2 o'clock this afternoon from the Rigdon mortuary, the Rev. W. C. Kantner officiating. Interment in City View cemetery.

BEARCATS WIN FROM LOGGERS

College of Puget Sound Basketball Drops Game by Score of 24 to 20

The Willamette basketball squad defeated the College of Puget Sound by the score of 24-20 in a close but ragged game played on the local floor last night. Erickson, Willamette guard, was the individual star of the game.

At the first of the game the College of Puget Sound ran up a small lead and it was not until near the last of the first period that the Bearcats were able to tie the score and gain their one point margin. The half ended 11-10 in favor of Willamette.

In the second period Willamette was able to out play the Loggers and held a lead over them for the rest of the game, although the visitors started an offensive during the last few minutes that once threatened to tie the score.

Emmel, Willamette guard, and Enocks, College of Puget Sound center, tied for the high point man of the game, each with a total of 7 points to his credit.

This game will not change Willamette's conference standing as the College of Puget Sound is not a member of the Northwest conference.

Lumpsum were as follows: WILLAMETTE 24 OPS 20 Fasnacht 5... F... Smith 3 Robertson 2... F... Glun 2 Hartley 4... C... Enocks 4 Erickson 6... G... Blevins 4 Emmel 7... G... Schwarz Substitutes—Willamette: Herman for Hartley, Hartley for Herman, College of Puget Sound: McDougal for Smith, Aldrich for Glun. Referee—Coleman, Corvallis.

PRISON CHANGE NOT APPROVED IN HOUSE

(Continued from page 1) Municipal Judge Ekwall, of Portland, for the place. Several members objected to the additional jurist, holding that if those already on the bench would transact the court affairs in a business-like method, there would be no need for the extra judge.

In support of the bill it was pointed out that at present there are 217 cases on the docket that are not yet set for trial for March is full. From one to seven outside judges are needed every month to help in the work of the court. Objections to the bill on the ground that it named the judge were raised. This was explained on the ground that Judge Ekwall placed a close second at the last election and apparently was the choice of a great many people in Portland.

Several bills passed yesterday included the collection of income taxes. Senate bills were those exempting certain societies from taxation; creating a dairy and herd inspector in Lane county; regulation of auto camp grounds and providing for inspection; prohibiting the counterfeiting, removal or change of manufacturers' serial numbers from articles offered for re-sale; relating to the term of office of a guardian of a minor; paying a \$100 claim to L. Gruttner from the hatchery fund; providing that a party or attorney may file an affidavit of prejudice and relating to the salaries of Wallowa county officers.

One new bill was introduced yesterday, HB No. 464, a substitute for HB No. 443, increasing the salary of the Multnomah county sheriff.

GARLAND OUTLINES PERILS OF YOUTH

Rotarians Told of Great Change in Moral Fibre of American Youngsters

Senator Sam M. Garland, known as the great compromiser of the Oregon state legislature, because of his ability in adjusting differences of opinions between conflicting factions, was the speaker of the day at the Rotary club yesterday at the Marion hotel.

"The path that the young people of the nation are plodding is leading to the penal institutions," declared Senator Garland. "A score or more of years ago the majority of prisoners at the Oregon state prison were old men, but during the last few years this majority has been changed. Over 50 per cent of the prisoners are in their twenties.

"The same problem is facing the reform schools of the state, and for that matter all over the United States. The boys of this country are doing a well trodden path to the doors of the penal institutions. It is a condition which we must face today or else be carried away in its destructive flood. The narcotic evil with its great destruction of body and mind must be given careful attention; else the sovereignty of the people will be swept from the stable position it is now estab-

lished upon. The very prosperity of this country is dependent upon the character of its citizens. There is not the government for the despotic ruler to declare the policy for the citizens. The vigorous, active people are losing their power.

"The cause of this change is attributed to the liquor traffic, the moving pictures, the automobile, and the narcotic evil. All these factors are combined to destroy the moral fibre of the nation. The reaction from the influences of the World war have contributed also to this change.

"The greatest change, however, is attributed to the influence of the home and the family in caring for the children. Unless there is a great change the greater burden for the taxpayers is to be created by the additional persons to be confined in the penal institutions," declared Senator Garland.

Senator Garland outlined his bill, which is now before the senate, to provide for the instruction of the Bible in the public schools. Some of the opposition coming from the Jewish elements of society were described.

Bill Watson a wonderful entertainer on a carpenter's saw, furnished amusement at the meeting yesterday.

BILL TO INCREASE SALARIES IS DRAWN

Measure Would Raise Legislators Compensation From \$7,000 to \$10,000

WASHINGTON, Feb. 19.—A move will be made in the house, probably tomorrow, to accept a senate amendment to the legislative appropriation bill increasing the salaries of senators and representatives from \$7,500 to \$10,000.

After conference today with republican and democrat members, Representative Dickinson, republican, Iowa, in charge of the bill, announced that, in compliance with what appeared to be the will of a majority of the house, he would propose that instead of sending the bill to conference as is customary, the house accept all senate amendments.

There was an admitted reluctance on the part of some members to be placed on record in favor of a salary increase and it was indicated that an effort would be made to forestall a roll call vote.

LOGANBERRIES HAVE NEW USE

(Continued from page 1) company in Cleveland, Ohio, and they want to demonstrate it in a loganberry center. They have purchased a supply of Phex juice and are entirely satisfied with the product. They will come to the Pacific coast and use the ordinary run of loganberry juice. The Portland Chamber of Commerce.

COLDS

Break a Cold Right Up with "Pape's Cold Compound"

Take two tablets every three hours until three doses are taken. The first dose always gives relief. The second and third doses completely break up the cold. Pleasant and safe to take. Contains no opium or opiates. Millions use "Pape's Cold Compound." Price a thirty-five cent a box. Druggists guarantee it.—Adv.

took this up when presented and made the arrangements for the Lipman, Wolfe store for a demonstration week.

It is believed that inasmuch as Salem is the real loganberry center that the first loganberry week ought to be held here, and at the Liberty school meeting last night a committee was appointed to confer with a like committee from the Chamber of Commerce to see how the public

if it were not possible to put on a loganberry juice week in Salem before it is put on at Portland. It is not known if the machine can be brought here but it is believed that it can be and if it is the first week's demonstration will be in Salem, after which the machine will be taken to Portland and installed for public use and to experiment on how the public likes the new drink.

WESTERN OILS CALLED EQUAL OF EASTERN A \$10 Tax On Motor Oil That's what you pay each year—purely for prejudice—you who prefer eastern to western motor oil. The only difference between the two is that of price. The western product costs less for two reasons: First, volume production. Second, low freight rates. All motor oils have one thing in common—carbon. There are two kinds of carbon. All motor oils deposit one kind or the other. One is hard and gritty. It clings and stays. It is an abrasive. It causes wear and loss of power. It requires frequent removal which means lost time and expense. Not so with Aristo Motor Oil—a product from the finest western crude. The residue from Aristo is soft and fluffy. Most of it blows out with the exhaust. It cannot scratch or wear. Your motor runs thousands of extra miles without a sign of carbon if you use it. Users testify to 10,000—20,000—50,000 miles. Aristo is a perfect lubricant—the product of one of the largest and best equipped refineries in the world. That is quality insurance. Use Aristo regularly if you want protection, and less carbon trouble, at a minimum of cost. You can pay twice as much for "Eastern," and not get as good an oil.
