

# BOXING ORDINANCE WILL BE CONSIDERED BY THE CITY COUNCIL

## POWER GIVEN TO COMMITTEE

### Five Members to Control Sport, Hire Matchmaker and Regulate All Events

The boxing ordinance, which has been considered for some time, will be presented to the city council at their next regular meeting, and if passed will put the city in complete power of the boxing game of this city. The bill will call for the appointment of a municipal boxing commission composed of five members, empowered to act with full authority.

The commission will have the authority to hire a matchmaker, to regulate the gate receipts, to examine the athletes, and to limit the fighting time of the contestants. The matchmaker, however, will be given 20 per cent of the net receipts, but not more than \$100.

The ordinance is designed to control the gate receipts in order that any surplus over \$500 will go into the civic emergency fund, which will be spent as the mayor and others may see fit. The surplus money is to be placed with the city treasurer.

In addition, the commission will have the authority to hire a referee, to examine the boxers taking part in the exhibition to prevent unfit fighters appearing before the fans. This ruling is needed badly, as illustrated recently when a boxer appeared in Salem, con-

tracted several bad debts, appeared before the police court on a charge of being drunk, and struck a hard blow to the fighting game here. It is the object of the ordinance to eliminate this part of the boxing business and to keep it on a higher plane.

Portions of the bill are designed to give the commission the right to regulate the number of rounds to be fought in the main fights. It is stated that ten 3-minute rounds is considered as the main go for a fight.

Besides regulating the examination of the boxers as to their physical fitness, the ordinance will also require fighters appearing before Salem fans to wear 6-ounce gloves, providing the men weigh less than 135 pounds. Boxers weighing more than the given amount must use 8-ounce gloves.

The bill is designed to control boxing in the city, except in the case where fraternal organizations stage matches, under certain regulations. They must hold no decision matches, with three 3-minute rounds as the feature of the fight.

It is stipulated that only 2 per cent of the seating capacity of the hall can be used for the basis of passes, or complimentary tickets.

Any violation of the ordinance carries with it a \$500 fine, as well as a clause calling for a six month jail sentence.

## BEARCATS TO PLAY AGGIES ON MONDAY

Willamette to Face Beavers in Basketball for First Time in Two Years

The Oregon Aggies are to meet the Willamette Bearcats here Monday night to demonstrate to Salem fans the manner in which they have gained the high place in the conference standing. Regardless of any way which the wind may blow the Aggie team stands a chance of taking a whack at the coast championship. If there is a tie with Oregon, or Washington trims the Lemon-Yellow team, the Aggies have the same standing. They have one of the best positions in the conference, which will lead them to the coast championship.

This will be the first time in two years that the Aggies have played the Bearcats in Salem, and the first time they have appeared in Willamette's new gymnasium.

Baker, one of the Beaver's mainstays is a Salem boy and he is to be in the lineup that faces the Bearcats Monday evening at 7:30 o'clock.

## VANCOUVER QUINT IS DEFEATED HERE

Willamette Freshmen Too Much for Visitors and Win by Score of 37-23

The Willamette freshmen basketball squad defeated the Union high school of Vancouver, Wash., by the score of 37-23 in a fast game played on the local floor yesterday afternoon. The game belonged to the freshmen from the first few minutes of play although Union high made several rallies in an attempt to tie the score.

Wright, Union high forward, was high point man of the game having a total of 10 points to his credit. Litchfield and Faber, freshmen forwards, scored the most consistently for their team, each having a total of 8 points.

Coach Sparks made a very radical change in his starting line up by playing Reidel, former center, at left forward. Faber was sent into the game for Reidel in the first half however.

Line ups were as follows:  
Freshmen— Union High  
Litchfield..... F..... Hood  
Reidel..... F..... Wright  
Slake..... C..... Schmid  
Flesher..... G..... Tabey  
Scott..... G..... McNutt  
Substitutes—Freshmen: Faber (8), Winslow (4).  
Referee—Nakano, Salem.

## TUNNEY-GREB MATCHED

ST. PAUL, Minn., Feb. 21.—A ten round championship bout between Gene Tunney, American light heavyweight champion whose title will be at stake, and Harry Greb, middleweight champion, has been signed to take place here March 17, Jack Beddy, promoter, announced late today.

MEDFORD BEATS ASHLAND  
MEDFORD, Ore., Feb. 21.—For the second time Medford high school defeated Ashland high in the four game series to determine the southern Oregon basketball championship, tonight's score was 39-24.

## Manufacturer Begins Work On Canning Machinery Here

Actual manufacture of the Pugh graders has commenced in the plant of C. J. Pugh on Twenty-first street, recently completed. From all indications this plant will develop into an industry of some magnitude because of the inventions that Pugh is developing.

The first articles to be manufactured are the grader, but later other canning machinery will be manufactured. The demands that have been received by the manufacturer show well what the future has in store.

In these days of the new puzzle fact it is not so easy for a woman to get the last word.

Europe should raise more wheat and less war.

## SILVERTON SOCIETY

One of the best attended meetings of Home Temple No. 21, of the Pythian Sisters was that of Wednesday night when Mrs. Mabel Williams, grand chief of Yamhill, paid her official visit. Visitors were present from Salem, Hubbard and Albany. Besides Mrs. Williams, other grand temple officers present were Mrs. Helen M. Wrightman, grand senior of Silverton, and Mrs. Pearl Kinzer, grand M. of finance of Salem.

During the evening a prettily appointed luncheon was served by a committee under the leadership of Mrs. E. R. Adams. The decorations were in keeping with the month of February, a red and white color scheme being used. The tables were arranged in the shape of a heart. Red hatchets were used as favors and a Jerusalem cherry tree formed the centerpiece.

The grand chief, Mrs. Williams, was presented with a large box of Silvertonias, Mrs. Helen Wrightman presenting the gift with a few well chosen words.

While at Silverton Mrs. Williams was the guest of Mrs. Wrightman. \* \* \* One of the most delightful dinner parties of the season was that at which Mrs. Helen M. Wrightman was hostess at her pleasant home on West Main St. Thursday evening when Mrs. Elizabeth Bealer of Portland was the guest of honor. The rooms were very attractive with their decorations of pussy willows and yellow daffodils. Guests were Mrs. Bealer, Mrs. H. B. Latham, Mrs. John Hoblitt, Mrs. J. A. Campbell, Mrs. LeRoy Lemmon, and Mrs. A. O. Nelson.

Mrs. Bealer, who is a Girls' scout executive of the northwest, came to Silverton to visit the local scout troops under the leadership of Mrs. A. O. Nelson. Mrs. Wrightman and Mrs. Bealer are girlhood friends, both being natives of Jamestown, N. Y. The two friends had not met for a period of 20 years until last fall when they accidentally met at Corvallis where they were both on the program at the state Parent-teachers' convention which was held there.

## Freshmen Girls Leading in Basketball Series

The freshmen girls are now in the lead in the Willamette university girls basketball series. In the initial game the juniors defeated the sophomores by the score of 8-7 and in the second contest the freshmen defeated the juniors 9-4. The series is by no means over, however, as each team must play every other team at least once. The senior class did not enter a team.

## 'Flowers' Substituted for 'Coffins' in French Name

EVREUX, France, Feb. 21.—The 203 inhabitants of St. Pierre-des-Cercueils have been filled with joy by the decision of the state council authorizing the name of their village to be changed to St. Pierre-des-Flours. The literal translation of their original name is "Saint Peter of the Coffins," so that it is easy to understand their satisfaction at the change to "Saint Peter of the Flowers."

At the same time there is a movement on foot to change the name of the department Charente-Inferieure to Charente-Maritime, because the department finds that its wines suffer in the esteem of foreigners by having the word "inferieure" on their labels, as the mistake is made that it refers to their quality and not to the position of the department on the "lower" part of the river Charente.

## SENATE FAVOR INTEREST BILL

rules were promptly sent to the various committees.

All senate bills on the calendar were disposed of and some bills which had been laid on the table were resurrected. One bill which might have caused discussion was SB No. 242, relating to community property. This was a joint product of Senators Eddy and Joseph but as there was no time for general discussion, the bill was withdrawn from the session. HB No. 4 came up as there was some difference of opinion regarding it, it was made a special order for 2:30 Monday.

## PROGRESSIVES SUBMIT SPIRIT

litical organization."

No sooner had the convention organized this afternoon than L. E. Sheppard of Cedar Rapids, Ia., president of the Order of Railway Conductors, presented on behalf of his brethren in arms a resolution declaring the time not ripe for the formation of a new party.

There followed an amendment from Morris Hillquist, New York socialist, declaring the opposite view and offering a plan for organization of the "American Labor party," based upon group and geographical lines, and to be constituted at a convention next October. Next came J. H. Hopkins of New York, representing a committee of 48 men, with a proposal which had the endorsement of Robert M. La Follette, Jr., that a progressive party be organized on strictly geographical lines, with group representation eliminated. He said he spoke for progressive party organizations in Texas, New Mexico, Nevada, New

Jersey, New York, Delaware, Arizona, Florida, Georgia and North Carolina and for the United American war veterans.

## Strawberry Buyers Have Created Frantic Market

Strawberry buying has changed during the past few days and now the buyers are frantic, presenting a situation unique for this part of the state. Baker, Kelly & McLaughlin have been in the market for some time and as a result have secured large tonnage of strawberries. From all indications it is presumed that one of the greatest barrelling operations will be staged here this year, in addition to setting a precedent in early buying.

The operations of the barrelling concern were quiet, and the extent of their operations were not disclosed until recently. Local canners put men into the field at about the same time.

The going price for the berries here it at 6 and 8 cents, and many growers have signed up at this price.

## THIRTY BODIES ARE REMOVED

were able to make positive recognition of 30.

Thus far all officials have directed their efforts towards rescue work and have refrained from taking any action toward investigation of the causes of the disaster. Albert Daily, state mine inspector, explored the wrecked portion of the shaft as far as possible today, but declared he had no thought of inquiring into the explosion until the bodies are on top of the ground. Norval K. Harris, Sullivan county prosecutor, has indicated that a grand jury investigation is an impossibility. All other county officials, through their long experience in coal fields are inclined to accept the disaster as one that may come at any time in connection with such a hazardous industry.

## 25 BILLS NOW AWAIT PIERCE

ment of Americanization to reach those seeking citizenship and under the control of the state superintendent of public instruction; appropriating \$50,000 for the WCTU children's farm home near Corvallis, \$15,000 for a cottage and \$35,000 for a school building; increasing the salary of the Multnomah county sheriff; relating to corporations and payment of dividends; appropriating \$10,000 to investigate poultry diseases; relating to the practice of dentistry; providing funds to build a bridge over the Snake river between Adams County, Idaho and Baker county, Oregon. Idaho has appropriated \$25,000 for this purpose, Baker county \$12,500 and the state \$12,500; pertaining to a license tax being paid the secretary of state on distillate and providing for a lien on crops for seed.

The reforestation bill was sent back to the committee with an amendment providing that a clause of deferred contracts be added. Objections were raised by Representative Woodward, who said it was still an effort to deceive and give one man the supreme power of placing the valuation of all logged-off lands in the state.

"We have lost our swamp, timber and school lands and this last in an act of infamy," he declared.

SB No. 94, relating to taking of the power of appointment of the and placing it in the hands of the fish commission from the governor board of control, together with report on the bill, were laid on the table. The committee was equally divided, three members each turning in different reports.

One senate bill met with defeat when SB No. 187, providing that school districts may withdraw by a majority vote of qualified electors when lying within a union high school district.

A senate bill was passed fixing the salaries of justices of the supreme court at \$7500, an increase from \$5250. The measure was fought and was passed with only 33 affirmative votes.

Other bills passed related to the child welfare commission; relating to annual licenses of insurance adjusters, a revenue producing act; authorizing the sale of property not needed for irrigation districts; providing for arbitration and awards and prescribing procedure; providing for an additional municipal judge in counties with more than 200,000 population; relating to proceedings; authorizing municipal corporations to codify and publish a code of ordinances; relating to loans of building and loan associations; relating to redemptions by debtors; authorizing the sale of property by the state time board; protection of titles of motor vehicles and making vehicle selling harder; and the establishment of an eastern Oregon state normal school, the site to be selected by the board of regents.
