Rep. Fuller Addresses Meeting; Realtors Promise to Help School Board

Representative W. V. Fuller of Dallas, speaking before the Realtors of Marion and Polk counties at their regular meeting yesterday, stressed the important part of the new forestry fire code just passed by the legislators. Due to the vast amount of standing timber in Oregon, which comprises one-fifth of the total amount in the United States, much attention should be paid to the problem.

Representative Fuller bitterly opposed the placing of surtaxes upon the timber of Oregon, which is advocated by Governor Pierce. He maintains that such a tax would proclaim the death knell of the timber growing here.

**SENATE CLOSE SESSION WITH FINAL TRADE**

(Continued from page 1) the next general election Judge Ekwall will defeat any appointee that Governor Pierce will make."

It might hard for a democrat to vote for this bill," he declared sharply. "Senator Banks, if you speak again in that distasteful manner which you have, I will not vote for your bill. You have made a cowardly, unmanly, mean attack on the governor which any gentleman would resent. I tell you, one more word out of you on that line, sir, and I will vote to sustain the veto."

Senator Upton, the only member of the assembly to carry his negative vote to the ballot, opposed the bill on the grounds that the senate should have acted on it before, and not held it over until the last minute. "The manly thing to have done would have been to have taken the bill up as soon as we convened, and not to have attempted to put a measure over, naming one specific man for the position. That is the reason I am opposed to the bill, and am going to vote against it."

recognition by the chair, and at once let loose a tirade against all those senators who had attacked Governor Pierce at any time during the session. "The only reason that I, at this time, am voting to override Governor Pierce is because we must have another judge on our bench, and the governor does not fully understand the circumstances. You have never heard me criticize the actions of the governor; you have never heard me arise here and heap abuse and ridicule on him. Senator Ritner had the audacity to get up here yesterday and say that Pierce would be recalled. Whatever the governor has done, and I will admit he has made some mistakes, he has never turned loose a half dozen Chinese murderers from the state penitentiary. If Senator Ritner had been governor then, believe me, he would have been recalled. Anyone with any spirit of fair play in his makeup would resent this

unwarranted attack on a man whose very good nature and good-heartedness is his chief fault." The bill was passed over the governor with only Senator Jay Upton casting a negative vote.
