

# WILLIE HOPPE IS DEFEATED IN GAME

### German Scores Victory Over Champion; Jake Schaefer Retains Lead

CHICAGO, Feb. 27.—(By the Associated Press).—In one of the biggest upsets of the international 18.2 ball Billiard championship tournament Erich Hagenlacher, German champion, tonight came from behind in a wonderful display of cue artistry and defeated Willie Hoppe, world's champion, 400 to 299, in 12 innings. The victory left Jake Schaefer, former champion who ran 400 from spot last night against Hagenlacher, in the lead in the standings.

As a result of tonight's game Hoppe, Hagenlacher and Edoard Horemans, the Belgian player, are in a triple tie for second place with two victories and one defeat each. Schaefer, with two victories and no defeats, stands at the head of the list while Welker Cochran with one victory and three defeats, is under the triple tie and Kamatichi Huzuki, the Japanese player with no wins and three defeats, is at the bottom of the list.

### Newswriters' Hoop Team Wins With Best Records

SEATTLE, Feb. 27.—The Ducks, a basketball team composed of newspapermen on the Seattle Times, have finished their season with one of the best records of any hoop team in Seattle, having won 17 out of 23 games compiled today. The quintet was undefeated in a league composed of Seattle mercantile houses.

Games included contests with the Vancouver rowing club in Vancouver, B. C., Kent and Anacortes. The Ducks took their worst beating from Vancouver, 48 to 32 and gave their most decisive drubbing to Anacortes 47 to 6.

Viniegalar, a one-armed center, and Harold Collett were the scoring stars of the squad for the year.

### STUDENTS HOLD CONFERENCE HERE

(Continued from page 1) Personal appearance of those natives of Christian faith and those of another belief, in fact, it was impossible to tell them apart.

The Shinto faith is not the worship of a deity as many believe, but is the worship of ideals and of a cult now gone in Japan, he said. In the Shinto shrines there are three symbols of that religion. The sword, representing courage, a mirror representing understanding, and a jewel

### COMB SAGE TEA INTO GRAY HAIR

Darkens Beautifully and Restores Its Natural Color and Lustre at Once

Common garden sage brewed in to a heavy tea, with sulphur and alcohol added, will turn gray, streaked and faded hair beautifully dark and luxuriant. Mixing the Sage Tea and Sulphur recipe at home, though, is troublesome. An easier way is to get the ready-to-use preparation improved by the addition of other ingredients, a large bottle at little cost, at drug stores, known as "Wyeth's Sage and Sulphur Compound," thus avoiding a lot of fuss.

White gray, faded hair is not sinful, we all desire to retain our youthful appearance and attractiveness. By darkening your hair with Wyeth's Sage and Sulphur Compound, no one can tell, because it does it so naturally, so evenly. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time, by morning all gray hairs have disappeared. After another application or two your hair becomes beautifully dark, glossy, soft and luxuriant and you appear years younger.—Adv.

representing purity. Dr. Coleman stated that any other form of religion to enter Japan must consider the Shinto faith as even those that are converted still cling to the Shinto ideals and still hold the Shinto cult in reverence.

**Privacy Not Possible**  
Dr. Coleman stated at this point that due to the crowded conditions in Japan privacy is not possible for the common people and that they have only certain holidays and do not hold a day of rest each week, but that most of their time is spent in the daily routine of their work.

In considering the Buddhist Dr. Coleman said that the worship of Buddha in Japan is by no means all bad, but that it does a great deal of good. The Buddhist faith is not adequate to meet the needs of the growing generation however and is steadily losing ground. The Buddhist is making a great effort to meet these conditions however.

**Missions Work Different**  
Then Dr. Coleman takes up the dynamic Christian religion and explained how it does meet the growing needs, although the work of the Christian missionary is met by two difficulties. The disastrous results of the early work done in that field by the early men who did not show a proper respect for the religion then prevailing and the fact that until recently the work has been divided up and those in that field have not cooperated. The attitude of the Japanese in regard to the exclusion law has also blocked the work to a certain extent.

In conclusion, Dr. Coleman gave several examples of the results of Christian work in Japan including the results obtained in one prison.

**Over 100 Here**  
During the brief business meeting the conference decided to send a message to the three other conferences now in progress, one in California, one in Tennessee, and one in Texas. Percy Bell, Paul Roeder and Mr. Mix were appointed on the nominating committee for the selection of the officers for the following year.

A luncheon will be held at the Spa this afternoon for the members of a number of committee members and the faculty members present.

A total of 111 delegates have already registered and about 20 more are expected this afternoon. At present delegates have registered from 11 different colleges: Linfield, North Pacific Evangelical Institute of Portland, Oregon Normal, O. A. C., Eugene Bible University, Reed College, U. of O., U. of O. Medical branch of Portland, Philomath College, one delegate from Southwestern University of Texas, and a number from Willamette University. At present Linfield College has the largest representation with over 40 delegates.

As a special feature Dean Ava Milam will speak at the Jason Lee Methodist church Sunday morning and Dr. Henry McCall will speak at the First Methodist church at the same time.

**"Big" Munn Easily Wins From Another Contender**  
ROCHESTER, N. Y., Feb. 27.—Wayne "Big" Munn, world's champion heavyweight wrestler, easily eliminated another challenger for his title here tonight when he threw Pat McGill of Nebraska in two straight falls, both times with the crotch hold and half-nelson. Munn won the first fall in 13 minutes, 40 seconds, and the second in three minutes, 26 seconds. Munn weighed 260 pounds and McGill 213.

### MONMOUTH QUINT DEFEATS SILVERTON

SILVERTON, Feb. 27.—(Special).—Monmouth high school's basketball team defeated Silvertown high school here tonight in a fast game. The score was 19 to 15. The score was tied at 14 points until the last few minutes of the contest, when the visitors forged ahead.

Prior to the boys' game the Silvertown girls defeated the Stayton girls by the score of 22 to 11.

### DEVOTES HIS LIFE TO CHARITY WORK

### C. M. Pierce, Brother to Governor, Returning to Home in South Soon

C. M. Pierce, brother of Governor Walter M. Pierce, will return to his home in Los Angeles Sunday after having spent the last two weeks in Salem. Mr. Pierce is treasurer of the Pacific Coast Rescue and Protective association and is devoting the remainder of his life to the building of foundations for charity. This work is being done without pay and regardless of creed or color.

Gen. H. G. Otis, founder of the Los Angeles Times, willed \$1,000,000 for charity. Mr. Pierce said yesterday. This sum is being held by a trust company and will constitute the first donation for other large sums that have been promised. One of the greatest organizations of its kind in the country is expected to be launched in another year or two.

Through his personal efforts Mr. Pierce was instrumental in obtaining 123 tons of food for the Los Angeles orphan home alone. He has many letters from other charitable institutions telling of his interest and unselfish work in helping at all times.

### Monmouth Hi Votes to Secure New Gymnasium

Voting to build a new gymnasium put confidence in the Monmouth high school players last night and they walked off with the score in a basketball contest staged with Silverton. At a meeting held Thursday evening it was voted to build the new gymnasium by 145 votes against 23.

The high school has never had a gymnasium and consequently their playing has been hampered somewhat. The new building is to be of stucco finish, tile brick building. The approximate dimensions are 46 feet by 74 feet.

### DEAN MILAM TALKS TO STUDENTS HERE

### Head of Economics Department OAC Attending Volunteers' Convention

Following an introduction given by Dr. Henry McCall, Dean Ava B. Milam, head of the home economics department of OAC, entertained the students of Willamette university Friday with some of her experiences while in China, yesterday during chapel period. Dean Milam spent two years in that country in studying home conditions for the purpose of gathering information in regard to the practicability of establishing a home economics department at Peikin university.

The dean pointed out that the Chinese civilization was so vastly different than that to which we are accustomed that it can only be appreciated by those who have studied it.

In lecturing at the different places it was necessary to have an interpreter because of the many different dialects in China. When American slang is used a great many complications result. For instance, the resourceful interpreter who translated the phrase, "tickled to death," as "scratched till he died."

Among the girls of the Chinese universities, debating is a very popular pastime and it is rather unique to notice the conclusions they draw in regard to America from what they are able to learn of this country. For example, on one occasion the question was: "Resolved, that the American method of selection for marriage is superior to that used by the Chinese." The conclusion was

Every man is the architect of his own blunders.

Truth, when crushed to earth, rises again, and so does the gout.

The fellow who said nothing but the good survives overlooked bed-bugs.

The longest distance between the public and a politician is a straight line.

In choosing a "system" the effort should be to select one that will keep you out of jail.

When a fellow has several girls, he has the same thing as the fellow with one girl, except that he has more of it.

Hex Heck says: "Age seems to favor wine more than it does eggs."

### DO YOU KNOW WHY --- It's Bad Policy To Act As Peace-Maker --- Sometimes?

that it was not, based upon the high divorce rate now prevalent in America.

### March 1 to 7 Designated Associated Charities Week

The first week in March has been designated as "Associated Charities Week" and special efforts are being made to get supplies and foodstuffs for the needy of the city. Salem citizens are to be asked to contribute money, clothing, foodstuffs, such as beans, potatoes and other articles.

The ministers of the city are cooperating in the plan and announcements are to be made from the pulpit that Thursday will be clothing and bean day. At this time all church members and adherents are asked to contribute articles to their respective churches.

Sunday, March 8, will be money and potato day and the children of every Sunday school in the city are to bring a potato to the Sunday school. All the church collections of that day are to be turned over to the Associated Charities, during the coming week. Every church in the city is included on the list. Everyone is asked to cooperate.

Members of every booster club, lodge and organizations of the city are asked to contribute food and clothing for the needy. The cupboard is bare and some effort must be made to get supplies for those afflicted with misfortune.

Canned fruit is the only food remaining to be served and a few pieces of inferior clothing. Supplies must be secured to care for the calls that are coming in. The books of the Associated Charities are open for inspection to anyone interested. They are at the same quarters, where the supplies should be taken, 640 State street.

Almost all boudoir caps are attractive unless somebody has them on.

### Bits For Breakfast

Listen to this:

The Slogan man has got to prove, next Thursday, that Salem has the making of the most beautiful city in the world—

And he wants your help, if you have a single idea on this line. The statement is a fact, but the thing is to prove it to the world. Then it will be a fact worth millions to Salem.

And then, after all, perhaps the legislature has started something, unbeknownst. It may be that this indirect way of getting money to run the state government will prove popular in Oregon.

Several of the states collect all their money for their state governments by indirect methods.

There is no such thing as painless extraction of tax money; but there is such a thing as making it less painful by one method than by some other.

This naval talk about a ten-year holiday will interest a lot of lazy folk. A ten-year holiday sounds sweet, indeed.

Still the only man who can make a fool of himself is the one who isn't a fool to begin with.

When a girl makes a fool of a man the man has usually had a 20-year start in that general direction.

Early success swells the head. Later on it affects only the mid-riff circumference.

One of the most venerable of pioneers recently told of his narrow escape from being run over by an ox team while on his way to school as a child. They had their highway perils when the country was young, but what would the Pilgrim Fathers have done had they been compelled to face the down-town traffic of any of our cities instead of the redskins? They would have found more peril in the glut of Forde than in the whole Algonquin race.

### PARRISH HI TAKES LEAD AT HILLSBORO

### Freshmen at Local School Make Splendid Showing Against Veterans

The J. L. Parrish Junior High school basketball team defeated the Hillsboro high team at Hillsboro last night by a score of 23-19 in a fast game, with the score at the end of the third quarter 19-11.

Hillsboro defeated McMinnville high and won the right to represent the district in the state basketball tournament. They are considered one of the best high school teams outside of Portland and the local team gains credit for their victory.

At the end of the third quarter the Parrish team came into the play with lots of pep and succeeded in placing one basket and two fouls. The Hillsboro quintet failed to make connections with the hoop.

Phillips, high point man of the game with 11 credits, was responsible for the last minute rush. Thorough team work was the dominant factor in getting the game from the star players at Hillsboro.

Hoag, center, made 10 points for the defeated team, but his brilliant work could not get the spirit of the team aroused. Frank

Brown is coach of the Parrish team.

Following is the summary:  
Parrish (23) Hillsboro (19)  
Nash ..... F..... McCourt, 6  
Ecker, 6 ..... F..... Hoag, 10  
Blaco ..... C..... Hande, 1  
Phillips, 11 ..... G..... Cornelius, 2  
Kelley, 4 ..... G..... Staggart  
Sheppard, 2 ..... S..... Norton  
S ..... S ..... Ingles

### George Dorcas Opens Hop Office in Salem

George E. Dorcas, one of the best known hop men in the northwest, has returned to Salem to locate after being gone from here since 1908. During his absence he has, however, made buyings of between 165,000 to 175,000 during his sojourn to the big hop centers.

Mr. Dorcas is of the opinion that Salem is the logical center of the hop industry and is the reason why other hop buyers are coming here to locate. He is well known here and has many friends. The splendid network of paved highways is one reason why Salem is the hop buying point. Quick action can be secured.

Mr. Dorcas will have his offices at the Capitol Ice & Cold Storage company's new addition at Church and Trade. He has taken quarters in the Roberts' apartments where he will reside with Mrs. Dorcas.

### Practice Game Results In Victory for Webfoot

In a practice game yesterday the Webfooters defeated the Day

Juniors of the YMCA in one of the afternoon games yesterday. The score stood at 25 to 12 when the final whistle sounded. The Webfooters are to visit Portland today under the directions of Bob Boardman, physical director of the Salem YMCA.

### OIL EXPLOSION ON US TUG HURTS TWO

SAN DIEGO, Feb. 27.—Two men were seriously burned in an explosion on the United States naval tug Koka in the Gulf of California early this morning, according to a radio message received here.

They are Edward L. Craig and Harold Bellume, firemen first-class. The Koka is an oil burner and the explosion is believed here to have been due to a flareback.

As the Koka had no medical officers aboard, the United States naval transport Nitro, bound from San Diego for Philadelphia, was summoned by wireless. The Nitro reached the Koka shortly after daybreak and took aboard the injured bluejackets.

Captain H. R. Stark of the Nitro radioed that Craig and Bellume were suffering from second degree burns about the head and face and that he was taking them to Panama, where they will be transferred to a San Diego-bound naval transport.

### Cold Misery Ended in a Minute

That stuffed-up feeling, that inflammation, that discharge—all are due to local germ attacks. The right remedy is local. Combat the germs where they exist.

Apply Ely's Cream Balm to the nostrils. Breathe it, so antiseptic fumes reach the air passages. The head clears at once, inflammation is subdued, the cold is checked.

Quick relief is at your call. That stuffiness is unnecessary—in either cold or catarrh. Ask your druggist for a bottle of Ely's Cream aBim, and watch how it clears your head.—Adv.

### Stribling-Delaney Match Result Is Still in Doubt

MILWAUKEE, Wis., Feb. 27.—Jimmy Delaney of St. Paul and young Stribling of Macon, Ga., boxed 10 rounds here tonight, the result, according to the opinion of newspapermen at the ringside, ranging from a draw to a shade to either boxer. Delaney made what fight there was, Stribling refusing to come out of his shell, with the exception of the last two rounds.
