

# OREGON WINS GAME 23-21; TEAMS TO PLAY HERE TOMORROW

## DECIDING GAME TO COME HERE

Series to Be Played Off in Willamette Stadium Tomorrow Evening

CORVALLIS, Ore., March 7.—The University of Oregon basketball team here tonight defeated the Oregon Agricultural College five in the second game of a three-game series to decide the Pacific coast inter-collegiate conference championship, northern section.

by a score of 23 to 21. The Aggies won the first game of the series.

The score at the end of the first half was 10 to 7 in favor of the Aggies. The deciding game will be played at Salem Monday.

Two Salem men, Loris Baker and Roy Okerburg, are respective members of the OAC and Oregon basketball teams, which clashed last night in the second game of their play-off series for championship of the northern section of the Pacific coast conference.

After what seemed to be a sure defeat Oregon rallied and won from OAC in one of the fastest and most exciting games of basketball of the season.

The first half ended with OAC leading by a score of 10 to 7. Six of OAC's points and three of Oregon's points were made on free throws, each team making but two field goals during the first period. It was not until after the first three minutes of play that either team even had a shot at the basket.

OAC maintained the lead during most of the final period, the score being for a time 12 to 19, then 14 to 19. Then Oregon started her rally with but a few minutes left to play and before anyone knew what happened the score was 19 to 19. Oregon then took the lead 21 to 19, OAC coming back with a basket, tying the score, 21 to 21. Oregon annexed another basket and the gun sounded the end of the game with the score standing 23 to 21 for Oregon.

The gymnasium was filled to capacity and the rooting for Oregon seemed at times to be as strong as

that for OAC. Many Salem people were present.

Lineup and summary:

Oregon  
Hobson (7) ... F... Riddings (13)  
Gowans (8) ... F... Baker (1)  
Okerberg (7) ... C... Brown  
Westergren (1) ... G... Steele (1)  
Jost ... G... Stoddard (6)

Tickets for the final game between the University of Oregon and the Oregon Agricultural College quintets have been evenly divided between the three cities of Salem, Corvallis and Eugene. According to all reports the Willamette University gymnasium is to be packed to capacity.

There will be about 500 tickets to be distributed in Salem for the contest. By special arrangements an advance sale has been made, and they can be purchased Monday morning at Anderson & Brown, Hauser Bros., and from various men about town.

The general admission to the gymnasium floor will not begin until 7:10 o'clock, and it is imperative that the advance sale tickets be used at that time. A few reserved tickets are to be had, but the majority of the tickets are to be sold as general admission.

**Basketball Games Played At Salem YMCA Yesterday**

The Jason Lee Pioneers lost to the Whitman Pioneers by a score of 14-1. Although the score was lopsided the game was one of the best played on the local YMCA floor. Anderson Byrd took the lead in the playing and through his efforts the score was tied at the high knot. Byrd is showing remarkable work in playing and is considered one of the all around athletes of the Salem Y and among the Pioneer clubs.

At another game during the afternoon the Daniel Boone Pioneers defeated the Lincoln Pioneers by a score of 5-2, in somewhat of a listless game, compared to the flashy playing of the former team.

## SALE OF SCHOOL IS NOT DESIRED

Majority Favor Retention of Title of Washington School Building

Objections are voiced to the sale of the Washington school site by a number of Salem citizens when interviewed yesterday. Of the people spoken to, the majority are opposed to the sale of the property and insist that it should be converted into a park and held for the future use of the community.

Over half those desiring to have the school board retain title to the land on which the Washington school is situated, suggest it be held until the demand for a school is secured. They propose that the old building be torn down and the grounds converted into a park. They say that the hole which would remain can be converted into a sunken garden and cared for in that manner.

The small offer of \$11,000 made for the Washington property was the reason the bids were rejected and the bids readvertised. Various estimates were given for the caring of the property.

Unless the bids are increased to a larger amount the title to the property will remain in the hands of the school board.

It is estimated that it will cost several thousand dollars to tear down the building, and about the same amount to fill the hole that will remain after the brick basement wall is removed.

Those interviewed yesterday were: Dr. Henry E. Morris, Henry Myers, George C. Willis, Joe Adolph, Dr. B. F. Pound, O. Price, Charles A. Park, and J. C. Perry. All of the men interviewed were in favor of establishing a playground because they think a need will be felt for it in the future.

## Oregon Deaf School Secures Victory From Portland Team

The deaf school added another victory to their belt yesterday when they defeated the Portland Silent quintet by a score of 30-10. The game was rough, fast, and well played on the deaf school floor here. At the end of the first half the score stood at 16-4 in favor of the local team. Floyd Hudson took the lead with 12 points and Willie Ricketts second with eight points to his credit. Both are members of the local school. Brejle refereed the game last night. A return match was arranged for March 14, which is to be played in Portland.

## VETERANS ASK FOR JOBS FOR MEMBERS

Applications for Employment on File With Dr. Geo. Lewis By Ex-Service Men

The Veterans Employment service which is conducted here by the Veterans of Foreign Wars is seeking work for several ex-service men of the community. At the present time the organization has about 25 applications on hand for employment, but few jobs to offer the men.

Such work as garden spading, common labor, or carpentry can be taken care of by the veterans. They have organized an employment office to take care of their needs and any one seeking workers should get in touch with the employment officer, Dr. George Lewis.

During the winter months the veterans conducted a campaign for employment which was successful in giving employment to several of their members.

Anyone having work that could be done by the ex-service men, should communicate with Dr. George Lewis, 311 United States National Bank Bldg., or phone No. 852.

## PADLOCK CAMPAIGN TO BE INAUGURATED

Bright Lights of Broadway to Be Dimmed By Action of Authorities

NEW YORK, March 7.—Outlining plans of maneuver in his padlock campaign against Broadway and other cabarets that violate the prohibition laws, United States District Attorney Buckner today announced that his activities would include an investigation into prohibition enforcement agencies to ascertain why liquor has been openly sold in the offending places.

The prosecutor also warned he would place the war fare would be long and consistent. Two thousand places have been marked as objectives in the campaign. Complaints already have been served against 14 of the leading cabarets.

Mr. Buckner said he expected to have the form of affidavits on which the proceedings would be based ready next week. He expects the cases will be disposed of at the rate of 40 a day. He said Federal Judge Augustus N. Hand had approved a proposal to establish a federal padlock court to handle liquor cases exclusively.

## STRIKE ORDER IN MINE ACTED ON

(Continued from page 1)

a general strike order issued by the chiefs of district No. 12, United Mine Workers of America.

The corporation management insisted that the miners had declared a strike. The union has taken the position that some of the miners were virtually locked out when the corporation recently ceased operation at several collieries.

The situation was intensified just before the strike order was issued by the action of the corporation in the suspension of the issuance of credit to the union members at company stores, although the miners and their families were at the time declared to be almost destitute. The corporation maintained that the action became necessary because miners' accounts on its books had reached a total of \$180,000.

the consideration \$500.

O. T. Sealy, a former resident of the state of Iowa, but who came to Salem recently has purchased a 10-acre tract of land from J. G. Heltzel. The consideration was given as \$3000. Sealey is also to make other purchases in the locality.

C. E. Nadon has purchased the

Ralph Shantz home at Broadway and Norway street at a consideration of \$4000.

Frank Hickman has secured a one-half acre tract on South Commercial street for a consideration of \$800 from M. C. Findley.

E. G. Arnold purchased a lot in the Kay addition for \$500. He is planning to build.
