

SEVENTY-FOURTH YEAR

SALEM, OREGON, SUNDAY MORNING, MARCH 8, 1925

## EASTERN STATE ASKS INFORMATION

### Massachusetts Wants Data on Fire From Will Moore, Fire Marshal

Will Moore, state fire marshal, receives request from the state of Massachusetts for data relative to the standardization of fire hose threads, which he has most successfully supervised throughout the state of Oregon in the past year.

The letter further advises that Massachusetts has followed the

WILL MOORE

state Fire Marshal

constructive example recently set by Oregon relative to higher proficiency in fire prevention, which is in Massachusetts under the supervision of the state department of public safety. Mr. Moore has been asked to furnish copies of all the forms, data, such as advice as would be essential for the necessary equipment to accomplish this work. They seem most interested in the regulations that Oregon has adopted and passed through recent legislation at the request of Mr. Moore relative to penalizing such persons who would obstruct the work.

### Dr. Winslow Arrives, Assistant to Dr. Brown

Dr. Emma Winslow is the first of the distinguished child health specialists to arrive in the city to assist Dr. Walter H. Brown, director in charge of the five-year program of the Marion county child health demonstration. She arrived in the city yesterday, coming direct from New York city.

Dr. Winslow is secretary of the child health demonstration committee with headquarters in New York city. This committee is in charge of the four denominations financed by the Commonwealth fund. For a number of years Dr. Winslow was on the teaching staff of Columbia university, New York, where her time was largely given to health education work in connection with the nursing and health department, as well as the nutrition department of the university.

When on the teaching staff of Columbia university she was in charge of its research work along health lines. She also served as

secretary of the New York nutrition council of New York city. In addition to serving on the staff of Columbia university, Dr. Winslow studied two years in London, England, with the University of London, receiving degrees from that university for her work in sociology and statistics.

She is in Salem especially to assist Dr. Walter H. Brown in connection with the organizing of the work of the Marion county child health demonstration.

It will be remembered that it was through the efforts of the Salem Chamber of Commerce that Salem and Marion county succeeded in securing the five-year program of child health work, in competition with 28 other cities in the west.

### New Division Commander Elected By Local Post

Dr. Lloyd Ivie has been elected commander of one division of the Veterans of Foreign Wars during the membership campaign that is being carried on. The change was made necessary by the loss of Harold Garver from the local post, who has moved to Portland.

Ten applicants were obligated at the meeting held recently while one member, M. G. Panek, was accepted as member of the local post. Others are to be obligated as soon as the campaign comes to a close.

Plans are under way for the organization of a degree team and active steps will begin next Sunday morning when a committee of the vets are to meet at the Armory with Chief of Staff Rutherford. Other visiting members are to be there at the same time.

### TEACHERS ECONOMICALLY

TOKIO, Mar. 7.—The educational department proposes to introduce a bill in the present session of the diet to provide houses for the foreign teachers in the government schools. There are nearly 100 such instructors, largely American and British, and about \$150,000 will be asked for the housing scheme.

### TINKER TAPE

has thousands of uses in the home, office or workshop.

The housewife can use it to mend a broom, brush, umbrella, or lamp shade, repair a lamp cord or torn skirt.

A man will find it useful for repairing golf sticks, fishing rods, tires, etc.

The most universally useful article to have around.

### Scout Executive Arrives In Salem Ready for Work

Harold Ware, Boy Scout executive for the Salem district, has arrived in Salem with his mother, Mrs. F. D. Ware, and will begin his Scout work for the year. Without losing any time, Mr. Ware plunged into activities, and less than 12 hours after his arrival here he was on his way to Corvallis for a district committee conference.

A full program has been arranged for the new Scout executive and is headed by a survey of the district, which will require some ten days or two weeks' time. Dallas, Silverton and Salem are to be handled immediately.

Arrangements of the summer camps is another item that he will begin to solve. Last year Mr. Ware handled the camps for the Salem Scouts and secured much favorable comment by his work.

Within a few days a court of honor will be held which will give several Boy Scouts of Salem a chance to secure a promotion in Scoutdom. The exact date will

be announced later. Requests for the organization of various units near Salem are coming into the Scout office every day. The latest one was from Harrisburg, where a Scout troop is wanted.

"A man's second wife is more sprightly." Ah, well, an encore usually is.

The quaint old-timers had a grab-bag game, but it wasn't called nationalism.

### Growers Secure Protection By Organization, Is Report

"Growers are unorganized so far and have no voice in what they shall say to what they receive for their product," according to W. F. Drager, prune buyer. "The canners and packers are notifying growers that a growers' organization will be unnecessary this year on account of the higher prices realized for fruits both canned and dried." That difficulties will be faced by the growers unless he organ-

izes, is the contention of the fruit packers. In the past canners and packers have rejected the grower's

product if the market sagged. Usually the growers are docked by the packers and canners on the

pretext that the fruit is below quality, and thus get the fruit at a reduced price. Under organi-

zation the grower can get a square deal in these disputes, it is claimed.

Reliable Quality Goods Always at Low Prices

## Values Speak Louder Than Words The Proof Found In Our Store!

Every day in the year is a good day to determine the superiority of the quality of our goods and the exceptional values we give as a result of the collective buying power of our hundreds of stores—but right now, at the outset of a new year, is a particularly good time, for on your decision will rest the extent of your savings during 1925.

### Our Responsibility To the Public

From the morning our first Store was opened we have been mindful of our great responsibility to the public as its distributor of merchandise.

We shall strive never to be remiss in this duty.

To know what you want and when you want it and be prepared to serve you so that you will enjoy the greatest satisfaction, is the duty of all our Stores.

The price alone tells only a part of our story.

We aim to serve you well with goods of quality and character. Price is safeguarded by the peerless buying power assured us by the enormous purchases we are constantly making for our hundreds of Stores.

## Spring Wool Fabrics

### Stripes, Plaids, Checks

If you were to ask which wool materials are the most stylish for Spring, we should tell you Flannels, Wool Crepes, and Twills.

The chosen patterns are striking stripes, gay plaids, and attractive checks.

Everyone must be gay! The colors are simply irresistible! They cover the range of the rainbow, and there are many shades of each.

Also excellent quality plain flannels and serges in modish colors. The pencil stripe serge and poiret twill is in demand for the tailored dress.
