Memory Verses: 1, 2, 3, 15, 18, 20. NE turns to these words of comfort and reassurance in times of sorrow, bereavement, disappointment and trouble. Here are hope and assurance that become an anchor to the soul. Jesus does not say, "Let not your head be troubled." There will ever be difficulties to overcome, problems that seem impossible of solution, troubles that perplex and annoy. Many times we must own we do not know what to do. But trouble is to be kept in the head where it be- of the poisoner in the hair of the longs and not allowed to get into the heart where is becomes doubt. | dog. For when the heart is troubled, then doubt arises. Thomas ought to have remembered that. He wanted to believe, and his heart yearned, but it was full of trouble. Faith is the most powerful thing in the world. It is the best foundation for peace. If we walk with Him, He is the Way. If we believe Him, He is the Truth. If we live for Him, He is the Life. All this may seem somewhat mystical to the man who has not learned the secret of faith, but to the man who has come to know Christ, faith becomes a mighty dynamic to life, and a solvent for every difficult problem. The best of it is, that the man of faith is not since 1921, and it is now being let to his own unaided devices. The Holy Spirit, the Comforter, is sent to dwell within him and manifest the divine life in his heart.

Let not your heart be troubled: you believe in God, believe also

Gas Consumption Indicates English Cooking Hours

LONDON, March 28 .- The hot Sunday mid-day dinner is still a fetish among the majority of English people, says a report on gas consumption, which in England is at its maximum between 11 in the morning and 1 p. m. on Sundays.

Close observers of gas consumption say that the hours of cooking vary in different towns. Brighton, for instance, spends more time on the seafront and pier and goes on cooking until nearly 3 p. m. Now that we've seen them fight in Nottingham inclines to the Continental style and uses more gas for cooking in the evening.
