A dark, dull day can be changed in one hour to a day of joy and fitness.

Millions of days are being changed in this delightful way.

On rising drink a glass of water, hot or cold. That washes the stomach and fits it for food.

Right after breakfast comes complete relief. The poisons are eliminated, all that unfits and depresses. You save a day of dullness and discomfort.

Try this. Then you will know a quick, pleasant way to start every day at your best.—Adv.
