BIBLE THOUGHT AND PRAYER Prepared by Radio Bible Service Bureau, Cincinnati, Ohio. If parents will have their children memorize the daily Bible selections, it will prove a priceless heritage to them in after years.

MARCH 31, 1925 GUARD THE TONGUE.—Keep thy tongue from evil, and thy lips from speaking guile. Depart from evil, and do good; seek peace, and pursue it. Psalm 34:12-14.

PRAYER.—Thou knowest, Lord, that the tongue can no man tame. Bring our thoughts in accord with Thine, and our tongue will speak only wisdom.

MORE REASONS FOR HASTE

S. H. Love, president of the United States Sugar Manufacturers' association, writing recently from Salt Lake City, Utah, to the New York Journal of Commerce, puts the case of the farmers who produce sugar beets in a strong light. He declares that "the partnership arrangement between the beet sugar producers and the farmers who raise the beets," is "the latest and best known plan for fair dealing, between the interested parties, where each gets his full share of the financial results of the sale of the product."

He puts the case of the Cuban sugar trust propagandists very clearly, as follows:

"The farmers of this country, as well as the people generally, are beginning to understand the real purpose that actuates the refiners of Cuban sugars in their fight on the domestic industry. They also know that the tariff has little or no effect on the final price of the sugar they use, except when the price of raws is very low. This fact has been made particularly plain during the past few years. For example, on January 27, 1923, refiners' price for cane sugar in New York was \$6.50 per hundred pounds, while on April 25 it had advanced to \$10.25, the peak price for the year, or a difference of \$3.75. During the past year the highest figure quoted was \$9 per hundred pounds in February. Today it is \$6, or a difference of \$3, while the tariff is stationary at \$1.765. It will be seen from these figures that the Cuban producers of sugar, controlling as they do about 25 per cent. of all the sugar produced in the world, have little difficulty in dominating the market, and this is especially true when domestic sugars have been consumed and are out of the way. Whenever this has happened a close student of the market will discover that these same people who are now shedding crocodile tears over the 'struggles of the farmers to obtain from the sugar companies of the West' what they term a 'fair division of the enormous profits derived through the present high tariff on sugar,' never lose an opportunity to exact from the American people in the way of advanced prices on their sugar more money by far than the tariff amounts to."

That is the whole story. The only active enemies of protection to American sugar producers are the American refiners of Cuban sugar. But they pretend that they are concerned for the consuming public, a public these same refiners never miss an opportunity to soak to the limit, regardless of the tariff. And their purpose is very clear; that is, to destroy sugar production in this country and give them the complete monopoly they seek in the fixing of sugar prices for the American people.

The 250,000 farmers growing sugar beets in the United States made themselves heard in the last election. And if that number were multiplied by five, and the sugar cane producers increased to the same extent, this country would be self contained in this product; would be growing and making its own sugar.

And there are reasons for haste in increasing the number outside of the immense immediate benefit of home manufacturing, and one of them is the fact that the greater number of people interested in the industry would be a better guarantee of continued tariff protection; and that is very important.

Because the American refiners of Cuban sugar (and owners of sugar lands in that country) will not cease their efforts at securing a monopoly through repeal of the protective rates. And it is going to be a fight to a finish; at least till the tariff is driven out of politics entirely.

So we must get beet sugar factories in Oregon. If we cannot get one of the big concerns to build one here, the undertaking might be launched cooperatively. That is the way the big concerns with strings of factories were started.

Why cannot the first factory in Oregon be organized in Salem, with the understanding that this is to be followed with factories in all the Willamette valley cities where the proper cooperation can be had, and the labor supplied for the growing of the beets?

Here is a field for a man with organizing ability.

Sixteen Decisions.—Captain G. L. Hall, an evangelist, has just closed an eight days' sixteen decisions and a fine time throughout. Captain Hall's next engagement will be at Victor Point in the Waldo Hills. Captain Hall finances himself. He receives no salary but depends entirely upon the contributions of his hearers.

Pinched For Speeding.—Fred Smith was traveling 38 miles an hour through the streets of the city and stated that he was going about 25 miles an hour, according to the police court blotter. He paid a fine of \$5 for this offense.

Students Hear Poling.—Dr. Charles S. Poling, evangelist, will speak to students of Willamette university at the regular chapel hour at 11:30 o'clock this morning.

Building Permits Issued.—Frank A. Ayers is to erect a dwelling at 1520 Highland avenue to cost \$3500; W. J. Beard, a dwelling at 575 North Fifteenth to cost \$3000; W. C. Eberhard a dwelling at 1060 Cottage estimated to cost \$3000, and Robert Schatz a garage at 1245 North Capitol to cost \$3000, according to the building permits issued by the city recorder.

Speed Causes Arrests.—Leonard Darby of Stayton paid a fine of \$7.50 after he had been arrested by Officer Edwards. L. H. Elliott, of 2359 Center, paid the same amount on the same charge. L. B. McCoy, Don E. Pritchett, D. P. Murray and Murtford Wardell paid a total of \$30 into the city's coffers when they forfeited bail money. Martin L. Andrus paid a fine of \$20 for speeding. James M. Moore and Anthony Knott paid a total of \$15 for exceeding the speed limit.

Drunks Crowd Court.—Steve Johnson was fined \$10 for being drunk and disorderly after he had been arrested by Officer Wright. Frank Wheeler received the same fine for the same offense.

Fight The Germs To End Head Colds

A cold in the head means a local germ attack. Fight it locally—in the membranes of the air passages. Apply Ely's Cream Balm in the nostrils and breathe it. That forces antiseptic fumes wherever those germs exist. Relief is instant. The air passages are cleared, the inflammation is subdued. Don't suffer from a stuffed-up head or catarrh. Ask your druggist for a bottle of Ely's Cream Balm. Get instant relief, fight the trouble at its source. Then never again let a head cold get started.—Adv.

LENTEN TALKS THE GOSPEL ACCORDING TO ST JOHN

Rev. ERNEST H. SHANKS, Pastor of the First Baptist Church

MARCH 31, 1925 John 14:25-31. "The Comforter," The Comforter Promised, 25, 26. The Work of the Comforter, 27-31. Key: "Peace." Memory verses: 26, 27, 28.

WE usually think of the material things of life as the most real or tangible, whereas the spiritual things, the heart experiences, the love-story of the soul, may be the most actual and real of all. Experiences that arise out of the heart in its worship of God, even though sometimes they do not find an outward expression, form the basis of a spiritual life that is at once truer, greater and more real than the physical things common to everyday life. Convictions that come as the result of a clear perception of the spiritual entities become the fundamental strength of the soul. Happy the man who has learned to reckon these "more sure" things. Why should a man doubt God's ability to communicate by His Spirit? Why question the willingness of the Holy Spirit to reveal God? When a man has learned to appreciate the true spiritual concepts of life he has come into possession of the real power of life. The "abiding Presence" will be found amid earth's strife, toil and busy marts by him who knows God and the secret of the Spirit of God. What a peace this brings to the troubled heart.

But the Comforter, which is the Holy Ghost, whom the Father will send in My name, He shall teach you all things, and bring all things to your remembrance, whatsoever I have said unto you.

Peace I give with you, my peace I give unto you; not as the world giveth, I give it unto you. Let not your heart be troubled, neither let it be afraid.

Ye have heard how I said unto you, I go away, and come again unto you. If ye loved Me ye would rejoice, because I said, I go unto the Father: for My Father is greater than I.

offense after Officer Edwards had arrested him Sunday evening. Alex. Munson was arrested by Officers James and Stewart and he too was fined \$10. However, the biggest jolt was handed to J. Lewis Neilville, who had been arrested on a charge of possession and drunkenness. He paid a fine of \$100.

Gets Ten Days.—Frank J. Reed was fined ten days in the city jail after he had been arrested on a charge of drunk and vagrancy. He will serve the time at the Hotel del Minto, as the city jail is called.

Drunks and Beggars Arrested.—L. Cooper was arrested by Officer Smart last night and booked at the police station on a charge of drunkenness. John Denson was arrested for begging. Ed Laske, an old offender in the police court was arrested by Officer James on a charge of drunkenness.

Students Hear Poling.—Dr. Charles S. Poling, evangelist, will speak to students of Willamette university at the regular chapel hour at 11:30 o'clock this morning.
