

# WICHITA, KANSAS, WIN NATIONAL BASKETBALL CHAMPIONSHIP

## KANSAS QUINT IS VICTORIOUS

### Pacific Coast Teams Fail to Place in National Hoop Tournament

CHICAGO, April 4.—(By The Associated Press.)—Wichita, Kan. high school basketball squad tonight won the University of Chicago national interscholastic invitation basketball tournament by defeating the El Reno, Okla., five in an extremely one-sided contest.

The score was 27 to 6.

Scoring almost at will after a cautious start, Wichita presented such a tight defense that the Oklahomans were unable to get within scoring distance until after Wichita ran in a number of substitutes at the beginning of the second half.

El Reno staged a desperate rally during the last part of the game managing to solve the Kansas guards for two baskets.

Free throws from fouls accounted for their other two points.

Third place in the tournament went to Westport high of Kansas City, Mo., which defeated Wheeler, Miss., 25 to 21, in a game preceding the championship contest.

Thus teams from the southwest made a clean sweep of the tournament, annexing first, second and third places.

Immediately after the game, Amos Alonzo Stagg, veteran director of athletics of the University of Chicago, awarded the prizes to the victorious teams. Fourth place in the tournament went to the team from the tiny town of Wheeler, Miss., which succumbed to El Reno in the semi-finals. St. George Utah, high school, was awarded the emblem of victory in the consolation tournament.

## CAMP JACKSON IS NEW TROOP GROUND

### Commanders and their staffs for the six troop trains that will land the command at Medford the morning of June 12 are announced in today's orders as follows:

Train No. 6—Lieutenant Colonel Eugene C. Libby, Infantry, commanding; Major Roy R. Knox, Ordnance Department, R. T. O.; Major Howard E. Carruth, M. C. Medical Officer.

## Oregon Gravel Company to Make Water Meter Cases

Salem industry received another boost yesterday when the Oregon Gravel company contracted to make 24,500 concrete water meter boxes for the city of Portland. This involves the expenditure of \$28,665, and practically 85 working days for a number of people in this city.

Portland is spending a total of \$223,800 for meters to be installed in the east side of the city.

## BASEBALL TEAM PROMISES GOOD

### University of Oregon Has Fine Material for Squad Basis This Year

UNIVERSITY OF OREGON, Eugene, April 4.—(Special)—Prospects for a winning baseball team at the University of Oregon are bright. Coach Reinhart has few weak spots on the team, and a pitching staff that is superior to last year's twirlers.

Besides "Skipper" Brooks, who did most of the twirling last year, Reinhart will have the services of Fred Harrison, Carl Knudsen, Harry Dutton, Ray Williams and Ray Murray. Williams, Knudsen and Brooks are lettermen, Knudsen pitching for the varsity four years ago. Harrison has more speed than any other pitcher on the team and excellent control. Williams got off to a bad start last year, but seems to have shown much improvement over a year ago.

Behind the bat, Reinhart has Jack Bliss and Sam Cook, lettermen; Charles Orr, substitute receiver last year; and George Minnaugh, who has just graduated from the freshman squad. As the receiving should be well taken care of by Bliss and Minnaugh, Cook may start either at third or first.

Fred West last year with the freshman squad, and Frank Troutman are the leading candidates for shortstop. Both are good fielders but are only average hitters.

Besides Cook, Rex Adolph, Jimmy Scriptures, Veri Flynn and Donald Husband are fighting for the first base assignment. Adolph and Flynn are from last year's freshman squad; Scriptures played for the "babes" two years ago. Husband came from another college and was not eligible last year.

In the outfield are Knudsen and Douglas Wright, lettermen; Pete Brooks and Frank Reinhart from last year's freshman team; and Peterson and Peterson and Toole, 1924 substitutes.

## LEWIS WORKING HARD FOR FIGHT

### Boxing Fans Taking Keen Interest in Next Card Here Friday Night

Frankie Lewis worked out with 15 hard rounds Saturday as a part of his training program in order to be in shape to meet Charlie Dawson of Eugene in the main event Friday night.

Fight fans are taking an unusual amount of interest in the coming bouts, which are slated to be the best of the season. Billy Gardeau of Portland will challenge the winner of the event.

Matchmaker Plant is busy lining up two four-round events for a certain raiser.

Kid McCormack of Oregon City and Billy Robbins of Portland will provide entertainment in the semi-final, mixing things for six three-minute rounds.

## STATE TOURNEY SHOWS PROFITS

### Less Than \$100 Remains to Pay All Incidental Expenses Coming Up

A total of \$2360 was taken in by the representative of the Oregon basketball tournament, according to the figures released by Prof. Erixon, who had charge of the receipts and expenditures. A sum of \$2293.06 was paid out by the promoters and as a result less than \$100 is on hand to meet some of the incidental expenses coming up.

Competing teams of the tournament were put up at local hotels making a change in the method of caring for the teams. Previous tournaments were different in that part of the players were kept in the fraternity houses, but it was thought the coaches would like to have their players together.

The hotel bills amounted to \$583.05, which included all board and room expenses incurred by the teams. A total of \$780.84 was spent upon railway fares, which was 93 per cent of the money actually expended by the teams. The remaining 7 per cent was paid by the schools sending the teams.

The railway expenses, was the only item of the total to be spent outside of Salem.

Advertising, printing, labor on the gymnasium, police service, official expenses and other fees brought the miscellaneous expenditure up to a total of \$927.17.

## CHEMIST SAYS POISON FOUND IN TWO BODIES

### Investigator for the prosecution conferred with Judge Olson this morning, after which the judge told newspapermen that

one's chemist would then be ready to report on tests on the bodies of Mrs. Emma Nelson McClintock, mother of the dead millionaire, and Dr. Oscar Olson, friend of the family, which were exhumed at the suggestion of Judge Harry Olson of the municipal court, instigator of the investigation into the death of McClintock. Judge Olson has expressed the opinion that Mrs. McClintock and Dr. Olson may also have been victims of a long plot by Shepherd to gain control of the McClintock fortune.

Investigators for the prosecution conferred with Judge Olson this morning, after which the judge told newspapermen that

## GOLF TALKS

### By Graham P. Sharkey

This is a first of a series of short talks on golf by G. Sarkey, professional instructor at the Illice Country Club.

"To begin with and I may say this without any qualms, I know of no game where the rules are ignored as much as in the game of golf.

"To make a bold shot to the pin will cause more than one to overlook the rules respecting lifting the ball, soiling the club or any other point relating to the location of position of the ball in play.

"A golfer cannot start better than preserving this as a perpetual memoranda. A golfer who persistently and habitually plays the ball as it lies will make few mistakes, whether through the fairway or on the putting green. No true golfer wishes to profit by his opponents misfortunes but, nevertheless, it is his duty, if he knows the rules, to inform him.

"In conclusion, let me again quote the fundamental principle of golf. Play the ball as it lies and you will automatically avoid the majority of the ordinary transgressions of the rules and the spirit of the game—as I was once told, if you do not want to play from there, one should not have knocked it there in the first place."

One of the surest ways to ruin a model round of golf is to allow trivial things to upset the player. If your opponent has the misfortune to lose a ball causing a delay while you search for it don't let

## Are You Ready for the Big Ones?

When you go over your tackle box this week remember we have everything you need to start the season right.

Winchester rods, reels, lines, and accessories that will please the most particular fisherman.

Special 9 ft.-6 1/2 oz. Bamboo rod, extra tip, Bamboo tip case, well wrapped, perfect balance and action.

Regular \$7.50 rod. Special this week \$6.00

## Kills Catarrh Germ In Three Minutes

### Chronic catarrh, no matter how bad, and cases of bronchial asthma, now yield instantly to the amazing discovery of a French scientist. This drugless method called Lavex kills the germ in three minutes, yet is positively harmless to the most delicate tissue of your head and lungs are cleared like magic. Sufferers are relieved in a single night. To prove it and to introduce Lavex to a million sufferers in one month, I offer to send a treatment free and postpaid, to any one who will write for it. No obligation. No cost. If it cures you, you can repay the favor by telling your friends—if not, the loss is mine. No matter what you have tried, just send me your name and address for this generous free treatment and prove that you can be rid of catarrh.

W. R. SMITH, 3194 Lavex Bldg., Kansas City, Mo.

## New Strength and Energy For Tired-Out Men

ONE of the most serious mistakes that busy, hard-working men make is to blame that slightly tired-out, "fallin'" feeling and cranky disposition on the work they have done all day. Far Doctors tell us that in thousands of cases the real trouble is not hard work, but simply a run-down condition of the system due to this, watery blood.

Everybody should know that a man's strength, vigor and endurance, his capacity for long, hard hours of physical or mental effort depend chiefly on the condition of his blood. If your blood is rich and red, you may perform the most strenuous work day after day—you still feel vigorous and strong, and have enough energy and enthusiasm left to enjoy the company of your wife, and the normal, healthy, noise-making of your children when you come home at night. And science now tells us that the blood gets this remarkable energy-building power from a special form of iron which it contains—known as organic iron.

According to many well-known physicians it is simply because of a lack of this organic iron in their blood that so many thousands of men are always weak, fagged-out and exhausted, constantly squabbling with their wives and children, worrying over trifles, nervous and dependent, sleeping poorly and forever ailing and declining for insanity. In such cases nothing will do you as much good as getting back into your blood the strengthening organic iron without which you cannot be strong and vigorous. For this purpose nothing is more effective than Nuxated Iron, which has been recommended and prescribed by many well-known physicians. For Nuxated Iron is a wonderful, new combination of organic iron, like the iron in your own blood and like that in spinach and lentils. It is entirely different from the old-fashioned liquid medicines and pills made from ordinary mineral iron—does not injure the teeth or disturb the stomach.

Take Nuxated Iron for just two weeks and you will be astonished how quickly it helps you build up rich red blood, revitalizes exhausted nerves and give you new fireless strength and energy. Millions of people are using it, and it is sold under an absolute guarantee of satisfaction or your money back. At all good druggists.

NOTE: Be sure you get the genuine Nuxated Iron with the letters NI on every tablet, and take no substitute. Nuxated Iron is the only kind sold under the above money-back guarantee.—Ad.

## Real Values in STOVES

### Wedgewood Combination

BURNS COAL OR WOOD AND GAS

Greatest triumph of the Stove industry, not only a beautiful range but its completeness and convenience are unexcelled. Big outstanding features are many. Two ovens for instant service, lower for coal or wood; upper for gas only. Four cooking holes for coal or wood; four cooking holes for gas; all white porcelain front with blue, gray or black porcelain side; this range is a real beauty to look at and works just as good as it looks. Let us show you why your next range should be a WEDGEWOOD.

**Free** A 32-Piece Set of Dinnerware absolutely Free with each Range

Please bear in mind that we will show you every Range we have in stock without obligating you to buy. We want you to see what we have, what our prices are and how they compare with those of other houses.

Then we feel that our goods are much better selected than the average line and the combination of BETTER GOODS AND LESS PRICE must induce you to voluntarily place your orders here. Credit cheerfully extended.
