

# TWENTY ROUNDS OF BOXING ARE OFFERED AT ARMORY TONIGHT

## INTEREST KEEN IN MAIN EVENT

### Dawson and Lewis Are in Tip-top Shape; Gardeau to Challenge Winner

One of the best-balanced and selected participant boxing cards of the season will be offered to Salem fight fans by Matchmaker Harry Plant at the Armory tonight. The first curtain raiser is called for 8:30 o'clock sharp, with 20 rounds on the books.

Frankie Lewis, scrappy Indian fighter of Salem, has met the requirements made by Charlie Dawson, of Eugene, and weighed in last night at 128 pounds. Dawson's fighting weight. From all accounts this match, which is slated for 10 rounds unless ended at an earlier period, will be a hummer from the start as both boxers know their stuff and are willing to mix with opponents.

In the semi-windup, Billie Robbins, of Portland, 107, and "Kid" McCormick, of Oregon City, 105, will mix for six fast rounds. Robbins met Babe McCormick, the

"Kid's" brother, at the last fight and was an easy winner. The "Kid" was slated for this match but was unable to appear due to an injury. He is back this time and ready for the meeting.

Two snappy 4-round preliminaries will open the program. The first of these will be between "Eddie," of Salem, 118, and Boyd, of Eugene, 115. In the second event of the evening Shadow Grotz, 144, and Eddie Patzer, 150, both of Salem, will provide the entertainment.

Billy Gardeau, of Portland, who has met both star performers of the evening, will be on hand to challenge the winner of the Dawson-Lewis bout.

thereupon sought the advice of the leading psychiatrists and alienists. After a great number of physical and mental tests these specialists came to the conclusion that the defendant was insane.

"The verdict at the hands of the special jury is the greatest victory for the scientific treatment of abnormal persons ever recorded in California. It will mean the beginning of a new era in the treatment of those who are mentally sick.

"While the charge of murder against her probably will not be dismissed, we do not anticipate that she will ever be called upon to face a jury on that charge. From the information furnished us, it will be many years, if ever, before she is cured of her present mental condition."

The insanity jury contained nine men and three women. The verdict requiring an agreement of nine, was voted by 11. One man dissented. After the verdict the girl refused to see her father, Joseph Ellingson, and her brother Earl, who had testified that they believed her insane. She found no comfort in the verdict, pointing out that some day she would be found sane and then would have to face murder charge over again.

## INTER-CITY GOLF MEET IS PLANNED

### 16 Man Team to Stage Play Between Vancouver and Illahee Country Club

Fred A. Williams, chairman of the tournament committee of the Illahee Country club, announces that there will be a 16-man team match at the club on Sunday, April 19th, between Vancouver Country club, (Washington) and the Illahee team.

This is an opportunity for Salem to show their hospitality to a bunch of good fellows who have always visited the state fair as the "Prunarians" and in many other

ways have shown favoritism for Salem.

Some of the Vancouver boys including "Hap" Miller, the great Washington University half-back, were down Sunday and announced that our golf course was certainly in fine shape and they enjoyed the day very much.

Many of them will be accompanied by their families and it is hoped to make a real "gala" affair and at the same time come out with a victory.

### London Syndicate Seeks Treasure Sunk 100 Years

LONDON, April 9.—Searching for sunken treasure in Navarino Bay, off the Greek coast, where a fleet of Turco-Egyptian and Tunisian vessels went down nearly a hundred years ago, was begun by a London syndicate of insurance brokers. Specially designed salvage ships were sent to the scene with the hope of being able to carry out their purpose. Members of the expedition have come to London for additional supplies and diving apparatus and, according to their reports, 63 ships were lost on which there were gold, precious stones and statuary which the Turks had removed from Greek towns.

The treasure had been taken on board the fleet for transport to Turkey when Admiral Codrington in 1827 engaged the vessels in battle and sank most of them. The bay where the work has been started is about four miles square, with a rock bottom and a maximum depth of water of approximately 180 feet. It has been estimated, however, by divers, that the sunken ships have been covered with several feet of mud washed down with the waters from nearby mountains. A concession for carrying on the salvage operations was granted by the Greek government, which is to get from 15 to 20 percent of the proceeds of the expedition.
