TURNER CHURCH DEDICATION SET

New Building Will be Occupied for First Time on Sunday Morning

Dedication services in the new Christian church building at Turner will be held Sunday at 10:30 a. m. This magnificent building which is a gift to the Turner Church of Christ has been erected by Cornelia Davis in loving memory of her brother George H. Turner and father and mother. The opening hymn of the service will be "Forever With the Lord" the favorite hymn of George H. Turner. Opening prayer will be offered by Michael Shelley, pastor of the congregation. Special music will be rendered by singers from the Stayton church of Christ. A short address will be made by S. M. Endicott who supervised construction of the building. President E. C. Sanderson, of Eugene Bible University, will deliver the dedicatory sermon and the dedicatory prayer will be offered by C. F. Swander, superintendent of missions for the Churches of Christ in Oregon.

The Sunday school assembly, followed by the Lord's supper will be held at 9:30 o'clock in order to permit all to go to the dedication services an hour later. This will be the last service in the old building.

Revival services began last Sunday by F. L. Purnell. These services will be held in the new building after this Sunday.

The regular convention of the Santiam District Sunday school rouncil was held in the high school auditorium last Sunday. Different Sunday schools in the district were well represented.

Jason Lee Revivals Are Bringing Fine Results

The revival services at Jason Lee Memorial church, which have continued for three weeks have been continually gathering force almost every night this week has seen definite decisions for Christ.

The endeavors of Rev. Atcheson has been to awaken each individual Christian to their personal responsibility and privilege in the program of God regarding those around them. This challenge has been met by a keen response from the membership which is in no small measure due to the success of the campaign.

A very fitting gospel message was brought last night by the pastor, taking as his topic "The Cup of Gethsemane and Calvary." As the scene of sufferings in the garden and upon the cross were reviewed, deeper meaning was added by the speaker's power of description.

Before the altar call was given at the close of the service an effective gospel invitation was given in song by the "Gilbert Trio."

At the services Sunday the evangelistic spirit will prevail. Two special gospel meetings will be held Tuesday and Thursday evenings of next week at 7:30. The time in between is to be used for a special effort in personal work. A hearty invitation is extended to all who can join with us in those services.

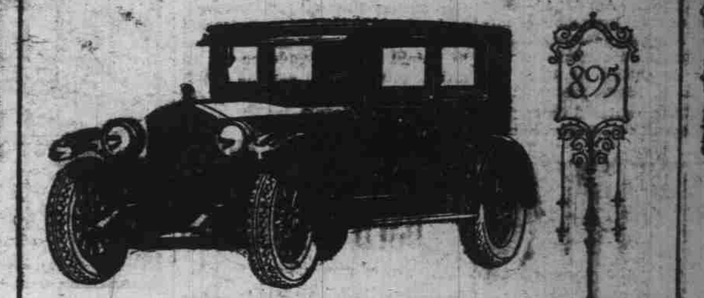
The Church That Welcomes Strangers

The finest Essex ever built



Never Before Such Quality at or Near the Price

Today's Essex is the finest ever built. It is the smoothest, most reliable Essex ever built. It is the best looking, most comfortably riding Essex ever built. And the price, because of volume, is the lowest at which Essex ever sold.

Its overwhelming public acceptance confirms by actual sales supremacy the outstanding leadership of Essex value. Never was that position so clear, and so rightly deserved as today.

Essex won its great recognition on the issue of finest quality, performance and utility without useless size, weight or cost.

And with its low first cost and operating economics, you get qualities of long-lasting, reliable performance, smoothness and riding ease.

Essex requires little attention to keep in top condition. Its maintenance cost, we believe, is the lowest of any car in the world. You sacrifice no motoring pleasure, comfort or good looks that large, high-priced cars can give.

Can any other car within hundreds of dollars of the price satisfy you so well?

Thousands have said, "This is the car I've been looking for!"

THE Rollin fills a niche in the motor-world that is open to no other car on the market. Its greatest appeal is to those who want the luxury, the prestige, the mechanical superiorities of the big, costly cars *in a smaller car.*

It is a fact that no car, regardless of price, uses finer materials than the Rollin. It has everything that people of taste require in a motor-car: Beautiful bodies, finished in Duco in many color combinations; a powerful, sweet-running motor of European type, designed by Rollin H. White; a short-turning radius; trafficability unmatched on the road.

Engineers have called the Rollin "the only really fine small car being built in America." The Rollin motor—built like a finely jeweled watch—will still be good at 100,000 miles. It develops amazing power on the hills and straightaway, and gives 25 to 30 miles to the gallon of gasoline.

See this perfect gem of a car. Drive it. Feel that surge of power under your toe. Sense the safety of those 4-wheel brakes. In all truth, no car like the Rollin. "There is nothing finer on four wheels," thousands of Rollin owners say. The Rollin Motors Company, Cleveland, Ohio.
