PAVING BIDS ARE APPROVED BY CITY

Mixer Purchased; Contracts for Materials for Street Use Are Let

Following a special meeting of the city council last night bids for the purchase of sand, gravel, cement and a concrete mixer were approved. Previous to this action, however, the street improvement committee had acted upon the matter.

The Smith paver was purchased after the street improvement committee had made a special investigation of one used at Marshfield. It is a five sack machine, which will replace the two sack mixers used at present.

The Salem Sand & Gravel company are to furnish sand and gravel, mixed ready for the paver. This method of purchasing the sand saves time and labor, and much of it is expected. The bids for the sand and gravel called for bidders being erected for mixing the two products.

The Sun Portland cement company of Lime, Ore., secured the contract for 33,000 barrels of cement.

Wrinkles Disappear in Fifteen Minutes!

If you want to see wrinkles, age lines and sagging completely disappear from your face in less than 15 minutes, just mix a spoonful of powdered tartarum with a spoonful of lemon juice. Apply this soothing mixture to your face. Before your very eyes, while you watch in the mirror, the ugly marks of age will disappear like magic. It is most startling. Behold, now, what you looked like when you were young. Watch the "wrinkles" correct themselves! Enjoy the strange, delicious sensation of stimulation, support and plump, smooth firmness.

When you wash off the application, your face looks years younger. The effect is far better than that of a face massage. Tartarum is so harmless you could eat it. From your druggist you can obtain a package containing enough of this medicine to treat you down to the next election.

STUDENTS FORM LANGUAGE CLUB

Membership is Open to Willamette Students Taking Latin or Greek

The students of Willamette University have organized a classical language club for the purpose of advancing the interest taken by the Willamette students in the classical languages, Latin and Greek. Professor Kirk, head of the classical language department of the University has given the students a great deal of assistance in the work of organization and deserves a great deal of credit for the work in that regard. The club will be known as "The Willamette University Classical Club" and the membership is open to any student in the university that is studying a classical language.

At a recent meeting of the club the following officers were elected: President, Miss Ila Comstock, of Portland; vice president, Miss Eloise Allor, of Dundee; recording secretary, Miss Lillie Christopherson, of Roseburg; corresponding secretary, Miss Edrie Housley, of Salem; treasurer, Robert Witty, of Portland and chairman of the program committee, Ailyn Moede, of Bridgeport, Washington.

At a local hospital, April 14 — The fumes of three kinds of gases will open yeggs who might attempt to greet the vault of the state treasury here with acetylene or oxyhydrogen torches, W. G. Potts, state treasurer, announced here today with the completion of a new safety device on the door of the vault. Heat will release a plunger which smashes three glass containers of liquid gas, he said. The fumes would last 12 to 15 hours.

State Cannot Intervene—

The state cannot intervene with the appeal by the Pacific Power & Light company in the United States supreme court. Attorney General I. H. Van Winkle has advised Rhea Luper, state engineer. The case involves adjudication of water rights on Hood River. Originally the Oregon Lumber company brought suit against the East Fork irrigation district, the district being upheld in the lower court. When the matter was referred to the state water board, power interests using water were included and made parties to the suit. While the state is now permitted to intervene, it can file briefs which will be done, Mr. Luper said yesterday.
