COMB SAGE TEA

Darkens Beautifully and Restores Its Natural Color and Lustre at Once.

Common garden sage brewed into a heavy tea, with sulphur and alcohol added, will turn gray, streaked and faded hair beautifully dark and luxuriant. Mixing the Sage Tea and Sulphur recipe at home, though, is troublesome. An easier way is to get the ready-touse preparation improved by the addition of other ingredients, a large bottle at little cost, at drug stores, known as "Wyeth's Sage and Sulphur Compound," thus

avoiding a lot of muss. While gray, faded hair is not sinful, we all desire to retain our youthful appearance and attractiveness. By darkening your hair with Wyeth's Sage and Sulphur Compound no one can tell, because it does it so naturally, so evenly. You just dampen a sponge this through your hair, taking one small strand at a time; by morn ing all gray hairs have disappeared. After another application of two your hair becomes beautifully dark, glossy, soft and luxuriant and you appear years younger .-

Bodies of Two Germans Held by Custom Officials

MANILA, April 21 .- Customs and health officials are puzzled over what disposition should be made of the coffins containing the bodies of two German subjects who died here during the World War. The bodies, as well as other German property confiscated during the war, have been in the customs warehouse for nearly nine years, but cannot be moved in view of a court decision several years ago to the effect that no German property can be sold or in any manner disposed of by the insular government.
