By AUDRED BUNCH

ONE HUNDRED GUESTS were invited to participate in the formal dance last evening in Derby Hall at which Mrs. P. A. Elker, Mrs. W. T. Grier and Mrs. Will Hamilton were hostesses. The affair took place against a lovely background of April flowers. In the reception room, transformed to resemble an attractive living room, brimming art baskets of pink, glowing tulips with spirea and iris in pastel shades were used throughout. The same flowers were not only decked the halls but also were repeated at the Gray Belle where the hostesses for the dance entertained the entire company at a late supper party.

The tables were lovely with flower vases and candle-sticks all in crystal. Pink tulips, spirea, and iris filled sparkling glass vases on each small table. On the center table was arranged a more elaborate bouquet of the same colorful April flowers with a candleabra of iris-blue candles.

The entire evening proved one of the most distinctive and enjoyable of a festive spring season.

Sunday visitors from Portland, at the home of Dr. and Mrs. Goffrier were, Dr. D. D. Young and family, Dr. and Mrs. T. E. Forster, Kenneth Richardson, and Mrs. L. Carrington and little granddaughter Geraldine Sumner. The three ladies are sisters of Mrs. Goffrier.

Miss Mildred Jaeger was the inspiration for an attractive birthday party on Saturday evening at the home of her parents on North Fifth street. A delicious birthday luncheon was served at a late hour. Pink tulips in a crystal bowl centered the table, while pink candles were used in crystal holders. The dainty place cards gave the same color motif. Tiny pink candles in rose-bud holders were used on the white-iced birthday cake.

All the numbers which were given at the Musical Tournament at Forest Grove in which Salem high school students participated so successfully will be repeated at 8 o'clock this evening in the high school auditorium under the direction of Miss Lena Belle Tartar. Mrs. Edward Lampert is leaving this morning on the Shasta for an extended visit in California. Mrs. Lampert will probably spend the greater part of her time in San Francisco.

The members of the Salem high school debate team with Superintendent George W. Hug and Principal J. C. Nelson as special guests met last evening at the Gray Belle for an eleven cover dinner party. A basket of iris and spirea centered the table.

It is, is a hobby available to only a few.  
As far as is known, Mr. Paulus is the only amateur photographer in the northwest who is actually engaged in auto chrome making. One is advised by all the leading photo supply companies in the northwest that they are discontinuing this line, due to the fact that so few are able to carry out the work.

There is a complicated science in the making of plates, and in the taking of the pictures, and in the development of them. But the results are so gratifying in their beauty, depicting as they do the natural colors, that autochrome making is a hobby of great satisfaction.

The exhibit of Mr. Paulus' autochromes at 8 o'clock this evening at the city library is open to the public, with no admission charge.

That there are a whole lot of people who spend their lifetime wishing for a home. They keep paying rent and never start to buy or build one.

That to a few people, home is just like a place to go when they have no other place to go, but to most people it is the happiest place to go.

That the desire of every worthwhile citizen is to own a home; one that is attractive and well built.

That people who haven't a home of their own are missing one of the greatest things in life. People who live in a rented house have no home; they just have a place to live as long as they can pay rent.

That now is the time to buy or build a home. Being a home-satisfaction, but is the best possible recommendation as to stability.

People who own their own homes have invested their money in something that brings sure dividends to themselves, their family and their home city.

The General Aid society of the Jason Lee Methodist church will meet at 2:30 o'clock this afternoon, instead of on Wednesday afternoon. The change is made on account of the funeral of Dr. E. E. Gilbert.

A complete line of prints, and four trunks of water colors and oils in the original, among these those of Vincent, which are so greatly in demand, will be exhibited in Salem the latter part of the week by Joseph Muller of New York city. The exact day the exhibit will arrive has not yet been determined.

Numerous Corvallis friends of Miss Lena Belle Tartar will be interested in the announcement that her Salem pupils in voice and piano won the silver cup at the state musical tournament held recently in Forest Grove, Salem sent 13 entries, the young people winning four firsts, three seconds and one third. The group won four cups and later at the ban-

take part in the celebration. Scooter Race Under 10 Years bronze medal will be offered for first prize for the scooter race.

Plank Ride Test  
In addition to the big parade through the city streets and the awarding of prizes for decorated wheels and other make-ups by those who participate will have an opportunity of competing in a novel event—riding on a plank 150 feet long, 5 inches wide, and 1 inch high. This is said to be an interesting and amusing contest, yet safe for the youngest

rider, to attempt. The first prize to the rider covering the greatest distance on the plank will be a gold watch valued at \$25. There will be no entry fee for this event or the parade. In fact everything is free.

Every rider in the parade, as well as those without bicycles, will be presented with a valuable book on safe cycling. Safety first is the slogan of the promoters of the parade, and there will be no racing along the road or at Willamette athletic field, where a safety first demonstration will probably be given, together with the awarding of the prizes.

Mrs. E. J. Bolsch of Silverton was in the city on business yesterday.  
Mrs. J. W. Sadler, Woodburn, was in Salem on business Monday.  
Miss Edna Rees of Monmouth transacted business in the city Monday afternoon.

There is a new way, based on decades of skin study. It brings instant relief, healing starts at once, complete results come so quickly they often seem magical.

Sulphur is one great factor. Probably no better way will ever be found to deal with skin parasites. But a new combination brings multiplied effects.

The new way is called Mentho-Sulphur. Discomfort ends the moment you apply it. In a few hours the healing shows. And countless people are amazed to see how quickly the entire trouble ends.

Use this new-day method. Just ask your druggist for a jar of Rowles Mentho-Sulphur. You will learn that skin troubles can be removed almost as easily as dirt.
