COLLEGE STAFF ENJOYS OUTING

Annual Picnic of Students Is Staged at Spong's Landing Thursday

The Willamette university Collegian staff motored to Spong's landing Thursday afternoon for the usual staff picnic. About 20 of the staff members were present, including Miss Juanita Henry, editor, and Miss Elizabeth Hyde, editor-elect. Prof. and Mrs. Williston acted as chaperons. The management of refreshments and other preparations were taken care of by Miss Elsie Hop Lee, society editor. Members of the staff amused themselves by taking charge of the interesting features offered at the landing. Daniel Taylor, associate editor, claimed to be the champion horseshoe pitcher of the

staff, was very successful in upholding his title. A delightful supper, consisting of buns, meat loaf, fruit salad, ice cream and waters was served after the staff had wearied of the horseshoe contest and other amusements. A number of the more talented members then amused the crowd by impromptu rendition of several of the more noted classical plays, under the direction of Professor Williston. The party broke up at an early hour and the staff returned safely to their homes although several of them were later than the required 7:30 in arriving.

Willamette Classical Club Will Hold Meeting Tonight

Willamette university classical club will meet at 7:45 this evening at the home of Prof. W. E. Kirk, 1450 State. The club is composed of students in the university who are studying the classical languages—Latin and Greek. The purpose of the club is to develop a more pronounced interest in the study of the classical languages, and while it is but newly organized, it has made several developments along that line. The activities of the club are under the supervision of Professor Kirk, head of the department of classical languages, and he deserves considerable credit for his activities in this regard. The program for the evening will include a number of musical selections and the reading of papers prepared by students on subjects pertaining to the study of classics.

Cherry Spraying Is Urged By Local Orchard Expert

To kill the sineta beetle, which attacks cherries, one should spray at this time, according to a statement made by Knight Pearcy. Already many of the growers have gone after the beetle and have sprayed their trees. J. R. Chapman, Jim Smart and the Schindler brothers have gone over their orchards. Spraying at this time will protect the young cherries and allow them to grow for marketing purposes. It is stated that lice are forming on rose bushes of the city, and unless they are attacked now, will prevent blossoms from forming.

BOY KILLED AT PLAY
LIVERMORE, Cal., April 30.—O. O. Olson, 15, a student at the Livermore high school, was shot and killed today while playing "Indian" with a fellow student, Don Mason, also 15. The boys had found an old rifle and young Mason playfully pointed it at his companion's head and pulled the trigger, not knowing that it was loaded, the authorities said.

Show windows at home

YOU can get a degree of enjoyment just by looking at show windows . . . seeing the clocks, radios, fountain pens you might like to own. But you can't be sure you'd like them till you know their unseen merits. What they do, how well they do it, how long they'll keep on doing it well.

When you look at advertisements, you are looking at show windows that display not only what you see, but what you can't see. The product, its quality, use, pleasure to you. All you want to know about it—yours at a glance. You don't need to walk blocks to see what's new . . . nor look at it in doubt. Nothing doubtful is offered. It can't be doubtful and be widely advertised. You are as sure of a product's worth as if you saw it in a window, asked about it, examined in, took it home and tried it. The facts in advertisements are the facts of actual use.

You can get more than enjoyment out of these show windows at home. You can get solid economy.

Read the advertisements. They make your choosing wise
