Many clubs have penny collections, but the Sons of Veterans' auxiliary had a dollar collection last Tuesday evening at their regular meeting which netted them \$21, with more to be added at next meeting.

The dollar collection was made the occasion of a sociable and very enjoyable time, by the reading of original poems telling the method of earning the dollar for this occasion. Florence Ship was the promoter of this successful dollar campaign, and to her is due much credit.

Following are some of the original poems telling of ways in which members earned the required dollar:

**I earned my large, round silver dollar—**  
Which at your request,  
I turn it over to be used  
As you think best.  
—Lorraine Robbins.

**I mowed the lawn:**  
Round and round, then round again.  
Turn and turn and turn again,  
Up and down, 'twill soon be done.  
The weekly task I have begun,  
Then to my family large and small  
I can rightly claim to all  
My dollar truly have I earned,  
And all assistance duly spread.  
—Mrs. Gertrude Remington

**Florence took an orange,**  
A lemon and sugar, too.  
She cooked them all together  
And made a little stew.  
She got a little stick,  
And made a little spade,  
She stirred the stew till it was thick,  
And called it marmalade.  
She wrote it on a paper,  
And sold them for a dime.  
At last she counted up her cash.  
Says she: "I'm quite a scholar;  
I've just saved up dimes enough  
To make my auxiliary dollar."  
—Florence Shipp.

**Dr. and Mrs. B. L. Steeves** entertained as their house guests

**The way I earned my dollar**  
Was very meek and mild;  
I simply took care  
Of my neighbor's child.  
—Mrs. Jennings.

Which made it holler,

## REFUSE TO SIGN REFERENDUM PETITIONS ON BUS AND TRUCK BILL

Sample of Pavement Between McMinnville and Sheridan.

The State Highway Commission has just let two contracts; one for reconstructing 11½ miles of highway between McMinnville and Sheridan, a portion of which is shown above, at a cost of more than \$36,000.00 and another for 10 miles on the Columbia River Highway between Stevens and Astoria at a cost of more than \$261,000.00.

Their portable paving plants are constantly repairing the highways at great cost and the Highway Engineer has estimated that it will cost the Commission \$50,000.00 to patch and repair the Pacific Highway between Salem and Oregon City.

The heavy commercial freight Trucks and Motor Buses have done the greater part of this damage within the past two years.

The taxpayers and private car owners pay at least 95 cents out of every dollar of this bill.

Referendum petitions are being circulated by the Motor Bus and Freight Truck Associations to submit the "Bus and Truck Bill" passed at the last session of the Legislature for vote by the people in November, 1926. The effective date unless referred is May 28, 1925. By these referending petitions operators of commercial Buses and Trucks hope to put off for 18 months the date when they must start paying for at least a portion of the damage they are doing to the roads.

This Bus and Truck measure should not be held up to permit the commercial operators to escape payment of a fair part of the cost of repairing the road destruction done by their operations.
