

EQUINE BALLET TO FEATURE BIG SHOW

Wonderful Display of Horses to be Seen in Al G. Barnes Big Circus

What would you do, if you saw a beautiful girl from the Land of Romance riding an exquisite golden horse?

Well, that is what you'll see when the Al G. Barnes big four ring circus comes to Salem Thursday, May 7. With the resplendent "Equine Ballet" featuring one hundred handsome dancing horses and one hundred fair women.

In the gorgeous, sensational extravaganza which opens the big program, horses of pure, natural golden ridden by girls of extraordinary beauty will dance before you. This is the dream that Al G. Barnes has brought to a wonderful reality—a dream of gathering together the 100 most beautiful girls and horses in the world and presenting to the public an offering which would eclipse anything previously staged.

These splendid steeds, valued at \$112,000 are only a part of the 550 trained horses of the show. More than 2000 educated wild animals, including Lotus, the largest and only performing blood-sweating hippopotamus on earth will be seen when the big top goes up.

You will also see more than a hundred "junkies" bathing beauties of Southern California in the ballet and chorus of "Pocahontas at the Court of Queen Anne," the gorgeous pageant that opens the gigantic program. Many of these pretty girls have played principal parts in the latest motion picture productions this year.

Dashing Dancers Featured In Bligh Vaudeville Show

Heading a new bill at the Bligh theater are the "Medal Winners" with the dashing demons, Roy and Warren Scott, who feature comedy, character and artistic dances, and Miss Laura Follette, a blues singer, with George Vaughn, the piano wizard, coming in for his share of the honors. Alice Fredrick and Lucille Wayne are also a big attraction in the offering.

The act is a novel one, and above all shows the girls to great advantage, while the wardrobe and scenery and the clever staging make it a snappy and picturesque number.

Johnson and Crane offer a skit called "The Great All." They bring with them something new for the Hip fans, and promise to do nothing but entertain while they are on the stage.

Cortelli and O'Dowd in "Comedy and Song" are a clever team on the current bill. They take the English language and mix it up so thoroughly that there is nothing left of it but fun. One member of the team is a character comedian, impersonating an Italian, the other doing straight. Songs are thrown in for good measure.

A bewitchingly attractive girl, possessing four distinct voices, is Margie Carson. Miss Carson is considered one of the most beautiful women on the vaudeville stage. She comes to vaudeville from musical comedy, and will offer several bits of her hits to the Hip fans.

Peerless Hilbert offers something new in the aerial art. He opens the show by himself, and will give the fans his own idea of an aerial act.

Senators Will Make Trip To Oregon City Today

The first game away from home this season will be played at Oregon City today by the Salem Senators. The Papermakers are a formidable aggregation and some stiff opposition is anticipated.

Both Oregon City and the Senators have defeated opponents in both games played this season and are topping the Interstate baseball league.

Teams defeated by Salem this year are the Camas and Vancouver teams.

SOLOIST WILL BE HEARD WITH ORGANIST TONIGHT

MRS. JAMES H. SHEARER

A sacred musical is to be presented at the First Methodist church tonight at 7:30 o'clock featuring James H. Shearer, the Scottish organist, and Mrs. Shearer, soloist.

Mr. and Mrs. Shearer appeared here about two years ago and were well received. They are to repeat their performance and music lovers are promised a treat.

The organist and soloist are endorsed by such musicians as Widor of Paris and Scharwenka of Berlin. A few recent press criticisms say: "The final organ number commanded thunderous applause. Mrs. Shearer's opening song made every musician in the audience sit up and take notice, for here was singing of a high order."

"Mr. Shearer proved himself an artist at the organ and after his description of the pieces the organ just seemed to talk and tell the story of what was in the mind of the writer as it had been described. His perfect ease, composure, technique and brilliancy in playing showed him to be in the front rank of recital organists."

It would not be easy to choose the best of Mrs. Shearer's songs. Each was sung with real art. Her voice was great musical beauty and power, to which has been added the charm of a winning personality."

NEW SCIENCE CLUB FORMED ON CAMPUS

Victor Hicks is President; Meetings to be Held Once Each Month

A science club has been organized on the Willamette University Campus for the purpose of promoting scientific thought among the students. The officers to serve for the rest of this year are, president, Victor Hicks; vice president, Ronald McKinnis and secretary, Gerald Pearson. One of the unique features of the club is that there will be no treasurer elected.

Mr. Hicks, club president was recently awarded a scholarship in physics at the University of Washington for the coming year.

The club will include activities along all lines of science such as physics, chemistry, botany, and Mathematics. Several of the Willamette professors will lecture before the members of the club along the lines that are included in their department and a number of men from outside who are engaged in the practical application of the science will be invited in that the members may become acquainted with the practical side of each science.

The club will meet every three or four weeks, one third of the meeting will be devoted to discussion and the other will be used by a speaker, either an authority along the lines of science or some student will present a few ideas along the lines of original thought.

Three professors, Von Eschen, Clark, and Brown have been secured as faculty advisors.

Bits For Breakfast

On the last lap— For the second linen mill. Make it snappy.

Salem built almost a home a day for the week days, last year. This year, for the first four months, she built a home a day for every day, including Sundays, with five over for good measure. It was 24 for January, February 35, March

Women—Keep Young!

With This Red Blood Food of Millions

Any doctor will tell you that the real reason why many women grow old too young, with drawn, haggard faces and scrawny figures is simply lack of sufficient iron in their blood—and that by merely getting more iron into their blood, these same women may quickly regain youthfulness, energy and vivacious charm.

But be sure that the iron you take is Nuxated Iron and not the ordinary mineral iron that people have used in the past. Nuxated Iron is a new, vital new combination of organic iron, like the iron in your own blood and like that in spinach and lentils. Does not injure the teeth or disturb the stomach. Takes it just two weeks and you'll be astonished how much younger and better you look and feel. Money back if not delighted. At all good druggists.

day and the official vote for the entire country was announced the next day. It was rather close, at that, which makes the prompt return the more remarkable. There were 14,639,399 votes for Von Hindenburg; 13,752,244 for Marx; 1,931,593 for Thaeumann and 20,910 scattering. Here was a total count of more than 30,000,000 votes and the result known before sunrise. There have been elections in the country in which less than 8,000,000 votes were cast and in which the official figures were not available for many days.

The WOMAN on the JURY

Kills Gattarrh Germ In Three Minutes

Chronic catarrh, no matter how bad, and cases of bestial and venereal disease yield instantly to the amazing discovery of a French scientist. This drugless method called Laveo kills the germ in three minutes, yet is positively harmless to the most delicate tissues. Your head and lungs are cleared like magic. Sufferers are relieved in a single night.

To prove it and to introduce Laveo to a million sufferers in one month, I offer to send a treatment free and postpaid, to any one who will write for it. No obligation, no cost. If it cures you, you can repay the favor by telling your friends—it not, the loss is mine. No matter what you have tried, just send me your name and address for this generous free treatment and prove that you can be rid of catarrh.

Does Your Home Appeal to You and Your Friends?

Does it represent your personality? Is it cheerful—comfortable? Is it a place wherein you love to spend your hours of leisure? If your home answers these questions—then indeed it is a real home.

However, real homes are few and far between—not from the lack of the wherewithal, but due to thoughtless expenditure for things that do not belong. We see a beautiful piece of furniture—lovely hangings—or some other object. We buy it because it appeals and this type of buying continues until what should have been a beautiful room or home ends in a conglomeration that, assembled, is all but harmonious. Our mission in life is to furnish homes, such as you and yours will find comfortable, attractive, fascinating, harmonious—from every standpoint, and that will serve on, into the years.

For this reason we have at your disposal our interior decorators of note—men with artistic sense that can suggest—men whom you can consult on any subject of home furnishing or decorating and feel when all is through the home is beyond criticism from every viewpoint.
