Hayesville Has Program—An appreciative and interested audience was present at the benefit program given at the Hayesville school house last week by Perry Prescott Reigelman, impersonator, and Lyman McDonald, popular baritone. Mr. Reigelman's interpretation of a selection from Mark Twain, America's premier humorist, was especially well received, as was Mr. McDonald's "On the Road to Mandalay," words by Kipling, which gave him an opportunity to use his fine baritone to excellent advantage.

The Oldest Established Optical Institution in Salem

EYES SCIENTIFICALLY CORRECTED

There are thousands of correctly fitted glasses in and around Salem. I know they are correctly fitted, for I did the work myself. There is no guesswork about it! I have been fitting glasses for more than a third of a century, and I take pride in fitting each and every pair correctly.

The necessary skill to achieve such results can be acquired only by years of close study and active, practical experience. In fact, scientific knowledge of the highest order is required to recognize and properly correct defects of vision.

I DO NOT BELONG TO ANY COMBINE

If you are in need of optical service or advice of any kind, come in and see me. I am always pleased to be of service to you.

My prices are very reasonable for the materials and services given. I guarantee satisfaction in every respect. If glasses do not give satisfaction, they will be changed free for a period of one year. Phone 723. 210-11 United States Bank building.

Lightening the Burden

It is the duty of the good funeral director to step into the breach in time of need and relieve of all the nerve-racking details, those whom he is called to serve.

Special study, inherent sympathy and understanding, long experience, and proper equipment; these things are necessary to serve well so that much of the burden is lifted.
