## TOURIST TRAFFIC HEAVY IN APRIL

Nearly as Many Vehicles Register in Month as Since First of Year

Non-resident motor vehicle registration in Oregon during April aggregated 4035 against 4731 for the previous three months, according to figures compiled by Sam A. Koser, secretary of state. Vehicles from 38 states were recorded at the 21 stations, of which 2298 were from California. There were 45 from Canada, two from Hawaii and one from New Zealand. The registration station at Ashland showed the largest number of registrations, there being 883 recorded.

Registrations indicate that 1925 will be a banner year, Mr. Koser believes. The linking of a number of hard-surfaced roads in the state and other trans-continental highways in serving as a great

stimulus while the fact that Portland will have 15 national conventions during the summer is a heavy contributing factor.

## FIRE DESTROYS MILL

KLAMATH FALLS, Or., May 4.—Sparks igniting from a hotbox destroyed the mill of the Modoc Paint company at Asp Grove early tonight. The loss was approximately \$150,000, covered by insurance. The mill was owned by the L. R. Menefee Lumber interests of Portland. The fire fighting crew at the mill saved the lumber yard and office.
