## Clean-Up Great Success

FALLS CITY, May 6 .- (Special to The Statesman.) -The Wednesday afternoon clean up in the park on the Little Luckiamute river was a great success.

Over 300 turned out, and all worked energetically and faithfully. About four acres of the tract is cleared of evergreen blackberries and underbrush. Dutch evens were put in for the campers, a few tables built, and road grading was started and will be finished soon.

Next Wednesday, May 13th, the ladies will all turn out in the afternoon, and as many men as possible, and the work will be continued. The Parent Teachers' association will serve hot coffee again.

This is one of the finest parks in the state in the making.
