### Mrs. Fereshetian Leaves for Long Trip in East

Mrs. Martha Fereshetian, and daughter Louise left yesterday over the Great Northern route for a visit in the Atlantic slope states. Mrs. Fereshetian will attend the 100th anniversary of the founding of the Unitarian association at Boston.

This is one of the outstanding events of the Unitarian church to which delegates are sent from all parts of the United States and Canada are invited. Speakers from England and continental Europe are to be in attendance as speakers.

Following the conference she will visit with relatives and friends at Meadville, Penn., where her mother is living, and where Mr. Fereshetian graduated from the Meadville Theological Seminary. While in Cambridge Mrs. Fereshetian will be the guest of Mrs. Samuel A. Elhat, and Miss Lucia Lowell.

### STUDENTS GET HALF HOLIDAY FOR WEEK-END

Willamette. According to the professor the first Willamette May day program was in 1889, and it was by no means the highly organized event that it is at the present time. Students celebrated this first May day by means of a picnic and there was no queen elected.

The first May queen elections were held on the financial basis. The votes were sold for 1 cent each and the crowd with the most money could elect the lady of their choice. Later the Australian ballot system was inaugurated, and finally the matter reached the present basis of an open election. The first organized May day was in 1907 and Miss Phoebe Olson was chosen as Willamette's first queen. In 1910 a May-king was elected and King Clark was the

### Navy Unable to Protect Coast From Enemy in Air

Could the navy protect the coasts of the United States in the event of war? The question is being asked seriously by defense authorities as a result of the failure of the dreadnaughts to register a single hit in a "battle" with "enemy" airplanes off the coast of California. The dreadnaughts are seen maneuvering off the coast. Note that the first three ships are throwing off no smoke, while the less modern vessels in the distance shoot off the telltale clouds which in wartime would reveal the onto the enemy.

first to receive this honor. "Bobs" Not Rulers. The year 1913 stands out in the minds of historians as the first May day during which there was no rain in six years. As far as can be determined the six-year period is the longest consecutive run of rainy May days that Willamette has had.

The festival in 1920 is rather extraordinary, as Queen Elizabeth

was crowned by Governor Olcott in a very impressive ceremony. There have been 18 Willamette May queens with long hair, and the royal sequence is not yet broken.

a test for consideration of the republican national committee for campaign purposes. It was not used, however, and recently Mr. DeForest, at the request of William Randolph Hearst, the publisher, again filmed the president, and this picture was reproduced at a dinner of editors in New York.

### Over 2700 Names Received By Chamber of Commerce

PORTLAND, Ore., May 6.—Names of 2670 settlers interested in Oregon's agricultural opportunities have been received by the land settlement department of the Portland Chamber of Commerce from H. W. Byerly, general immigration agent of the Northern Pacific, as a result of the joint advertising campaign conducted by the three transcontinental lines co-operating in developing the northwest.

### WOMAN MOTORCYCLIST AVERAGES 54 MILES AN HOUR FOR 1,300 MILES

Mrs. G. M. Stewart, wife of Lieut. Col. R. M. Stewart of the British Army, recently set a new world's record in a 24-hour race with her husband on the Monterey track in France, near Paris. They covered 1,300 miles at an average speed of a little more than 54 miles an hour.

### Marquise Gloria; Still Ailing, Shows U. S. to Her New Husband-Manager

That Gloria Swanson has not recovered entirely from the effects of her recent serious illness is indicated by this photo, taken as her return from abroad. With her is the French Mr. Swanson, No. 8, known generally as the Marquis de la Folie, de la Folie, although France abolished titles many years ago. Folie is now the film star's business manager.

### GLUMP NOTICED AT AUTO PARKS

Salem Campsite Has Few Visitors; Others Report Same Conditions

During the past few weeks approximately 300 automobiles have been registered at the city auto park, according to figures issued yesterday. This number is a few score below the record of last year. It is thought the cool weather of past weeks has caused many of the tourists to delay their trip, and consequently the number of cars stopping here have been small.

Reports from other camps about the city and on the highways show a correspondingly small registration, which again indicates the lack of tourist travel.

Most of the cars registering here are traveling to or from California. At the first of the season most of the cars were north bound, but lately many of them have been headed south.

This new list is in addition to 2556 inquiries received by the department in March from the co-operating lines, and an additional 1000 received earlier in the year. A total of more than 10,000 inquiries have been received since the first of the year, according to W. G. Ide, manager.
