BAKE the Entire Car in Any Color

The BAKALL Process

has gone over the top and is now meeting the demands of the public in every respect—In speed, in economy, in durability.

Why Not Own a Business That Is in Demand?

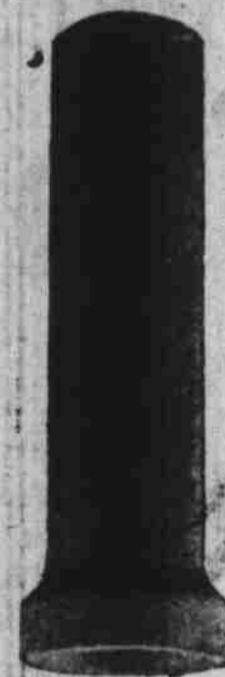

We are sole distributors of this process in this part of the country. Come up and talk it over and we will explain the great merits and show you how you, too, may make big money with a small investment.

Bakall Jobs Owe Their Great Success to the Following Features:

- Old paint removed.
- Each separate coat is baked until it is hard and dry.
- Jobs turned out in from one to six days.
- Nothing on the market equals the work that can be done in one of these BAKALL PLANTS.
