THIS HAIR REMOVER GETS ROOTS AND ALL

Here's the greatest thing for hair-dropped women that has happened in a hundred years! A way to actually remove the roots of superfluous hair—beauty, health, and harmony! A method that does away forever with shaving, electrolysis, and the application of preparations which merely take off the surface hair.

The selective process is so certain to remove the hair entirely, roots and all, that women are having a big demand for it. There's no odor or pain about electrolysis, and it's a healthy, non-poisonous—A child could safely eat it. Get a stick of prolectine today, follow the simple directions, and you'll have the soft, silky hair you desire. With your own eyes you will see the roots come right out.

local plant. Several building sites were viewed with the idea of soon buying a location and erecting a much-needed new building.
