The loss to the government and the public on account of carelessness of mailers in preparing the mail is great, as shown by the following account: Do you know? That 21,000,000 letters went to the dead letter office last year?

That 503,000 parcels did likewise? That 100,000 letters go into the mails yearly in perfectly blank envelopes? That \$65,000 in cash is removed annually from misdirected envelopes? That \$12,000 in postage stamps is found in similar fashion? That \$3,000,000 in checks, drafts and money orders never reach intended owners? That Uncle Sam collects \$92,000 in postage for the return of mail sent to the dead letter office? That it costs Uncle Sam \$1.
