WATERS SELLS RETAIL PORTION OF BUSINESS

JOE AND SAM ADOLPH TAKE POSSESSION MONDAY

Jobbing Department Will Be Moved to New Location; In Salem 34 Years

Sale of the retail department to Joe and Sam Adolph was announced Monday by George Waters, pioneer retail and tobacco jobber of the Willamette valley. The jobbing department will be moved into a new location in the near future while the retail branch will remain at 130 North Commercial, where it has been for years.

Mr. Waters has been engaged in business here for the last 34 years, having established himself January 1, 1891. He is the oldest retail tobacco dealer in the valley and one if not the oldest in the state.

While the store has a small frontage on North Commercial, it extends back to the alley and the equipment includes a special room kept at an even temperature for the storage of cigars. The jobbing department includes all kinds of tobacco, pipes and kindred supplies as well as a large line of candies. Sufficient stock is kept on hand to equip several modern tobacco stores, which also carry other side lines.

Silverton

SILVERTON, June 1—(Special)—Luther College band has been scheduled to play at Silverton at the Eugene Field auditorium on the evening of July 1. The business manager of the band is now George Henriksen, who is instructor at Luther College. Mr. Henriksen is a son of Rev. George Henriksen of Silverton and it is throught his efforts that the band is being brought to Silverton. The societies of St. John's and Trinity churches are sponsoring the concert.

The band numbers 56 active members picked from 120 of the best musicians of the college. The reed section consists of 27 pieces. The first appearance of the band this summer will be at the Norwegian Centennial at Minneapolis.

Although it has not been officially given out that Silverton will not celebrate on July Fourth this year it seems that Silvertonians will not lack for amusement on that day. Stayton, to the south of Silverton, will hold a two day round up on July 3rd and 4th. This will consist of a barbecue, a parade and a variety of sports. Mollala, to the east, will hold a three day round up on July 3rd, 4th and 5th. Cowboys, cowgirls, Umatilla Indians and all of the rest of the round up paraphernalia will be gathered for the occasion.

Among those who have gone east to attend the Norwegian Centential at Minneapolis are Rev. George Henriksen, Rev. and Mrs. S. Lindseth, Mrs. G. Balme, Mrs. Carrie Bjontegard, Mr and Mrs. G. T. Hegtveit, L. C. Goplerud, Mr. and Mrs. M. Olsen.

Many Silvertonians took advantage of the two days' vacation afforded by Memorial Day and Sunday coming in succession and spent the week-end out of town. Mr. and Mrs. Melvin Riviness motored to Seattle, Washington for a short visit. Mr. and Mrs. A. Lerfald spent the week-end at Seaside. Mr. and Mrs. Lester Geer and Mr. and Mrs. G. Paulson motored to Pacific City Saturday returning to Silverton Sunday night. Mr. and Mrs. Earl Adams, Mr. and Mrs. Otto Legard and Mr. and Mrs. Nye Bristol spent two days at Newport. Mr. and Mrs. S. E. Gay visited at Springfield over the week-end. Out of town visitors at Silverton were Mr. and Mrs. Harold Craig of Portland who were guests at the home of Mr. and Mrs. Marion Palmer, and Mr. and Mrs. Melvin Moe of Eugene ho spent the week-end at the home of Mr. Moe's parents, Mr. and Mrs. O. J. Moe of Silverton.

Silverton baseball nine defeated that of St. Paul at Silverton Sunday afternoon with a score of 11 to 5. Manager Hendriks played his usually fine game.

Bits For Breakfast

Beautiful rain still—

⁂

But we are getting almost too much rain—

⁂

A thing that would have been thought almost impossible by the farmers of this district a year ago, when they were thirsting for even a sprinkle.

⁂

The men behind the guns say the incorporation of the second linen mill company for Salem is now only a question of a few days. That is good news. This most important matter must not be allowed to lag.

⁂

Did any one tell you that sugar beets cannot be grown in the Willamette valley? It is not true. All the experiments of last year resulted in sufficient sugar content to make the growing feasible; that is, they had in each case enough sugar content to make their manufacturing feasible. And last year was a bad year. Ten and twenty years ago the sugar interests of Utah carried on experiments all over the Willamette valley—and their conclusion was that this valley was as good a sugar country as the best districts of Germany, which were then supposed to be the best in the world. Later experiments are resulting in higher and higher sugar content for beets, and more and more tonnage. We can grow the beets here, and we can get the help to thin and harvest them; and this is the place above all others in Oregon for a beet sugar factory. Salem must talk and think sugar beets till she gets the factory. It will help every other line on the farm, especially all live stock and poultry interests. After linen mills, beet sugar factories are the best bet for Salem now.

⁂

The last unfinished stretch of the Roosevelt highway between Newport and Tillamook is to be advertised by the highway commission. Construction of it will be a two-year job. When completed, here will be a drive to Tillamook, thence down the coast to Newport, and out from Newport by an excellent highway to Corvallis and other parts of the Willamette valley. What a wonderful lot of wonderful drives there will be for the home citizen and the visiting tourist in Oregon as the highway system goes on to final completion.—Portland Journal.

DENTISTS TO MEET SOON

NATIONAL MEN WILL ATTEND PORTLAND GATHERING

Three of the biggest men in the dental profession of the United States are to be the principal speakers at the Oregon State Dental conference to be held in Portland June 3, 4, 5 and 6. They are Dr. James K. Burgess of New York city; Dr. William J. Brady of Kansas City, and Dr. Saxon D. Scott of San Francisco.

Dr. Walter H. Brown, director of the Marion County Child Health Demonstration, is to appear before the conference to explain the character of work being done in the county, and the influence it will have in the state.

Several of the dentists in Salem are to attend the conference, among those being Doctors Springer, Beechler, George, Miller, Lewis, Idleman, Brunk and Pound.

PULMOTOR IS WANTED

LEGION SEEKS INSTRUMENT; BIG DANCE PLANNED

A committee was appointed at a meeting of Capital Post No. 9, American Legion, to look into the matter of obtaining a reliable and servicable pulmotor for the city. While this matter has been discussed before, the tragedy of Sunday hastened definite action.

In order to obtain funds to pay the expenses of the drum and bugle corps to the state convention in Prineville, the post has leased the new dance hall across the river and is sponsoring a big dance Thursday, June 11.

Victor McKenzie, vice commandant, presided last night in the absence of the commander.

SIX NATIVES POISONED

SEWARD, Alaska, June 1.—(By Associated Press.)—Six natives are dead and several were ill today as a result of eating the meat of a dead whale which floated ashore near Chignik, on the south shore of the Alaska peninsula. The Indians were warned by whites, but the meat was considered a delicacy, notwithstanding there was an ample supply of other food on hand. Four children, left orphans by the deaths are being cared for at an orphanage at Eklutna.

DAN J. FRY HAS SOLD WHOLESALE BUSINESS

HE RETAINS JOBBING, MANUFACTURING AND RETAIL

All the Lines Outside of Wholesaling to Be Actively Pursued as Usual

Dan J. Fry, president of the First National bank of Salem, announced yesterday that he had disposed of his wholesale drug business to the Blumauer Frank company of Portland, and all of the wholesaling goods held here will be shipped to the new headquarters of that firm in Portland, and the wholesale drug business of the Fry company will be completely discontinued.

Mr. Fry has been in the retail drug business in Salem for many years. He commenced in the early eighties. He has also for a long time been manufacturing and jobbing to the trade Fry's line of family medicines. These lines will be continued and pursued with vigor.

For several years Mr. Fry has been wholesaling drugs, and in the past few years has built up a large business in this line, extending principally from Portland to Ashland, and in the coast counties. This part of the business—that is, the wholesaling department—will be discontinued.

It is the intention of Mr. Fry of ultimately disposing of his retail and jobbing business to his sons, Dan J. Fry, Jr., and Orris J. Fry. The sale of the wholesale department of the business will in no way interfere with the handling of chittem bark and crude drugs and of peppermint oil, in which lines he is the most extensive dealer in the Pacific northwest.

COMMITTEE TO PORTLAND

LINEN MILL INTEREST IS MOTIVE FOR JOURNEY

A committee of Salem residents are planning a trip to Portland in the interests of the proposed new linen mill here. The members of the committee are T. M. Hicks, president of the Salem Chamber of Commerce; T. B. Kay, state treasurer, and John H. McNary, local attorney.

Work is progressing nicely on securing the remainder of the money necessary to establish the new linen mill here. The work in the outlying communities is well underway, and it is expected that the finishing touches will be given to the proposition within the coming weeks.

Captain Carl D. Gabrielson has been appointed to whip the Cherrians into shape for the coming event, when they will appear before the Royal Court on the Multnomah field in Portland.

The Cherrians have to be in a perfect drilling order, for they are to appear before one of the largest audiences on the dates of the Rose Festival.

WRIGHT IN WRONG AGAIN

FREQUENT TRIPS TO CACH LEADS TO ARREST

Carrol Wright, of Salem, was arrested by Deputy Sheriffs Bert Smith and Roy Bremmer, Saturday and charged with the possession of liquor. About ten gallons of whiskey is said to have been seized. Wright has previously been arrested for selling liquor, and completed a jail sentence of 60 days on April 20. He was also fined $300.

The liquor was hidden in a clump of brush on the Turner road, near the state prison. Suspicion was aroused when a number of cars were seen parked near the place and a number of men were seen making their way through the underbrush. Officers hid near the place and when Wright appeared and uncovered the liquor he was placed under arrest.

PAVEMENT IS NEGLECTED

CITIZENS COMPLAIN AGAINST STREETCAR COMPANY

Complaint was made against the Salem Street railway company last night by residents of Hood street, who claim that their newly paved street is being ruined because of the negligence of the railroad company in not paving their portion of the street.

It is claimed that the water is seeping underneath the laid concrete and causing it to be undermined and unfit for traffic, according to the testimony of aldermen.

The committee on ways and means is to look into the matter and ask for action on the part of the railroad company.

ANOTHER LOST DOG IS REPORTED IN SALEM

ESTABLISHES HIS POST AT CAPITOL AND CENTER

Trucks and Stages Have Attraction for Canine who Won't Notice Autos

Another dog has posted itself on a city mad route of the highway looking for a lost master, according to reports made at the Salem postoffice. The animal, without pedigree, but with friends, has been keeping a watch at Capitol and Center street during the past day.

While resting under the shade of a small shrub near the corner, the dog peers at the approaching trucks and stages. It does not pay attention to the automobiles. Evidently some master has betaken himself away on a stage and the faithful animal watches for his return.

The animal was given some food at noon Monday, and despite the scoldings and threats from kind hearted folks, who wanted to send the dog home, the animal remained at its station.

It is yellow in color with a white stripe down its back and white markings on the feet.

Long White Gloves Signals of London Cops

LONDON, May 30. — London traffic policemen having adopted long white sleeve gloves so as to make their hand and arm signals more visible to pedestrians and drivers of vehicles have been dubbed "white wings."

As an experiment the "white wings" have been placed at congested street crossings near the houses of parliament and other busy corners and for the first week or two attracted much attention. In several instances such crowds assembled to watch the policemen wave their "wings" that extra policemen had to be called to shoo the spectators on their way so that traffic could again flow through its normal channels.
