

ALBANY PLACES TEAM IN INTERSTATE LEAGUE

VANCOUVER RELINQUISHES FRANCHISE THIS WEEK

First Game With Senators Is Tentatively Arranged for Salem July 5th

Vancouver, tail-end club in the Interstate Baseball league, has tossed the sponge in the ring and died a natural death, giving way to Albany, which has taken over its franchise in the circuit, according to an announcement made in Portland by William O. Smythe, president of the league.

Albany, a real live baseball town, has been clamoring for admission and Vancouver expressed its willingness to be replaced. Albany will assume Vancouver's seven defeats, but will have no claim to its credit as Vancouver failed to be the victor in any of its contests.

Rip King, former Portland Beaver catcher, who piloted the Vancouver team, has signed up with West Linn. Albany's schedule for the season:

June 14—Camas at Camas.
June 21—Luckenbach at Albany.

June 28—West Linn at Albany.
July 5—Albany at Salem (subject to change.)

July 12—Albany at Hillsboro.
July 19—Camas at Albany.
July 26—Luckenbach at Albany.

CASEYS BEAT MASONS BY SCORE OF 5 TO 2

MACEY SPRINGS FAMOUS HOME SLIDE IN FOURTH

Grotto Ties Score Until Final Call to When Experience Tells and Game Won

The Knights of Columbus defeated the Masons in a baseball contest Friday afternoon by trimming them by a 5 to 2 score in a Twilight League series played at the Oxford field. The Grotto drew first blood by sending Howe around for a run, but in the second inning Bailey and Hughes, each made a run for the Caseys.

The sensation of the play came in the fourth inning, however, and left the Casey battery almost useless. Macey for the Grotto made a famous home slide, but was touched by the Casey catcher, who dropped the ball immediately, and Macey gained the score.

This left the scored tied in the fifth inning, and the two players got down to brass tacks and tried to wallop out a good game.

The experience of the Caseys told, however, and they ran up three points in the fifth inning, thus gaining such a lead upon the Grotto that fight was useless.

The defeat of the Grotto rested with the more experienced players, thus gaining such a lead upon the Grotto that fight was useless.

PAPERMAKERS DEFEAT WOODMEN BY 4-1 SCORE

LEAD IN SUNDOWN LEAGUE IS BEING CONTINUED

Former Twilight League Pitcher Is Making Good Record This Season

The Papermakers defeated the Woodmen of the World by a 4 to 1 score last night at Oxford field in a Sundown league series. With three defeats and no victories, Lauterback of the paper gang struck out seven men and Alzman of the opposing team struck out ten. Lauterback is an old-timer in the Twilight league and made quite a record by his work.

Alzman is young and lacks experience, but has championship caliber which he is learning to control. He has too much wind-up, but a little more work will fix him fine.

The Wows have a good team but lack bat practice, and the Papermakers have found their stride.

Harold Regale acted as umpire and Doc Baird as scorekeeper.

Bligh Vaudeville Bill For Today Is Said Good

A happy bouquet of joy and frivolity, dovetailed with novelties, comedy songs and gyrating dances, carefully selected will be seen at the Bligh theatre today and tomorrow. Cecil, Van & Weir have the headline honors in a novelty wire-net featuring a giant unicycle on a thread of steel—a wonderful exhibition of a number of almost impossible feats, bound to appeal to the audience. Special added feature, Bogart & Mitchell, in a comedy diversion. This is a surprise act and to tell what the surprise is would not be fair to the team, but after giving it the once-over, you will talk about it and say you enjoyed it. Marie Allyn & Co. in "Five Feet of Harmony" with Gene Davidson at the piano. Marie Allyn is a little lady, small in stature but a giant in voice and charm—a big little star. Marie De Cisneros, the celebrated Spanish violinist has made a fine impression with her fine tone, excellent interpretation and technical accuracy. She is a winsome miss with a chic manner and will be a prime favorite. The Howard Twins are known from Coast to Coast as "The Dancin' Dandies." They are past masters at every style of dancing and their work is done with seemingly little effort.

POSTAL TEAM PRACTICES MAIL HANDLERS GETTING INTO SHAPE FOR SUNDAY

Employees of the Salem postoffice have arranged a practice game with the PEP team which will fit them to meet the Eugene team Sunday afternoon to play off the challenge game that has been arranged. The postal employees picked up a nine in very short time and it is expected that the Eugene team will go home sadder and wiser from the experience.

Postoffice employees of Willamette valley towns nearby Salem are to meet for an annual picnic in the Rickreall woods Sunday when about 300 persons are expected to be present.

LOW RATES TO BE TRIED

TACOMA, June 12.—The good old days of the cheap railway excursion are coming back. Announcement was made by the Combined Railways operating between here and Portland, today, that during the Rose festival at Portland the roads will run an excursion train June 19 from Portland and Seattle as experiment to see whether the old hankering for excursion has entirely departed.

HOSE FOUND NECESSARY

FLOCK OF SALESMEN EXPECTED TO VISIT COURT

A nigger in the woodpile is being brought to light in the new state law recently passed, because of the many water hose salesmen that are crowding the county court. The new law stipulates that all steam engines working near the forest must be equipped with a pump or gravity system and at least 200 feet of hose.

Marion county is operating about eight machines and it appears as if every one would have to be equipped with pump and hose. The new law requires that the ground surrounding the engine be thoroughly wetted, which will entail much labor on the part of steam roller engine crews. A delegation of pump salesmen is expected at most any time.

Salem industries are stable. Salem is not a fly-by-night town. It is being built on a real foundation.

"Who makes the profit then?" asked the judge.

FISHING IS GOOD OVER WEEK-END

Where to Go and How to Get There is Told by George E. Cadwell of Anderson's Sporting Goods Store.

Rainy weather of the past week did not dampen the enthusiasm of a few nimrods who report fishing fairly good in some of our local streams. Some of the local streams are slightly muddy from the recent rains, but with good prospects of fair weather will be clear by the week-end.

Abiqua River via Silverton.—Two nice catches were made this week with spinner and salmon paste. Black gnat, blue upright and McGinty flies are also being used.

Silver Creek via Silverton.—Fishing on Silver creek is good above the upper north falls. Salmon eggs and flies are being used with good results. The fish are said to be plentiful in Silver creek but running small in size, about seven to 10 inches.

There is also a fine camp and picnic grounds at the upper north falls. The roads are in good condition between Silverton and the falls.

Little Luckiamute River via Dallas.—At Bridgeport some nice catches were made this week on this stream with spinner and chub. Salmon eggs, black gnat, gray hackle and professor flies also being used.

Wiley Creek via Lebanon to Foster.—Last week some limit catches were made on Wiley creek and with prospects of good weather for the week-end it ought to be good. Spinner and chub are considered best bait, and black gnat, professor and royal coachman being the best flies.

COACH MATTER SETTLED

HOLLIS HUNTINGTON WILL BE ATHLETIC MENTOR

The crimp has been taken out of the coaching situation of the Salem high school and Hollis Huntington will serve at the next regular school year. The action came after the school board had decided that the students of the high school appeared to be without a coach for the coming year.

The first word of withdrawal of missionaries from outlying posts to guarded cities was received today by the department of missions of the Episcopal church, to whom Bishop A. A. Gillman of Hankow cabled: "Situation serious. All women and children missionaries ordered to this port."

HIGH RATE CLOSES MILLS

INCREASED COST OF LOG PORTAGE WORKS HARDSHIP

TACOMA, June 12.—Logging operations of the St. Paul and Tacoma Lumber company ceased tonight, the three camps of the company in Pierce county being shut down as a result of the increase of the intra-state rates on log shipments.

In announcing the closing of the camps, Major Everett G. Griggs, president of the company, said that the company's mill here the largest in the city had sufficient logs to operate for a time.

With its camps shut down Major Griggs said that his company would be forced to buy logs in the open market.

Four camps and the mill of the Cascade timber company were closed yesterday according to G. H. Dickson, president of the company. A fifth camp of the Cascade company will close Tuesday, Mr. Dickson said.

The closed St. Paul camps are at Kapowsin, Voigt creek and Orting.

The camps affected are those located on transcontinental railroads where the new freight tariff has gone into effect.
