

TESTING DAIRY CATTLE WORK GETTING UNDER WAY IN COUNTY THIS WEEK

First tests of dairy cattle in Marion county, compulsory under a new state law that went into effect Monday, are being made by five veterinarians. It is estimated that there are 20,000 dairy cattle in the county. Strictly beef cattle are not included in the test.

Several persons have appeared before members of the county court asking for information relative to the tests. Every effort must be made by the cattle owners to assist the testers. The work will take the greater portion of the summer.

Tests are being made in the Salem district by Dr. Fred W. Lange and Dr. G. F. Borinek, with Dr. J. M. Hanraha and Dr. Thomas Simms in charge of the work at Woodburn and Dr. A. W. Simmons at Silverton.

The law passed by the last legislature makes it mandatory for all cattle owners, whose stock is kept for dairy purposes, living west of the Cascade mountains, to have their stock tested. A small fee is charged.

Bond Reports Filed by School Board Members

Further reports of bond filing by district school clerks of Marion county were received by the county school superintendent yesterday. Those districts sending in reports were:

Looney, Marguerite (Looney, clerk, \$1500; West Stayton, Leonard Walker, clerk, \$2000; Cloverdale, A. E. Kunke, \$1800; Clear Lake, Anton O'Neill, \$4500; Belle Passi, John Dinwoodie, \$2000.

School clerks are obliged to file bonds equal to twice the amount of money they will handle at any one time during the school term.

PEOPLE AND EVENTS SILVERTON

LILLIE L. MADSEN Statesman Correspondent

SILVERTON, June 23.—(Special to The Statesman).—Bishop W. O. Shepherd of Portland and his cabinet, consisting of Dr. A. L. Howarth, Dr. A. S. Heisy of the eastern district and Dr. D. H. Leech of Salem, were visitors at the Methodist Episcopal church of Silverton Saturday night. The pastors are paying visits to all churches in the Salem district within one week. The church at Silverton was the eighth visited on Saturday. The party took dinner here and held a meeting later in the evening. After spending the night here the men went on to Pratum at an early hour.

The object of the visit was

three-fold. In the first place the physical aspects of the church property were investigated and in the second stock was taken of the spiritual atmosphere of the church. The third reason was to give members an opportunity of talking over the appointment of a pastor for next year.

Bishop Shepherd was entertained at the home of Dr. and Mrs. R. E. Kleinsorge, Drs. Howarth and Heisy at the M. C. Woodward home and Dr. Leech at the home of Dr. and Mrs. P. A. Loar.

The barn of L. Predeck, whose home is about four miles east of Silverton, was completely destroyed

ed by fire Monday night. Not only was the building burned but also some hay, about 10 cord of wood, a clover huller, a tractor and a number of other farm implements. No animals were lost in the fire. The loss of the barn and contents, none of which according

to reports was insured, was estimated at about \$7,000. It has not been definitely learned but it is believed that the fire was started by children playing with matches.

Mr. and Mrs. Sam Williams, and Russell Moberg, all of Scotts

Mills left last Thursday by auto for Taylors Falls, Minnesota. They will visit with Mrs. Lillie Moberg and do not expect to return for three months. Mr. Williams is a brother and Russell Moberg a nephew of Mrs. L. H. Myers of Silverton.

Mr. and Mrs. A. Nolan entertained a number of friends in the city park of Silverton Sunday afternoon. Twenty-six guests were present at the party which was given in honor of Mr. and Mrs. Fred D. Fisher. Mr. and Mrs.

Fisher are here from Nantes, France. Mr. Fisher is United States Consul General and is now on furlough. Mrs. Nolan is a niece of Mr. Fisher. Mrs. Josephine Crooks of Goldendale, Washington, an aunt of Mrs. Nolan, was also present Sunday.
