

FLIVVER TEAM RATTLES OVER CASEYS' BONES

VALLEY MOTOR GOES ON 5 TO 1 BATTING FREE

WOWs Play PEPs in Sundown League Tonight; Bankers Meet Legion Friday

The Valley Motor team went on a batting spree last night and defeated the strong Caseys 5 to 1. It all happened in the fourth inning. The score was tied one up; Rickman went to first after being hit by a pitched ball. He scored and Proctor, Mission and Dodge followed suit.

The Caseys were weakened considerably by the absence of several of the regular players. Proctor of the Ford was the usual batting star of the game. Batters were: Valley Motor—Proctor and Beckman; Caseys—Barr and Varley.

Tonight in the Sundown league the WOW meet the PEP and Friday night the United States Bank crosses bats with the Legion. The later game is predicted one of the best of the season as it is the Bankers last chance in the race for the championship.

LEGION DELEGATES OFF

DRUM CORPS NOW ON WAY TO STATE CONVENTION

A large delegation of Salem Legionnaires left last night for the state convention at Prineville, which opens today.

The drum corps under the direction of Karl Hinges will enter the contest held at the convention with the intention of winning from the entire field.

Last week they succeeded in winning from other corps entered at the Rose Festival and are fairly confident of the outcome at Prineville. They will wear their convict uniforms.

A number of cars loaded to capacity that left earlier in the day will join the party as soon as they arrive in Prineville.

CAMAS COMING SUNDAY

VISITORS PROMISE SENATORS STIFF OPPOSITION

Although the Salem Senators have taken the Camas ball club to two decisive cleanings this year, yet word received from Camas indicates the Sunday game at Oxford park will be no walk away for the locals.

Camas has promised her pitcher "Big Bill" Kuss better support for the remainder of the season. "Big Bill" has been pitching mighty good ball all season, but hasn't had proper support in the past.

Barham will probably work on the mound for the locals although Manager Edwards has made no definite announcement. Proctor, Keene, Barr and Frank Reinhart haven't announced just how many hits they plan to get, but hope to drive Kuss from the box before the game ends.

VACATIONS ARE LISTED START ON PLAYGROUND

PLANS COMPLETED BY GROUP OF STATE EMPLOYEES

Arrangements have been completed allotting the time and dates for the summer vacations of the several departments operated by the Insurance Commissioner. Will Moore for the season of 1925.

Mrs. C. H. Brock, secretary to Will Moore, will leave July 20 on a two weeks cruise through Alaska. She will be accompanied by Miss Theo Sampson.

Miss Clara McNeil, cashier, with a few girl friends, will motor to Lake Wallawa on a camping and fishing trip.

Miss Rachel Bayne will motor through California, visiting all the beaches and spending several days, with her friends in the movie colony in Hollywood.

Miss Gladys Curry has not determined on a vacation spot; however, will visit a few days with her mother and father in La Grande, and while there will also visit other friends.

Miss Rose Alline, of the real estate department, and her sister Anna, together with a few girl friends will visit Yellowstone park and they are looking forward to the many thrills they will receive around the geysers.

Miss Josephine Jonanson will visit friends at Victoria and Vancouver, B. C.

Mrs. Charlotte Axley has engaged a cottage at Seaside for herself and daughter where she intends to entertain her many friends.

Marianne Harris will spend towards a big ranch in Montana, now operated by her brothers, and she hopes to spend the two weeks on the back of a cow pony, riding the range as she often did when a girl.

H. C. Manela will drive his famous Auburn through California, camping en route with one of the finest camping equipments of anyone in the state house. He intends to take in all the athletic exhibitions which are scheduled for southern California this summer.

Mr. Manela is an ardent sportsman, a great boxer and wrestling fan, and with California's new 12-round laws he expects to have a very enjoyable visit.

As all the co-workers must be taken care of first, it falls to the lot of the captain to stek to the ship, so Will Moore must combine pleasure with business if he intends to take a vacation. However, Mr. Moore is scheduled for an insurance convention at San Antonio the latter part of September.

MONDAY FIRST DAY AT FOURTEENTH AND LINCOLN

Workmen started conditioning the Fourteenth street playgrounds Wednesday morning in order that the grounds may be in first class for the official opening on Monday. The bath houses are being repaired, swings erected and a concrete dam will be built to improve the swimming pool.

Leslie Sparks, boys' physical education instructor at the high school and Miss Grace Snook, girls' physical education instructor, will have charge of supervised play. John Creech, a local man will be stationed there as a life guard.

The playgrounds at the Lincoln school will also open Monday with Miss Danta Robbins in charge again this year. Miss Robbins majored in physical education and was graduated from OAC recently.

This is the fourth season for officially supervised playgrounds, which has been sponsored for the last two seasons by the city. Prior to that it was kept up by the YMCA and other civic organizations.

Road Blaze Sets Fire to Auto; Car Badly Damaged

Paul Marnach, of Salem, was driving to Portland yesterday in his Essex touring car, accompanied by T. J. Olson, of this city. Between Hubbard and Aurora a state highway repair gang was working, taking up one side of the road. Automobiles were being routed single file. Mr. Marnach was next to the last of a string of cars allowed to go through, and as he passed through a blaze was burning from oil on the highway. The blaze caught his gasoline in the little hole in the vacuum cup. He did not notice it at first—not till the spare tire was on fire, and then before he could get the fire

out the whole of the upper back part of his car was burned. The chassis and the front end were saved. Mr. Olson and Mr. Marnach, when they discovered the car was on fire, got out and piled dirt on it. The Canby Fire department came and helped them finish the job of putting out the fire. It was quite a loss, but it might have been worse. The burning car made quite a congestion and excitement on the highway.

PACIFIC CITY CELEBRATES

PLANS MADE FOR OBSERVANCE OF FOURTH OF JULY

Plans are now complete for a gigantic July 4th celebration at Pacific City, that will, according to F. R. Beals, a Salem visitor yesterday, eclipse anything of the kind ever held in the state. Four baseball games will be held; free open air concerts, and free vaudeville are some of the features offered by the city.

The celebration will carry over to Sunday, July 5, with the public invited to a large clam bake on Sunday noon, to which everyone is welcome. Vaudeville from the Orpheum and Keith circuits will be on the program, together with a western circus.

Other features will be athletic sports, deep sea fishing excursions, ocean and fresh water fishing, boating and bathing.

Pacific City is the nearest beach to Salem.

U. S. POLO TEAMS WIN

LONDON, June 24.—(Associated Press.)—America today retained the trophy symbolic of the international military polo championship, the United States army team repeating its victory over the British army team at Hurlingham. The score was 5 to 4.

Notwithstanding the Americans are the victors having won two games of the three game series, the final match will be played Saturday.

LEAGUE AWARDS SHOWN ANDERSON BASEBALL TROPHIES ARE ON DISPLAY

One dozen 14-carat gold-plated baseball watch fobs which will be awarded each player on the winning team of the Tilghit baseball league have been received and are on display at the Anderson Sporting Goods store. Basketballs were awarded members of the winning team in the Commercial league last year. In addition a special fielders' glove is offered for the player making the most home runs during the season.

SANITATION DISCUSSED

C. C. Newkirk, field representative for the Plumbers' Association of California addressed the Salem Rotary yesterday at their regular meeting on various phases of health and sanitation.

"A bath a day, will do much to

promote health," declared the speaker, in commenting upon the inconveniences attending upon the habit in many homes. "The plumbers of the country are selling health and sanitation to the nation," declared the speaker, who brought forth statistics to show child mortality in the homes, where modern sanitation measures were not used.

Mayor J. B. Glessy, and members of the city council were present at the meeting as guests of Rotary.

A telegram from H. S. Gila, who is representing the Salem Rotary at their international conference gave a description of the big meeting at Cleveland, Ohio.

If Gasoline Sold by the Mile—

There wouldn't be enough good gasoline to go around—and the poor gasolines couldn't sell at half their present prices.

Mileage is the quality test of a gasoline. Not only "miles per gallon," but "miles per motor." For it is the motor that pays when inferior fuel is used.

tinue throughout the entire length of the piston's stroke.

Think then of gasoline in terms of good clean miles. On this basis, your choice will fall naturally upon Union Gasoline.

This permits the motor to start quickly—to accelerate with a swift, vibrationless pick-up—and to attain an even, gliding speed.

Union Gasoline is a quality product. And it is non-detonating—which means that it does not explode so as to strike the pistons a sudden, crashing blow.

If a better gasoline were possible it would be made by the Union Oil Company, and sold wherever you see the sign "Union Gasoline." At Union Oil service stations and independent dealers of the first class everywhere.

The power-impulses from Union Gasoline con-
