Why Take Chances on Raw Milk?

"No epidemic of disease has ever been traced to pasteurized milk. Pasteurization is positively necessary for all milk for the sake of safety. It is the only guarantee."—Charles E. North, M. D., former health Commissioner of New York City. "Buy your milk pasteurized from a clean dairy."—United States Department of Agriculture. "Buy it pasteurized for pasteurization saves lives and prevents sickness."—Dr. M. J. Rosenau of Harvard University and formerly director of the Hygienic Laboratory of the U. S. Public Health Service.
