TENT SERMONS

Revival Meetings of Dr. Barrett Meeting With Success

Our text is found in the 51st verse: "Ye stiffnecked and uncircumcized in heart and ears, ye do always resist the Holy Ghost; as your fathers did, so do ye."

There are a few offenses that may be committed against the Holy Spirit by Christian people. So many people innocently grieve and hinder the Holy Spirit in his working.

How is the Holy Spirit resisted by men? Suppose that you have a Big Ben alarm clock and you are

going to set it for 4 o'clock in the morning, and when that alarm goes off in the morning for the first time, you almost jump out of bed because it wakes you so suddenly.

What are the consequences of resisting the Spirit of God? Jesus said: "If you don't believe Me for what I am, believe Me for what I do."

Men usually die as they have lived. If people live without Jesus they usually die without Him. If they have lived with Him, they die with Him.

Brother, sister, there is one thing that is more sure than anything else tonight, and that is that every soul here is bound for eternity.

Care of Cut Glass When you wash cut glass use plenty of warm water (not hot) a good mild soap and a stiff alkali-free glass, so strong soaps or washing powders should never be used.

Next set it in a box of sawdust for a few minutes if possible. The sawdust will absorb the moisture from the deep incisions which could not be reached by the towel, and also heightens the polish.

SUMMER DESSERT Fill one-half a cantaloupe with blackberries and stand on ice until you are ready for it. This makes a dessert as attractive to the eyes as it is delicious. Other fruit may be used in place of the blackberries.

SUGGESTIONS Bits of red pimento make an attractive and tasty addition to creamed flakes—crab, lobster or shrimp—to be served on toast. Do not add butter, bacon or any other fat to canned salmon in baking salmon loaf, it is oily enough in itself.

Canned peas mixed with creamed canned shrimp make an easy and tempting dish. When you plan to gather a dish of wild strawberries or raspberries for dessert, pick them with their stems as flowers are picked.

Linoleum and kindred floor coverings should not be scrubbed with a pall of soapsuds, but mopped up with a damp cloth, which will clean them thoroughly and yet will not destroy the finish.

FLU EPIDEMIC GROWING

200 NATIVES AT FORT YUKON STRICKEN; AID SENT

NEW YORK, July 16.—(By Associated Press.)—More than 200 cases of influenza at Fort Yukon, Alaska, were reported in a telegram received today at the national headquarters of the Protestant Episcopal church from the Right Rev. Peter Trimble Rowe, bishop of Alaska.

The telegram stated that all of the Indians at Fort Yukon were ill with influenza. The overflow of patients from the hospital were being cared for in tents. Some of the staff also were stricken. Influenza also has been reported at Circle. Tremendous floods marking the breaking up of ice this spring after a severe winter isolated parts of the upper Yukon valley and are thought to have contributed to the epidemic.

CAR SHORTAGE DENIED

BOISE, Idaho, July 16.—There will be no railroad car shortage when the bulk of produce is moving out of the west this year if the equipment is unloaded promptly at market terminals and returned, M. J. Gormley, chairman of the car service division of the American railway association told members of the central western regional advisory board, meeting here today.

"This is not as our fathers did" The civilization of the Chinese is old—older than the oldest records that are rusty and yellow with age. Yet China today enjoys very few of our modern improvements. The Chinese do not welcome change. They object to innovation, saying "This is not as our fathers did!" Imagine an American today saying that he did not want electricity because his father was satisfied with candles! Why have we progressed? Advertising, more than anything else, has made of us a nation willing to judge something new on its merits, rather than narrow, ancient traditions. Advertising today is as necessary as electricity, sanitation and rapid transit. It is more than the system by which we are kept informed of every new improvement that is to our advantage. It is the catalog wherein, every day, all manner of articles are listed for use with their individual advantages. Read the advertisements. Be guided by them. They will help you in making your selections. They will save you money. To buy the new is to progress—to learn of it first is to read advertising.
