

LECTURE SOCIETY

By AUDRED BUNCH Phone 106

LECTURE OF OUTSTANDING interest both from the standpoint of art and instruction will be given at 11 o'clock this morning at the Grand theatre by Clayton Hamilton, the eminent dramatic critic of Columbia University.

Mr. Hamilton is among the foremost of the American experts on the theatre. Mr. Hamilton became known some 20 years ago as one of the ablest lecturers in his field. For periods of varying length he was dramatic critic of The Forum, The Bookman, Everybody's Magazine, and Vogue. The best known of his numerous books are as follows:

Materials and Methods of Fiction, 1908; The Theory of the Theatre, 1910; Studies in Stage Venues, 1915; Problems of the Craft, 1914; On the Trail of Steplwright, 1917; Manual of the Short Story, 1918; Seen on the Stage, 1920; Conversations on Contemporary Drama, 1924.

Mr. Hamilton is in Salem in direct connection with the Sheridan Festival, which is signified by a revival of "The Rivals," not a movie, but a long-famous stage play with a brilliant cast headed by Mrs. Fluke. Mr. Hamilton will have many delights to throw up on this unusually attractive dramatic event which the American Association of University Women are making possible in Salem.

Since November 1, Mr. Hamilton, a lecturer of distinguished presence and great culture, has addressed as many as 500,000 people as a representative of the time production of the stage play, "The Rivals," with its all-star cast which comes to the Grand theatre a week from tonight.

In the meantime Miss Inez Heyman will be in the office to care for such cases as she can. Miss Heyman has been working under Miss Fake and has a general knowledge of the work to be done so that it is felt that, until another secretary can be secured, that the work will go on unabated.—Albany Democrat-Herald.

KLAN FORCES TO SPLIT

EVANS DISOWNED BY MANY BRANCH ORGANIZATIONS

DENVER, Colo., July 18.—The Denver Ku Klux Klan and a dozen other local organizations in Colorado voted unanimously late last night to withdraw from the organization headed by Hiram Wesley Evans and to form an independent organization to be headed by Dr. John Galen Locke, dragon of the Colorado Klan, the Rocky Mountain News says today.

The vote to break from the mother organization, the News says, came after a telegram from Evans was read in which the imperial wizard ordered Dr. Locke not to disburse any money belonging to the Colorado organization or sell any of its property except by order of the national headquarters.

According to the newspaper, 40,000 members of the organization were at the Denver meeting and they voted as one to secede from the Evans' organization. The Colorado Klan is said to be the strongest state organization in the "invisible empire" outside of Georgia.

Profiteering Guide Fined by German High Courts

POTSDAM—Six dollars is too much for any guide to charge for taxing tourists through Sans Souci Castle and other sights of Potsdam in the opinion of the Court of Appeals. Guides for tourists are not a luxury, as held by the lower court whose decision was reversed, but a daily necessity and therefore cannot command fancy prices.

The case arose out of a difference some months ago between a party of Englishmen and a Potsdam guide named Max Schütz. The guide had charged \$6 marks for taking the party around, whereupon the Englishmen appealed to the courts. The lower court believed that anybody who can afford a guide is rich enough to pay whatever the guide may charge.

The state's attorney held, however, that Germany and especially Potsdam have every reason to encourage the traveling public, and that overcharges like these were calculated to make people shun Potsdam, thereby ruining its tourist business.

The higher court agreed with the state's attorney, reversed the decision, and assessed a fine of 20 marks.

Socialist Delegates Urge League's Aid to Bulgaria

PRAGUE—A plea for making easier the operation of the treaty of Neuilly as regards Bulgaria was made by delegates Pastuhoff and Nelkoff at the recent conference of the Socialist party. They presented documentary evidence of Bulgarian distress under the treaty and declared it was impossible for Bulgaria to pay all its obligations and take up the reconstruction work necessary after the World War.

The Bulgarian delegates pointed out that the League of Nations is helping Austria and Hungary and that, if the league was formed to help struggling nations, there was no reason why some degree of assistance should not be extended to Bulgaria.

WOODBURN SUIT OPENS MILLER ASKING \$20,500 FOR ALLEGED DAMAGES

A suit against the city of Woodburn for \$20,500 instituted by N. Miller, a resident of that city, opened in the circuit court yesterday before Judge Percy R. Kelly. A jury was impaneled and immediately left for Woodburn to view property owned by Miller which, he says, has been damaged seriously by sewage from the Woodburn mains. It is believed the case will be concluded today.

Miller declares the city of Woodburn empties its sewage into a creek which runs through his farm and that the increased flow has made his land wet, rendering it practically useless. The farm, he says, is composed of beaverdam land, the value of which is destroyed by the sewage seeping through the soil.

Miller places a value on the land of \$1000 an acre.

VARIETY SPICE OF SHOW FLASH AND PEP FEATURE OF VAUDEVILLE BILL

A combination of variety, another brilliant array of versatile entertainers will be seen at the popular Elks' theater today.

The headline attraction on this auspicious occasion is the Sue Emerson revue in "Bits of Variety," a combination of prelogous, nonsense dancing and harmony—a novelty study in black and white, full of pep, scenic effects, beautiful and costly costumes and a real flash metropolitan revue.

Paul Mix in "Unusually," a talented young man entertaining you with his own tricks, doing comedy singing, talking while roping. Roubie and Bentley, vocalists and musicians, in a pleasing repertoire of new and catchy melodies. Morris and Meyers, a versatile pair of comedy delineators with a song, a dance, and material that fits the offering completely. Gene Fowler, the "Act Different," with tricks and bits that seem impossible, but not to him, so we will have to hand it to Gene.

DINNER STORIES

A woman went to the bank and asked for a new check book. "I've lost the one you gave me yesterday," she said. "But it doesn't

matter. I took the precaution of signing all the checks as soon as I got it—so, of course, it won't be of any use to anyone else."

A party of New Yorkers were hunting in the "piney woods" of Georgia, and had as an attendant an old negro with a fondness for big words: One of the hunters, knowing the old negro's bent, remarked to him:

"Uncle Moses, the indentations in terra firma in this locality render traveling in a vehicular conveyance without spring decidedly objectionable and painful anatomically. Don't you think so?"

Uncle Moses scratched his left ear a moment, and replied, with a slow shake of his woolly head: "Mistah Gawge, the nubrance ob yo' words am beyon' mah jurisdiction."

A little boy one evening, after he had been put to bed, began to cry pitifully. To soothe him, Mary the maid, was sent upstairs.

After a short lull, the crying broke out again with renewed vigor, and the youngster's father was instructed to investigate the trouble.

"What's all this noise about, you young rascal?" he asked in mock anger.

"Well, Mary said if I kept on crying a mouse with great big green eyes would come and sit on the end of my bed. I've kept on crying, but it hasn't come yet!"

Japan to Extend Training for Army to High Schools

TOKYO — The military training of all students in Japan, which is embodied in the proposed national military training system, was commended recently in the normal schools of the empire. It is planned to extend the system to the students of the middle and other schools of the higher grade next year.

The estimated cost of inaugurating the program in the lower and higher grades has been estimated at 6,000,000 yen. It is hoped that the new system will be in operation by 1928. The military authorities will be asked to supply some 200,000 rifles to the different schools and young men's associations.

Germans to Build Large Memorial at Tannenberg

KOENIGSBERG—An imposing monument to commemorate the Hindenburg victory at Tannenberg is to be erected on the site of the battlefield. It will surround a smaller monument dedicated to the memory of the old Hindenburg regiment which now marks the scene of the battle.

The plan for the new monument was selected in a contest and was proposed by two brothers, Walter and Johannes Krueger. It will consist of an octagonal wall, 15 feet high and 265 feet in diameter, to encircle the present monument. Massive square towers 43 feet in height are to be placed at each of the eight corners.

A memorial hall for each regiment which took part in the battle will be provided and the ground floors of seven of the towers will be equipped as museums containing relics of the battle. The upper stories of the towers are to be arranged as living quarters for Tannenberg veterans who will be caretakers and act as guides of the battlefield.
