Sets 1926 Styles

See These Beautiful Models Now

The new Cleveland Six bodies represent the most finished handiwork of master craftsmen. Luxuriously spacious and handsomely appointed, they are unique in their aristocratic grace and beauty.

The new Cleveland Six is as sparkling in performance as it is smart in appearance.

Public appreciation of the power, speed and snap developed in its masterful six cylinder motor, grows by leaps and bounds.

More Clevelands went into the hands of owners the first six months of this year than in all of 1924.

-today's Cleveland Six stands alone and unparalleled for value.

If only for the sake of comparison, drive a Cleveland before you buy any car.

"One-Shot"

Lubrication System

Thousands of enthusiastic Cleve-iand Siz owners testify to the conven-lence and economy of the 'One-Shot' Lubrication System. Despite the high cost, this exclusive feature has been incorporated in the chassis of the new Standard Siz. You step on the plunger and oil every chassis part. No grease guns. No oil cars.

(Licensed under Bowen Products Corp. patents)

The **Balance Wheel** UBRICANTS of Motoring -**Consistent** Gasoline

The scientific balance of GENERAL Gasoline renders this fuel truly the "Balance Wheel" of motoring. GENERAL is refined by a unique process which admits of absolute control of the highly-volatile elements of the crude petroleum to an unusual degree. This, in turn, makes possible the production of a gasoline which, under the climatic conditions common to this region, will assure, from any engine, the most perfect performance of which that engine is capable. It adds wings to your car.
