

# County News in Brief

## Stayton

Some time between midnight and Sunday morning burglars entered Yeoman Brothers service station and made away with about \$100 worth of tires and \$10 in cash, nothing else being molested about the room. Entrance was made through a rear window, which was broken open with a grubbing hoe, and a 500 pound barrel of oil moved before they could get through the window. The robbery was discovered by Alva Davis when he went to open up Sunday morning. Upon finding the money till broken open, Davis notified the proprietors and an investigation was made. The robbery was a bold one as the station stands almost under the arc light at the corner and just across the street from the home of City Marshall Henry Smith. A search is being made for the guilty parties.

The battery shop of R. C. Wood was burglarized in broad daylight one day last week, when a number of valuable articles were stolen from the shop while the proprietor was busy about the place. Among the stolen articles were some radio batteries. Suspicion points to a party of tourists who were having some work done with Baker & Ryan next door, as they were in and out of the shop frequently. The party registered at a local hotel as "Jones and party" and are being sought for by Mr. Wood.

George Bell and two sons, Walter and Milton, have been taking a vacation the past week, spending the time at Newport where they enjoyed fishing and other beach sports.

C. E. Taylor returned last week from Guthrie, Okla., where he was called the first of the month by the death of his mother.

Mr. and Mrs. D. M. Doll of Dolli's Cash store returned from a two weeks' vacation trip last week and are back at their post of duty in the store. They made a tour of the beach resorts from Pacific City to Cannon Beach and report a very enjoyable trip.

John Millie and wife and Mr. and Mrs. Joseph Fisher arrived home Sunday from a trip through eastern Oregon. They visited Odele, Diamond and Crater Lake on the trip and enjoyed a pleasant vacation.

Mr. and Mrs. L. M. Case and Mr. and Mrs. L. S. Lambert enjoyed the band concert in Stayton on Friday night of last week. Lewis Alfred Loomis, a guest at the Lambert home, accompanied them.

Threshing was begun in a few fields last week and by the middle of this week all the machines in this end of the county will be in operation.

## Rosedale

A number of friends attended the funeral service of Nancy Pemberton which was held at the church last Sunday afternoon. Rev. Mr. Pennington of Newberg had charge of the service with Rev. Mr. Miller of Stayton assisting. The concluding service was held at the Rosedale cemetery.

Mr. and Mrs. Grant Teter visited Mr. Teter's parents, Mr. and Mrs. R. D. Teter.

Mr. Cannoy spent a few days at the coast last week with some friends from Stayton and California.

Mr. and Mrs. D. C. Bloom, Mrs. Irwin, Miss Lillian Bloom and Lela and Milford Cook went to Washington recently.

The Boje family enjoyed a short vacation recently.

Mr. and Mrs. Cannoy and family were the Sunday guests of Mrs. Cannoy's sister, Mrs. McCarter.

Mr. and Mrs. Johnson and son of Portland were Sunday visitors

## Hazel Green

at the T. D. Trick home. On Sunday evening a group gathered to celebrate Velleda Trick's birthday.

Mr. and Mrs. Blinston and family left Monday for an extended stay at the coast.

The interest in the revival services held by Rev. and Mrs. Turley continues to grow. The attendance being better; 28 professions to date. The subjects for the week are as follows: Wednesday night, The Man Who Wanted to Get Back Home; Thursday, The Men Who Halted; Friday, You Will Be Found out; Saturday, A Mountain Top Experience; Sunday morning, Joy Restored; Sunday night, Hindrances; Mrs. Turley has song service and story hour for the juniors each evening. On Friday evening in connection with song service, Mrs. Turley will play a number of piano selections.

Mr. and Mrs. James Wilson went to Marion Sunday.

Mr. and Mrs. Jack Hall spent the week-end at the coast.

Mr. and Mrs. C. N. Inman of Stayton visited Miss Carrie Johnson Thursday at her brother Albert Johnson's home.

Mr. and Mrs. Crow of Idaho are visiting their daughter, Mrs. T. A. Van Cleave.

Mr. and Mrs. Creighton and daughter Bernice of Corning, Cal., are visiting Mrs. Creighton's sister, Mrs. T. A. Van Cleave.

Miss Hulda Stripling has returned from visiting her sister, Mrs. Everett McRae of Stayton, and is visiting Mrs. G. G. Looney during the revival meeting.

W. O. Zelinski and Louis Kobow began threshing with their machines last week.

Mr. and Mrs. J. C. Shneider had as guests Sunday Mrs. Shneider's parents, Mr. and Mrs. Burkhardt of Shaw, Mr. Bohm of Portland, Miss Spencer of Shaw and Mr. and Mrs. B. C. Zelinski and children.

Mr. and Mrs. Smith of Portland were visitors at W. O. Zelinski's Sunday.

Mr. and Mrs. Dodson of Grants Pass attended the Baptist association at Astoria. Returning they visited W. G. Davis. Miss Wilma Davis accompanied them as far south as Roseburg where she will visit her sister, Mrs. R. Slater.

Those who attended the Van Cleave reunion at Joseph Van Cleave's near Monitor Sunday were Mr. and Mrs. John Van Cleave and Frank Van Cleave, Mr. and Mrs. Ralph Van Cleave and children, Violet, Vera and Delbert; Alvin Van Cleave and wife and children, Marion and Geneva; Mr. and Mrs. Lester Van Cleave and children, Virginia, Kenneth and Melyin; Mr. and Mrs. Charles Van Cleave and children.

In Roy Van Cleave and Guy Allen Looney are at Neskwim at YMCA camp.

Frank Van Cleave has returned to Spokane, Wash.

Mrs. Wilson of Stayton was a week-end visitor of Mrs. T. A. Van Cleave.

Mr. and Mrs. C. A. Kobow visited Mrs. Kobow's mother, Mrs. Shaffer of Quinaby, Sunday.

## Livesley

Fred Query and family of Vancouver, Wash., were visitors last week with Mr. and Mrs. C. D. Query.

Mr. and Mrs. A. W. Elders of Mill City spent Sunday with Mr. and Mrs. J. O. Walker.

A Burden and family have moved into the Leonard Zielke house.

Mr. and Mrs. Nobel Henningsen of Portland were Sunday visitors with their mother, Mrs. Julia Henningsen.

Mr. and Mrs. Bud Stutesman returned home Wednesday eve-

## Sidney

Tom Hampton is busy getting busy putting his second cutting of alfalfa in his fine dairy barn. Hay is of a very fine quality and he will have another cutting. He says alfalfa is a good crop to keep a man busy from June to September.

Mr. Andersen of Stayton was a Sidney visitor Thursday. He wants No. 1 cream for his creamery that is to start August 1 and will pay top price for that kind.

B. Simpson and son started their new threshing outfit at work Monday. Ben has an up-to-date outfit with a large Russell tractor for power, and will keep his reputation for getting, saying and cleaning all the grain possible.

Mrs. E. B. Cochran is visiting at the Green home in Cottage Grove. This leaves E. E. and E. B. to batch, and unless the grub contributions exceed all expectations the Cochran ranch will be a No. 1 place to steer shy of—at meal times.

Charles Mier and son start their threshing this week. The reliable Advance with Charley tending her, always has done and will continue to do good work.

Just think of it! The farmers and consumers ought to be happy. Are the machines all over the country turning out silver dollars for the farmer; \$2.50 gold pieces for the millers; \$5 bills for the profiteers and high cost of living for the consumers? If so, why?

T. S. Webb, the stock buyer from Stayton, was in this neighborhood Saturday looking for stock. Webb buys lots of No. 1 fat stock for Stayton markets.

For lack of hog-light fences on the R. R. right of way, many bushels of grain go to waste yearly that might be utilized for hog feed.

## Cloverdale

Mr. and Mrs. M. Fliflet and their two sisters from Wisconsin, who have been visiting here this summer, left here Wednesday for Seattle to visit friends. They will stop for a short visit at Winlock to visit with Victor Fliflet and family.

Mr. and Mrs. Will Morris and family spent Sunday on a picnic trip beyond Aumsville.

## APPLCATIONS RECEIVED

Applications for certificate of titles are being received by the secretary of state at the rate of from 3,000 to 5,000 daily and it will require the issuance of from 2,000 to 3,000 a day up to December 1 to provide motor vehicle owners with the certificates prior to making application for the 1926 auto licenses.

The new law, enacted by the last legislature, is for the protection of title of motor vehicles and to regulate the purchase, sale or transfer of ownership of motor vehicles. According to an estimate of Sam A. Koser, secretary of state, the end of the present year will find between 210,000 and 215,000 motor vehicles in the state.

## Pringle District Roads Get Many Compliments

Much favorable comment is being passed by those who have had occasion to drive in the Pringle district lately as to the marked improvement in several of the county roads, and the efficient supervision of T. L. Davidson, a beautiful stretch through the state school for girls has been graded and surfaced and will form a part of the loop connecting the institute for feeble minded, boys' training school, the tuberculosis hospital and the asylum farm.

Another stretch of about a mile has just been paved toward the Pringle school, and the road crew is now engaged in making an extensive cut and fill in the immediate neighborhood of this school. The county court will probably extend the present paving for some distance along this road next year.

## COUNTY IS REPRESENTED

THIRTY-TWO ATTENDING OAC SUMMER SCHOOL

OREGON AGRICULTURAL COLLEGE, Corvallis, July 28.—Marion county is represented by 32 students at the OAC summer session. The total enrollment is 690 including the fee paying auditors and special music students. In addition 453 boys and girls attended the junior summer session and several hundred are registered for swimming only. This makes the total number of students served by the college during the summer session more than 1200.

The college is one of the institutions selected by the United States Indian service for the Indian school teachers to attend during their educational leave. Thirty-five men and women, instructors in Indian schools from North Dakota, South Dakota, Idaho, Montana, Washington and Oregon are in attendance.

The billing and cooing doesn't end with the honeymoon. At worst only the cooing stops.

# THE BEST OF ADVICE

BY CLARK KINNARD

SYSTEMATIZED KNOWLEDGE

The misty mind, vaguely disturbed by the absurd proceedings in Dayton, Tennessee, is likely to ask,—Just what is science?

The question resolves itself finally to—what are the conditions of a science, and when may any subject be said to enter the scientific stage?

Specifically, science is accumulated and accepted knowledge which has been systematized and formulated with reference to the discovery of general truths or the operation of general laws; knowledge classified and made available in work, life, or the search for truth.

James Anthony Froude says a subject enters the scientific stage when facts begin to resolve themselves into groups; when phenomena are no longer ISOLATED EXPERIENCES, but appear in CONNECTION AND ORDER; when, after certain antecedents, certain consequences are uniformly seen to follow; when enough facts have been collected to furnish a basis for conjectural explanation; and when conjectures have so far ceased to be utterly vague that it is possible in some degree to foresee the future by the help of them.

Until a subject has advanced as far as this, to speak of a science of it is an abuse of the language.

Let us look at the history of astronomy.

So long as the sun, moon and planets were supposed to be gods or angels; so long as the sword of Orion was not a metaphor, but a fact; and the groups of the stars which inlaid the floor of heaven were the glittering trophies of the loves and wars of the Pantheon,—so long there was no science of astronomy.

As soon, however, as it was observed that the stars retained their relative places; that the times of their rising and setting varied with the seasons; that sun, moon, and planets moved among them in a plane, and the belt of the Zodiac was marked out and divided,—then a new order of things began.

Traces of the earlier stage remained in the names of the signs and constellations, just as the

early mythology survives in the days of the week; but for all that, the understanding was now at work on the thing, science had begun, and the first triumph of it was the power of foretelling certain things in the future.

Eclipses were perceived to re-occur in cycles, and astronomers were able to say when an eclipse was looked for.

The periods of the planets were determined. Theories were invented to account for their eccentricities; and, false as those theories might be, the positions of the planets could be calculated with moderate certainty by them.

Froude points out that the very first result of the science (of astronomy) in its most imperfect stage, was a power of foresight; and this was possible before any true astronomical law had been discovered.

The important thing to get in your head about science is that the man of science believes in justification, not by faith, but by VERIFICATION.

GET BUILDING PERMITS

NEARLY \$15,000 REPRESENTED IN LAST TWO DAYS

Building permits totaling \$14,980 have been issued by City Recorder Mark Poulsen in the past two days, city records show. Eight permits have been issued, four of which are for the erection of new homes.

Added promise that building records for the month of July will mount high was given yesterday with the announcement of Dr. H. H. White, whose offices are now in the United States National bank building, that he will erect at once a \$40,000 office building at the corner of Chemeketa and Church streets. Dr. White will occupy the entire building which will be of the latest modern construction.

Permits were issued by the city recorder Monday and Tuesday as follows:

H. A. Miller, for the erection of a one-story dwelling at 850 North Sixteenth, to cost \$2800.

Miles H. McKey, for the erection of a one and one-half story dwelling at 1540 Center, to cost \$4,800.

A. C. Eoff, for the erection of a one-story dwelling at 1415 South Twelfth, to cost \$2700.

H. W. Pierson, for the erection of a one-story dwelling at 1135 Gaines, to cost \$1500.

Cherry City Milling company, for the repair of their warehouse at Trade and High, to cost \$700.
