

STEIWER IS BOOMED FOR UNITED STATES SENATOR

FRIENDS RISE IN SUPPORT OF EASTERN OREGON MAN

Attorney Is Considered Strong Contender by Many State Politicians

As political rumors increase more and more noise comes from the Steiwer camp for United States senator, and many of the state's politicians are beginning to consider Steiwer as a strong contender in the senatorial race.

His friends assert that Steiwer will be particularly strong here in Marion county, where he was born and raised—near Jefferson. He is a son of one of Marion county's pioneers, J. F. Steiwer. He attended school at the Oregon Agricultural college and, after graduating from that institution, entered the University of Oregon where he graduated in 1906. He then studied law, first in Eugene and after that in Portland in the office of Snow & McCamant. After his admission to the bar he went to Pendleton, where he became associated with Judge Gilbert W. Phelps as a partner in his law firm when the late Judge John McCourt went to Portland to assume the office of United States attorney. He served Umatilla county as district attorney and was one term in the state senate; and through his untiring efforts and natural ability, has established himself as one of the leading members of the eastern Oregon bar, and is one of the active and prominent citizens of that section of the state.

When the World war came, Steiwer left his law office and his family for service overseas, where he served as a first lieutenant in the field artillery. Since his return he has been a member of the firm of Raley & Steiwer, at Pendleton, and has been very active and popular in the organizations of the American legion.

He has a broad acquaintance here in Marion county because he was born here; in Benton county where he went to school at OAC; in Lane county where he attended and graduated from the U. of O. in Multnomah county where he studied law and throughout eastern Oregon where he has practiced law.

SENATORS PLAY SHIPMEN

CRUCIAL GAME IN LEAGUE AT LOCAL PARK TODAY

In the crucial game of the season, the Senators will meet the Luckenbach ship team of Portland at Oxford park this afternoon. A win today clinches the championship of the Interstate league while the visitors must win two games in order to throw the series into a

tie and force a play-off. Albany meets the Luckenbach team next week, and should the Linn county team defeat the shipmen, the Senators will automatically fall heir to the title.

Ashby will probably start the game for the Senators, with Barham being held in reserve, according to Frisco Edwards, manager. Unless a play-off is necessary, this will be the last game of the season for the Senators.

Safe Days

THOSE WERE THE DAYS of the horse car. How in harmony it was with the spirit of the times—for nobody hurried.

Today it seems that we have reached the apex of speed—for nobody tarries.

With modern inventions and modern speed, tomorrow's successor of the horse car will slide across the trackless skies driven by a propeller with two hundred horse power to the blade.

But with this modern speed accidents and fatality have increased a hundred fold.

You should not neglect to insure against them. There is a way to be safe. Let us tell you how.
