**Shur-on SPECTACLES & EYEGLASSES.**

For the difference they make—select your glasses with care  
"WHY, I hardly knew you—your glasses change you so!" is as usual a comment on the weather. But it strikes a big truth! Spectacles and eye-glasses do make a difference in appearance. Whether the change is for good or ill depends upon their agreement with your face, your costume and the occasion.

But the formula for being attractively fitted is quite simple. Ask us about spectacles and eye-glasses for wear at business, at sports and in the evening. Besides good style and comfort, you will thus get absolute accuracy in manufacture, and scientific precision that cannot be challenged.
