piece and W. W. Cooley is third with 134.

Interest is being aroused in Silverton over golf and, although nothing definite has been done, it is possible that a nine hole course may be laid out, Several meetings by golf cathulasts have been held recently and a number of plans discussed. Should the making of a links be decided upon it is probable that a tract of land would be leased for a number of years and a club financed by the selling of stock and by yearly

Fields about Silverton are being rapidly cleared of grain shocks as hold goods. Our specialty is piano and forniture moving. We also make country trips. We handle the best coal and wood. Call on us for prices. We give farmers are to the effect that yields are not equal to those of last year. Wheat, in general, last year averaged around forty bushels to the acre and some varieties went as high as fifty or over. This year average yields are from twenty to thirty and the best about thirty-five.

The same decrease is shown in the yield of oats also fifty to sixty bushels to the acre this summer against seventy to ninety of .. last year. The grain appeared very promising this spring but a late cold spell while the grain ... was still growing and a few days of extreme heat in the early summer as the heads were filling out caused the yields to be considerably less than was at first expected. Stalks are as tall or taller than usual so there is no lack of

straw. It is reported that Silvertan-Salem road through the Brush Creek district is to be improved from the city limits to Scandia at station. The work done will be . scarifying, grading, rolling and graveling. In the spring, it is said, a mile of pavement is to be

PERSONALS
